## THE OPEN DOOR!

At this Bank the door to the officers' room is always open, and this, in a sense, is typical of the spirit which pervades the entire place. Austerity, that professional coldness which one sometimes connects with financial institutions, is forgotten here in the general desire of every officer to meet the people of this vicinity as fellow citizens and to serve their needs, regardless of whether they be little or large, with courtesy and consideration.

If we can serve you in any capacity do not let the relative smallness of your possessions prevent you from consulting us; rather let it encourage you to do so.

If you wish to open a savings account our facilities are at your command. Our advice and experience are yours to draw upon.

YOU'RE ALWAYS WELCOME HERE

## Bank of Union NEBRASKA

## Had Built a Boat.

It is not an ark, neither a man of war, but probably one of the emergency fleet which we have heard so much about of late. However, Ira Clark who is the workman, otherwise than a barber, but as we say he is a barber worthy of the name, has constructed the boat for the purpose of hunting, as he is a sportsman, and the winter and fall calls him to the wild, he is not deaf to the call, and prefers to go prepared, so has an excellent boat for the purpose. Now we do not know when it will be christened or what the name will be, but we can vouch for the boat being much nearer base of supplies when the time comes, than the craft which has just been constructed at Murdoch, but which will be used for fishing purposes, for breaking the glacial liquid over her bow.

## Burglar in Barber Shop

Last Friday night a man was wanting a soap, or something in the barber line, forced an entrance in the rear of the shop of Ira Clark and appropriated some few books which he had inadvertently left at the shop. Mr. Clark has not been in the habit of leaving money in the shop, but just at the time when he did, some one comes along and saps up the hard earnings of the barber. Evidently there are a few sneak thieves left in this country.

## Entertained the Epworth League

At the home of her parents north of town, Miss Naomi Vaungay, with her parents, Mr. and Mrs. E. J. Mangray, on last Friday, entertained the members of the Epworth League of the Methodist church at a most enjoyable evening, where games were played and singing and music indulged in, and the most pleasant evening was enjoyed by one of the finest suppers which could in no way be improved. All the crowd present to enjoy the occasion were led in their praise of the most delightful occasion which was given by their friends.

## Instructors Entertained Thursday

A very beautiful home in Union, Mrs. J. D. Cross entertained the members of the faculty of the Union schools and other friends, at a most pleasant evening, where games and music predominated and which was brought to a fitting close by a most delightful luncheon and which was enjoyed by the instructors who appreciated the fine entertainment which their friends furnished them.

## Were a Little too Quick

While Derwood Lynde was moving his household goods from the place where he has been living, to the J. W. Taylor place on east Main street, the team which he was using contacted a log and was thrown overboard, and accordingly, they went. He made a grab for the lines but missed them by about two feet, and the team came down the main line and made their way to the ball park, where they were stopped by workmen. No damage was done.

## Putting Park in Shape

A number of the fans and those interested in the ball, met at the park last Monday afternoon and worked on the diamond, putting it in excellent condition for playing, and they expect to have a game there the coming week. We are hoping that Union may put up an excellent game as we well know they will. There is strong talk of forming a league with other teams of the county and some from Ohio.

## Play First Ball Sunday

The Union ball team played the first game of ball last Sunday with the team of Nehawka at that place. The prevailing high winds sapped the game of much of the anticipated enjoyment for the fans which accompanied the team. However, in the contest the Union team won and this should be a good omen for them, and they are hoping that they may continue to win in the future. The line up for Union is as follows: R. Davis, second; Earl Hathaway, catcher; Bruce Wolfe, short; Wayne Lewis and Ira Clark, right; Russ Johnson, center; Bob Eaton, pitcher; John Hoback, first; Wm. Crawford, third, and Derwood Lynde, left. Raymond Hathaway played in the right field in the ninth inning.

Nehawka's line up was: Krenlin center, Rutledge, left; B. Johnson, third; A. Johnson, pitcher; F. Miller, short; M. No first; Grifith, catcher; Whitman, second, and Lester Hoise, right. The runs recorded by the Nehawka boys was 11, while the Union lads pounded out fifteen.

## Union School Notes.

Ruby Mead visited school Monday afternoon.

Gerardine Roddy was absent part of last week.

Pearl Eaton was absent from school on Monday.

The new song books were put to use on Thursday morning.

## Rev. Miller gave a very interesting talk on "Habit" on Wednesday morning.

Winona Dysart was absent from school Monday and Tuesday on account of illness.

The fire drill was observed last Thursday. It took some minute, and five seconds to clear the building.

The high school was dismissed on Friday to allow the teachers to attend the district teachers' association.

Mr. M. S. Briggs of the Plattsmouth Journal, gave a very interesting talk before the assembly on Monday morning and offered \$1 to the student who would write the best definition for "education."

## 'DOUG' HAS NO INTENTION OF RETIRING

Unfounded Rumors Relative to Fairbanks' Future Productions Have No Foundation.

Recently there has been no end of rumors going about the country that Douglas Fairbanks has gotten tired of real work and the producing of pictures, and like the ninety-nine per cent of all such stories they have no foundation.

The fact of the matter "Doug" has just really begun to do his best work, he having at last been freed from the necessity of turning out pictures on a schedule, by reason of the fact that he owns his own producing company, with all of his product marketed by the United Artists. Because of this he has been enabled to expend far more time on his productions, thereby making them far superior to any that he made in years past, and because of their greater degree of perfection has been enabled to attract more fans to his field of popularity, making his pictures more valuable and because of that it is possible for him to expend far more money on everything he does. He no longer works for a salary, he gets profit from his pictures which are sold individually from all other productions marketed by the "Big Four," and solely on the merits of his production.

"Doug" is happier in his new atmosphere than ever before and he does not seem to be to retire from the screen, he has just begun and said, "Oh! such talk is preposterous."

"The Mark of Zorro" is Fairbanks' latest United Artists release which is to be the feature at the Paramount Theatre Friday Saturday and Sunday, with matinee at three o'clock Saturday and Sunday.

Immediately after he had completed that picture he was hard at work on another and was making arrangements for additional pictures that will be distributed by United Artists.

## UNABLE TO ACCEPT MEMORIAL

Washington, April 4.—Announcement that the American legion and Knights of Columbus are unable to reach an agreement for the erection here of a great war memorial, for which the latter organization was to furnish the funds, was made today by a meeting of the supreme board of directors of the knights. The legion, it was announced, had informed the Knights of Columbus that it could not accept the offer of \$5,000,000 because of certain stipulations and the knights had later decided against modification of its original offer.

Coincident with the announcement, the board announced that the knights had made plans for a wide extension of hospitalization work for disabled veterans which was not expected to reach its peak until 1928.

Ernest Trumble was reported quite ill last Saturday, but is back on the job at the bank.

The wind last Friday night blew down an old barn for Robert Alloway, and Saturday night his new chicken house was tipped over, but evidently not by wind.

We are informed that our old friend, Fred Welch, suffered another stroke of paralysis Monday and is in a very critical condition, as this is the second stroke he has had in late years. We are hopeful that he may recover.

Will Caddy has been laid up with pneumonia for the past week and Harry Trunkenbolz has been doing the janitor work at the school house. We understand Mr. Caddy is improving at this time. A trained nurse has been on the case.

A telegram from Denver Tuesday afternoon conveyed the information that Anna Willa was very dangerously ill and summoned her father and mother to her bedside. Mr. and Mrs. Trunkenbolz and George Trunkenbolz left at once. A telephone message later said the doctors held no hope for her, though a later message received Wednesday said she was resting easy after the operation. The hope conveyed in this message, however, was of short duration, as a telegram at noon, summoning her brother, Doc, confirmed the seriousness of her condition.

## PICTURES IN NEAR FUTURE

The Omaha Bee is preparing to publish a page of Plattsmouth pictures in its Sunday rotogravure section in the near future and has written its local staff representative to make arrangements for securing the photos. A tentative list of those to be forwarded includes the Masonic home, O. K. garage, Wagner hotel and Parmele theatre, Coates block, T. H. Pollock garage, public library, high school, court house, Coronado apartments and birds-eye view of the Burlington shops.

## LINCOLN COUNTY, COLORADO, LAND FOR SALE!

Lincoln county, Colorado, farmers harvested an excellent crop of wheat the past season.

Come, see land where in many instances one crop will pay for the land. We are making trips every Saturday. Call and see L. R. Upton for arrangements and particulars. The best land in the west and at a price which anyone can afford to pay.

## CHAS. BOWDISH, Union, Nebr.

## Economy the Watch Word!

Yes, it is true economy to purchase your implements of the Farmers Co-Operative Elevator company. We purchased an exceedingly good line of John Deere farming implements some time ago in anticipation of this year's needs and can save you money on them.

We carry a good line of horse drawn implements, which we are offering at a very narrow margin on account of the prevailing high prices. We can supply you needs in plows, (walking and riding) harrows, discs, cultivators and listers.

If you want power machinery we can also furnish it, as well as home power plants. Let us know your wants—we'll do the rest.
