Mr. and Mrs. William Wiles, of Murray, drove up Sunday to spend the day with Mrs. Wiles' parents, Mr. and Mrs. Charles Lau and family.

George Thierolf, a prominent farmer of Holt county, 25 miles from O'Neil, visited his sister, Mrs. William Gobelman, over Sunday. Mr. Thierolf came down to bring a car load of stock to the Omaha market.

Mr. Terryberry recently sold a fall yearling Poland China brood sow to Louis Friedrich that weighed 430 pounds and one sow 11 months old that weighed 320 pounds. The price paid was \$75 each, and a third one, 11 months old and weighing 310 lbs., brought \$50. He says he has some old brood sows that will weigh 800 pounds each.

Little John Warren Stander, the four-year-old son of Mr. and Mrs. P. C. Stander, had the misfortune to dislocate his arm at the elbow last Friday while they were having some wood unloaded at the house. Chloroform was administered to him while the arm was put in place and he is getting along nicely and bears his trouble like the game little kiddie he is.

Marion Reihart returned home on Monday from the Methodist hospital in Omaha, where he has been under treatment for several weeks for a nervous breakdown. He is looking good and is feeling greatly improved and his many friends hope that with the coming of warm weather, when he can be out doors most of the time, that he will continue to gain and soon be restored to his usual good health.

Mrs. William Wegener underwent an operation for rupture at the Methodist hospital in Omaha last Friday evening. She went to Omaha that morning, accompanied by Mr. Wegener, Dr. E. H. Worthman and her pastor, Rev. T. Hartman, making the trip in her son, John's car. She is getting along very well. Her son, John and Albert, and her son-in-law, George Heil, drove up to see her last Sunday and found her very cheerful and comfortable.

### WEeping WATER

Republican

Ole Olsen says things are looking a little brighter at his quarry than they were a week ago. They have been handling a small order for the Missouri Pacific and working five or six men. Ole says he will add more to the force as fast as possible, and that married men are given preference.

At a meeting of the Farmers Union at Wabash last Saturday they elected Eugene Colbert as manager of the elevator at that place. Mr. Colbert will commence his duties March 15th. This does not mean that we will lose the Colbert family from Weeping Water as Mr. Colbert will handle the work by driving to Wabash and back when the weather will permit.

Two cows out of the twenty Dr. W. H. Truck examined in town failed to pass and under the state law these cows will be taken to Omaha and slaughtered under government inspection, subject to three classifications, viz: First, the meat may be passed on for food; second, it may be sterilized and used or third, condemned. In the latter case it goes for fertilizer. One of these cows belonged to E. B. Taylor and the other to A. E. Barber. In testing Paul Gerard's herd, one cow failed to pass. The cows were taken to Omaha Tuesday by Truck.

Fred Garrison received a badly mangled foot and ankle and other serious injuries last week which will keep him up for some time. While tearing down some trellis and form work used in a cement bridge at Portal, the structure gave way and he went down with the timbers. His foot was caught between the timbers and a cement wall and at first it was thought his collar bone and two ribs were fractured, which probably was only a bad sprain and bruise, as he was able to come home Monday night on crutches. Mrs. Garrison and Mrs. Isaac Reed went to Omaha Monday morning and assisted him in getting home.

Miss Anna Penterman of Elmwood and Harry Wright of this city were quietly married at Elmwood at the home of the bride's brother, H. G. ### MODERN WOODMEN MEET

From Thursday's Daily.  
Last evening a very interesting meeting was held by the members of Cass Camp No. 332, Modern Woodmen of America. The chief portion of the meeting was devoted to the plans for the big class initiation that is to be held in this city on March 9th and at which it is hoped to have a number of the leaders of Woodcraft in the state present to assist in the work.

### A Good Medicine for the Grip

George W. Walt, South Gardner, Me., relates his experience with the grip. "I had the worst cough, cold and grip and had taken a lot of trash of no account. Chamberlain's Cough Remedy is the only thing that has done me any good whatever. I have used one bottle of it and the cold and grip have left me."

### SAYS SHE HAD HER SHARE OF TROUBLE

For Five Years Des Moines Woman Got No Relief from Her Misery—Feels Fine Now.

"I am so well pleased with Tanlac that I wish everyone knew its value like I do," said Mrs. T. P. Ballard, of 1520 Locust street, Des Moines, Iowa.

"I have certainly had my share of suffering, for I had been in bad health for nearly five years, troubled in one way or another just about all the time. My appetite had almost entirely left me and I could eat barely enough to keep me alive. My stomach was disordered and my heart would palpitate fearfully and I would get so short of breath that I felt like I would choke to death. I suffered dreadfully from headaches, and if I stooped over I became so dizzy that I almost fell down. My nerves seemed to be all unstrung and frequently I became so excited that I dropped everything I had in my hands.

"But Tanlac has restored me to as good health as I enjoyed years ago. I feel perfectly well in every respect, and nothing at all ever troubles me now. My appetite has returned and what I eat digests properly. My heart action is normal and my breathing is free and easy. The headaches and dizzy spells are all gone and my nerves are steady. It is a pleasure for me to recommend Tanlac, and every time I tell anyone about it, I feel that I am doing them a favor."

Tanlac is sold in Plattsmouth by F. G. Fricke & Company; in Murray by the Murray Drug company and the leading druggist in every town.

### A SALE A DAY—AND SOME TO SPARE

Col. W. R. Young, the popular Cass county auctioneer is being kept more than busy with public sales in this portion of Nebraska and Iowa. Averaging nearly a sale a day during the past several months, Mr. Young is now booked almost solid to the 1st of March, with two daily part of the time. Mr. Young's ability in the sale ring is too well known to require comment and his long list of speaks during the present season bespeaks his success.

### NEBRASKA CITY WINS

In the basket ball game at Nebraska City last evening the local team met defeat after a very strenuous battle and which resulted in the final score of 25 to 21 in favor of the Otoe county representatives. The attendance is reported to have been quite large and several auto loads from this city were in attendance to enjoy the occasion. The playing of both teams was of the best and the local suffered a great deal from the fact of the smallness of the playing auditorium.

### FATE OF MINERS SEALED

Duquoin, Ill., Feb. 24.—The fate of seven men caught in the burning Kathleen mine at Dowd, five miles south of here, was decided today. The men who were sealed to the dead in the flames, Frank Rosbottom, state mine inspector, ordered this action after rescue squads had reported there was no other way to check the fire. The fire started yesterday afternoon.

### COMMUNITY PRAYER SERVICES.

From Monday to Friday evening at 6:15 to 6:45 meetings will be held in the public library to which all are invited.

These meetings are for worship and prayer and will be presided over by one of the five protestant ministers of the city. No announcements will be made as to who will be the leader each evening—come and find out.

By beginning promptly at 6:15 and closing at 6:45 it will be possible for anyone having other engagements to attend both.

Certainly every thoughtful person will want to make an effort to be present and in the spirit of prayer. The hour may seem unusual and hard for some to adjust themselves to, but a little sacrifice, if needed, thirty minutes each day in order to get away from the every minute problems will bring its own reward in added spiritual strength which will come out of such a concerted effort on the part of all.

Why not fill the library auditorium to capacity the first evening and every other during the week. The place is central and the time is possible to adapt ourselves to. Our presence is the thing to work for.

Mrs. Lloyd Younker and little babe departed this morning for Ogallala, Neb., where the family will make their home in the future. Mr. Younker is already there and has the home arranged for the arrival of the family.

Mr. and Mrs. Peter Vugler, of near Manley, were in the city today for a few hours looking after some matters of business, accompanying Mr. and Mrs. O. Schiefert, also of near Manley, who motored up in their car.

### EX-GOVERNOR SHELDON VISITOR HERE

Former Nebraska Executive Who Has for Past Twelve Years Been a Resident of South Home.

Yesterday afternoon George Lawson Sheldon came over from Nehawka where he is visiting with his relatives and friends and spent a short time here visiting with his acquaintances at the court house and over the city.

Mr. Sheldon has for the past twelve years been making his home in the south, owning an extensive plantation near Wayside, Mississippi, which is located in the famous delta country along the Mississippi and one of the most fertile spots in the state. He is in the north to visit with his two daughters who are attending the university of Nebraska and to renew once more the acquaintances of the old friends and neighbors in this portion of Nebraska.

Incidentally Mr. Sheldon is one of the legislators of Mississippi as he was elected to the state legislature by the overwhelming vote of his constituents although he is still a republican in politics and which is not the most popular political doctrine in the state he is now residing in.

In passing it is a pleasure to remark that in the passing of time the history of Nebraska has recorded no more fearless or able chief executive than George Lawson Sheldon and Tanlac. From 1905 to 1909 marked the most progressive period in the history of the state and his term marks the breaking of the power of the vast railroad interests that once dictated to the state executive and legislators on what they should or should not do. Among the measures that were enacted under his administration were the anti-pass and the two cent railroad fare laws which have stood in force until the interstate commerce commission took away from the state the right to regulate the rates in the state. The people of Cass county and of Nebraska have a right to feel proud of the record made by George Sheldon and the Mississippi community is fortunate in having him as a resident.

### Solons Seek to Interest People of State in the Use of Corn to Stimulate the Market.

Lincoln, Feb. 23.—A "corn meal week" to be observed in Nebraska during the week from April 4 to 11, as a means of bringing relief to the farmers of the state who find their bins filled with unmarketable corn, is proposed in a resolution introduced into the house today by Representative Osterman of Merrick, democrat.

### UNION ITEMS

### (Continued from Thursday's Issue) Home Burned Saturday Night

Last Saturday night, while Robert Shrader and family were away from home they being at the home of Homer Shrader, where Geo. W. Shrader is sick, their home burned, and was noticed being on fire about 9:30. The neighbors immediately gathered, but there being no means of fighting the fire, the home was entirely consumed. There was some insurance thereon, but not enough in any way to pay any per cent hardly of the loss which was near \$5,000. The house had been constructed but about two years and was a modern home with the exception of light and water. This comes as a heavy loss on Mr. Shrader and especially when the price of farm products are at such a low level.

### Getting into the Work.

The Rev. Samuel Miller, who recently moved to Union and accepted the charge here, coming from Peru, delivered two very fine discourses at the Baptist church last Sunday. It has taken Rev. Miller some time to get moved and straightened up at home and he is now ready to take up the work here in earnest and will try in the near future to make visits to all the homes of the congregation and in fact to all others with the end in view of doing all the work for the community possible.

Attended Funeral in Iowa.  
Mrs. D. C. La Rue, who was called to Macedonia, Iowa, by the death of one of her little nephews, Clifford LaVerne Jones, returned home Tuesday after remaining for the funeral. Regarding the death of Clifford, the Macedonia News had the following to say:  
"Clifford LaVerne Jones was born April 4, 1909, and died February 10, 1921, aged 11 years, 10 months and six days."  
"Clifford had recovered from an attack of scarlet fever but three weeks prior to his death, when he suffered from typhoid, which developed a disease of the heart, that no earthly physician was able to cure."  
"The funeral services were conducted at Macedonia, Iowa, under the direction of Rev. McElroy, pastor of the M. E. church, with which Clifford was united upon his arrival at Macedonia, while making his home with his only sister, Mrs. O. D. Boruff. Six of his little school playmates, carried the casket in which their little friend was at rest to the cemetery where it will rest in peace."  
"Clifford was very patient and hardly realized it was time for the Master's call. He met the end of life's service without suffering, prepared to meet his Creator in that undiscovered land where there are no tears to dry."  
"His parents, Mr. and Mrs. W. F. Jones, of sister, Mrs. O. D. Boruff, brothers Roy, Robert, Guy, Roland and Clifford, who are left behind, cherish a fond recollection of the virtues of their departed son and brother."  
"Relatives who were present at the funeral were, Mr. R. E. Jones and Mrs. D. C. La Rue, an only brother and sister of W. F. Jones; a niece, Mrs. M. M. Freeman and Mrs. W. I. Baker, sister of Mrs. Jones. Roland was the only member of the family absent on account of having undergone an operation in the Methodist hospital at Omaha, from which he is nicely recovering."  
"Many kind messages and expressions of sympathy were extended, which the family deeply appreciate."

Mrs. D. C. La Rue, who was called to Macedonia, Iowa, by the death of one of her little nephews, Clifford LaVerne Jones, returned home Tuesday after remaining for the funeral. Regarding the death of Clifford, the Macedonia News had the following to say:  
"Clifford LaVerne Jones was born April 4, 1909, and died February 10, 1921, aged 11 years, 10 months and six days."  
"Clifford had recovered from an attack of scarlet fever but three weeks prior to his death, when he suffered from typhoid, which developed a disease of the heart, that no earthly physician was able to cure."  
"The funeral services were conducted at Macedonia, Iowa, under the direction of Rev. McElroy, pastor of the M. E. church, with which Clifford was united upon his arrival at Macedonia, while making his home with his only sister, Mrs. O. D. Boruff. Six of his little school playmates, carried the casket in which their little friend was at rest to the cemetery
