The Service of Banks!

Banks provide the only safe depositories for money. They are the merchants of credit without which business could not be maintained.

Farmers could not market their crops, merchants could not buy their goods without the banking system.

The modern bank is the product of an advanced civilization. It endures because it enjoys the good will and confidence of the people that it serves.

The most pleasant of the society affairs during the past week. Those who were in attendance were loud in their praise in the manner that the ladies of the Baptist church handled the matter and for the delightful eats which were provided. Nothing to be surprised at for the ladies of the Baptist church and of all Union for that matter, always provide something very fine when it comes to eats.

Ladies Missionary Will Meet.

The ladies missionary society of the Baptist church will meet the coming Thursday afternoon with one of their members, Mrs. Jennie Frans. A very interesting afternoon is promised. Better be there and enjoy the meeting.

They Found Some Fish.

Last Friday, (and by the way, Friday is just as good a day as any for fish) Dan Lynn and wife, W. A. Taylor and wife and Geo. Hastings, who was visiting here, went down on the Weeping Water creek near what is known as the Everett bridge and spent a few hours fishing. Luck was with them and their catch was nearly two score. While the men were just as still as any mouse and used the best of bait, they could not win the carp or trout, or not even the bull heads to their hooks, and while on her own way, Mrs. W. A. Taylor not making any pretenses, some twenty of the inhabitants of the W. W. came asking that she would lift them out on dry land and this she did. One fellow, a big two pound carp, changed his mind and just as he was being conveyed to the bank, he bounded and was able to release himself and get back into the water. Mrs. Taylor came near following the fishship in her efforts to be polite to Mr. Carp.

Will Have Services This Summer.

The people in the neighborhood of Sciota, have arranged to provide seats at the school houses for church services and there will be services every two weeks during the summer. The Rev. W. A. Taylor preaches when he is not engaged at Wabash.

Have Had Services.

The Latter Day Saints have been holding services at the Sciota school during the past week and have had much interest and a good attendance at the services.

For the Coming Sunday.

There will be the regular services at the Baptist church, the morning service will be devoted to Mother's day, and the discourses will be delivered by the pastor, the Rev. Samuel Miller, and will be most interesting. The other societies of the church will hold their regular services. At the Methodist church the Sunday school and Epworth League will hold their regular services. There will be no services during the morning, as Rev. Bonham will preach at Wyoming during the morning. In the evening there will be services dedicated to the mothers of the land.

Will Play Next Sunday.

The game of ball which was to be had at Manley between the boys of that place and the Union team was called off on account of dampness. A game has been arranged for Union the coming Sunday when the Julian team will try and wrest a victory from the local boys, but they are counting without their host, for they will be defeated and the Union boys will win.

Celebrated Birthday.

Last Sunday being the anniversary of the birthday of K. D. Clark of Weeping Water, he and his wife were the guests at the home of Mr. C. W. Clark of Union, as were all the other of the relatives, where they celebrated in proper style the passing of the 81st anniversary of Mr. K. D. Clark. Mr. Clark, who has been a resident of Nebraska for the past thirty years came from Fremont county. It was in this place where he was engaged in farming before taking a life of business and also at Nehawka and Weeping Water he is engaged in business looking after the store notwithstanding his advanced age, and is well preserved and looks after the business in the best manner. We wish his many friends, are extending congratulations and best wishes for many more happy, healthful and profitable years.

Most of Loot Recovered.

Some school boys while at play in the wooded pasture near the home of T. W. Swan last Saturday, discovered hidden under a stump most of the loot taken from the Union postoffice at the time of the recent robbery. This was turned over to one of the neighbors who brought it to town. The timely discovery dis-

counts the theory that the theft was pulled off by Omaha veges and may lead to the ultimate discovery of the guilty parties. As it is, the loss to the government has been materially reduced with the finding of the pilfered property.

Transferred to Air Service

A letter from Frank M. Barkhurst to his friend W. C. Carragher of this place, written from Corrigger, P. L., contained the following clipping: "Frank M. Barkhurst, private in Company A, 2nd Engineers, at Corrigger, has been transferred to the air service. He reported at Clark field for duty." The many friends of Frank will be pleased to know of his advancement.

Union School Notes

The Senior May carnival will be held at the Union high school Friday evening, May 6th at 8:00 o'clock sharp. Everybody invited to come. Don't forget the date. See all the attractions. A fine time. Moderate prices and all kinds of fun.

Last Friday night, April 29th, the annual Junior-Senior banquet was held in the Baptist church. A very cozy reception room had been furnished and decorated in the Senior class colors. Yellow and white flowers and yellow candles made both the reception room and the table present a beautiful appearance. Plates were laid at the table for fourteen guests and a very tempting three-course menu, prepared by the ladies of the Baptist church, was served by the Sophomore girls, who were daintily dressed in yellow and white.

Miss Minnie Peters, formerly the second primary teacher here, visited in the grades and high school last Thursday and Friday.

The county eighth grade examinations will be given at the school building on May 5th and 6th. About eighteen pupils from the surrounding country expect to write here. This will be the last chance this spring and will determine whether eighth grade will be taken up next year or ninth.

The three senior girls, Fern Deles Derner, Winona Dycart and Eula Frans, who have been taking examinations for teachers' certificates during the preceding months, have according to the latest reports from the county superintendent, passing grades in all the required subjects.

After attending summer school, each one of the three will be entitled to a county second grade certificate.

Patrons' day will be observed at school on Friday, May 13th. All patrons are especially invited on that day.

The trees which were planted on the school ground a few weeks ago seem to be growing nicely. Probably the weather with its favorable conditions, has been a very important factor.

THE LAST REAR-GUARD

During the Crimean War the French and English troops before Sebastopol were decimated by cold and disease. The Czar Nicholas, gazing at the lines of his enfeebled foes, said: "Two more generals are yet to fight for me, General Janvier and Fevrier (January and February)." The Czar Winter is a still blither fighter. Even when his doom is sealed, he calls his last rear-guard, icy winds, fogs and frost, and fights his last May battles. If you want to pass such days without damage,

You Have the Right to expect your dollar to buy one hundred cents worth of goods. We are here to furnish you the goods—full value for your money.
