If any of the readers of the Journal know of any social event or item of interest in this vicinity, and will mail same to this office, it will appear under this heading. We want all news items—Edison

## Building Your Character

The name of the bank with which you do business is one of the best references you can give.

A checking account stands for modern business methods, available liquid funds.

A savings account stands for good habits, thrift and ambition.

So not only does a bank account yield you monetary returns from your investment but it returns a dividend in good reputation.

## Hiatt & Tutt,

MURRAY, : : : NEBRASKA

Mr. and Mrs. A. G. Reed came up from Falls City Saturday and visited at the Henry Creamer home for a few days. Mesdames Reed and Creamer being sisters.

Mr. and Mrs. E. W. Milbern visited in Plattsmouth Sunday and attended the funeral of Edward Rippe, first Cass county man to give his life fighting in the recent war.

Miss Inez Deles-Dernier underwent an operation for the removal of her tonsils at the Fenger hospital in Omaha last Friday, being accompanied to the metropolis by Dr. G. H. Gilmore.

Messrs Latta and Latta have just installed a pump in the well recently sunk on the Glen Todd place and in a short time will erect a windmill to keep the stock supplied with water.

Frank Hill has rented of L. M. Davis, the farm which Will Cook has been farming the past year and will move there from the Pittman farm, which he has been occupying this season.

J. E. Gruber left Wednesday for Portland, Oregon, where he will join Mrs. Gruber and the children, who have been visiting there, and the family expect to make their home in the west in the future.

Charles Kennedy returned home on Friday from Omaha, Iowa, where he has been working in a garage the past two months, being called on account of the illness of his mother, who is now somewhat improved.

T. S. Barrows, the elevator man has turned cartoonist and showed the writer a cartoon of your uncle Andy Gump, in which he depicts disappointment, and which he will be pleased to show his friends on request.

John Crabill, wife and daughter, of Plattsmouth, accompanied by their guests, Mr. and Mrs. Harry Northcutt and children of Omaha and Mr. and Mrs. Isaac King of Superior, visited over Sunday at the V. A. Kennedy home here.

Mrs. J. A. Walker and daughter, Miss Margie, Will S. Smith and wife, Rev. J. D. Buchanan and sister Miss Lulu and Dr. G. H. Gilmore and family were guests at the John Van-tine home at Wyoming last Friday evening, where they had a most pleasant time.

Mr. and Mrs. Lawrence Brau, of Passaic, Oklahoma, who have been away from Cass county for seventeen years, are guests at the home of Mr. and Mrs. Wm. Puls, while visiting with old friends here. They are accompanied by Mrs. C. C. Hennings, who is a sister to Mr. Brau.

John Robbins slipped on a smooth piece of tin on top of the threshing separator a few days ago and pitched headlong into a wagon into which the wheat was running. He struck the side of the box cutting and bruising himself, and although he is able to get around he is still pretty sore.

Mesdames O. A. Davis, W. E. Hill, Sadie Oldham and E. S. Tutt visited in Plattsmouth Monday and on their return were caught in the sudden downpour and had to seek shelter at the Glen Perry home. After the storm was over, they were able to continue homeward, but found the roads pretty muddy.

Henry C. Long arrived home Saturday from the western part of the state, where he had been looking after the harvesting and marketing of his wheat crop. He expresses himself as well pleased with the yield and marketing conditions and knows he will not suffer the loss he did on last year's crop, by fire.

Mrs. Paul Isaacal, of Nebraska City has been a guest at the home of Thos. Hanson and wife during the past fortnight. Accompanied by their guests Mr. and Mrs. Arthur Hanson, and the W. E. Moore family of this place, as well as the O. E. McDonald family of Murdock, the party visited the state fisheries at South Bend last Sunday. Lee Nickles and sisters drove up later in the day, taking their dinner and enjoying a picnic with the party at the fisheries.

Mrs. Morton Bartlett, manager of the Murray telephone exchange, accompanied by her daughter Florence and brother, Will Greene, are visiting with her parents near Inland. They drove up last week but were overtaken by rain and Mrs. Bartlett and her daughter continued their journey on the train, leaving Mr. Greene to bring the car. During her absence the work at the exchange is being looked after by Miss Freda Lyle and Mrs. A. A. Stillger.

Four red coming 2 year old heifers, weighing around 800 lbs. ALBERT YOUNG.

Hike a Success The hike last Monday was a huge success in every way. Fourteen boys reported at the resting tree at the appointed time. It was decided to eat the picnic dinner in Bittner's woods, near the swimming hole. It proved to be a long walk, but no one fainted by the way. Everyone enjoyed the roasted weiners, sandwiches and fruit; but the baked eggs, potatoes and corn—of these, the less said the better.

After playing the game "Heads and Tails" and running a "Monkey and Crab Race," everybody jumped into the swimming hole. It was scarcely necessary to take a bath in the creek, for a heavy rain storm arose and before we could get well started for home everybody was soaked to the skin. While we waited in a hay-shed for the rain to stop, we played "Swat 'Em" and "Hot Hand" and so kept from getting chilled. Another hike is being planned for the near future. It is hoped

that next time the weather will be more favorable and that even more of the boys may be able to go.

**Murray U. P. Church Notes** Sunday, August 7. Sabbath school at 10 a. m. "Paul in Cyprus and in Antioch of Pisidia." Morning worship at 11 a. m. "The King's Business in Abyssinia." Young People's Christian Union at 8 p. m. "Thy Will be Done—with My Pleasures." Mt. 6:7-15.

Wednesday, August 10. Mid-week prayer and praise service at 8 p. m. "Paul on Iconium and Lystra." Acts 14:1-28.

**Hand Badly Mangled** M. Ditterway had a serious accident last Friday at the farm of W. J. Philpot where he is employed, when he caught his hand in the engine used for grinding feed, and had the back of his hand badly mangled. The injured member was dressed by Dr. G. H. Gilmore and is doing nicely and although it looked at first as though it would be impossible to save it, there is now hopes that he will not lose the use of his hand.

**Visitors from San Francisco** Mr. and Mrs. Robert Chauncey, of San Francisco, who are visiting in Omaha, accompanied by Charles Chauncey, a brother of the former, were guests at the Joseph Cook home here last Saturday. Mrs. Chauncey and Mrs. Cook were schoolmates and this is the first visit they have enjoyed together in over seventeen years.

**Enjoyable Birthday Dinner** Last Sunday at the pleasant home of Mr. and Mrs. Wm. Chalfant were gathered a number of their friends to celebrate the passing of the 81st birthday of Mrs. Chalfant. Social conversation in which reminiscences of the old days played no small part, was engaged in throughout the day, and a sumptuous dinner was served at the noon hour. Those present were Mr. and Mrs. Wm. Chalfant, Joseph Hathaway and family, J. E. Lancaster and family, Mrs. Lucy Wolfe and son Bruce, Earl Wolfe and family and William Cook and family.

**Departed for Home** Mrs. E. L. Steiner and daughter Mildred, of Oklahoma City, who have been visiting the former's parents, Mr. and Mrs. J. W. Berger, left Tuesday for their home in the south. During the last week of their several months' stay, they visited at the Nelson Berger home.

**Proved a Frugal Housewife** Last week when W. A. Scott was preparing to deposit some money received from the sale of his business here, Mrs. Scott informed him she had saved a few dollars, which they might as well put in the bank, and forthwith produced \$2,700 which she had put away from time to time in anticipation of a rainy day. Considering the fact that the only thing some people save for a rainy day is rubbers, and many not that much, the feat of Mrs. Scott is remarkable and his handsome son will add merrily to the family bank, and come in handy when they decide to go into business again.

**Stole March on Friends** Guy L. Stokes and Miss Ethel Murdock slipped away to Lincoln a week ago Tuesday, where they were quietly married and returned this week after a brief wedding trip, to surprise their friends. Mr. and Mrs. Stokes will make their home on the farm of C. M. Christweiser, where Mr. Stokes has been engaged in farming during the past several years. The bride is the accomplished daughter of Mr. and Mrs. G. A. Murdock living just north of Nehawka.

**To Reside in Plattsmouth** Mr. and Mrs. L. H. Puls arrived in Murray a week ago from the western part of the state, where they have been spending the summer on their farm, and have been visiting friends here and at Plattsmouth. They expect to leave this week on the return trip to Grant, and from there will go to the Colorado mountains for a two weeks' outing, being accompanied by Mr. and Mrs. J. H. Brown and daughters. The itinerary of their trip includes Estes park and many other points of interest.

On their return, the Puls family will stop off at Grant to put in their winter wheat, after which they will come to Plattsmouth to make their home during the school year, and the children will attend the Plattsmouth schools.

Mr. and Mrs. Puls like the west but still think of Murray and their many friends here.

**New Firm for Murray** Paul Peterson and his sons, John V. and Edward, of Omaha, have pur-

chased the Puls hardware and implement business from August Meyer of Weeping Water, the deal being made through T. J. Brendel. The consideration was placed at \$60,000, in exchange for which Mr. Meyer receives a large farm near Greenfield, Iowa.

The new owners, who will conduct the business under the name of Peterson Hardware company, come well recommended and we bespeak for them a continuation of the large volume of business heretofore done by this store. They expect to move to Murray and make this town their home, assisting in building up the town in every possible way.

They will also provide for the amusement of the people of the community by operating a picture show in the hall over the store building, on Saturday nights and through the week as well, if the patronage proves sufficient.

**Shipped Six Cars of Cattle** G. M. Minford shipped four cars of cattle and A. Gansmer two cars on Tuesday. The outgoing shipments of stock this year are much greater than last, indicating an increase in the number of feeders during the past season.

**Exciting Experience** Mrs. Myra McDonald had an exciting experience a few nights ago while looking for eggs. It was quite dusk at the time, and when she saw something black in a nest in the straw stack where the hens had been wont to lay, she thrust her hand in to remove the hen, but immediately withdrew it when she felt something sleek and cold. Procuring a pitchfork she lifted the intruder—a large spotted snake four feet long—from the nest and killed it. She had no thought of fright until after the reptile had been killed, and then reflecting on her escape from being bitten, she became very nervous.

**BARTLING SEEDS** Timothy, \$4.00 per bushel. Alfalfa, \$12.00 to \$15.00 per bushel. New crop alfalfa after Aug. 15. Alsike, \$15.00 per bushel, new crop. We buy timothy and red clover seed. EDW. BARTLING SEED CO., 44-27w, Nebraska City, Neb.

**STATE MAY SUPER-VISE RURAL PAVING** Good Roads Committee Adopts Resolution to This Effect Following O. L. D. Mixup.

Paving on the Lincoln, O. L. D. and George Washington highways will be subjected to a thorough and rigorous scrutiny and future paving on these highways will be under the direct supervision of state engineers appointed by the state highways commission, according to resolutions adopted by the joint good roads committee yesterday at its meeting held in Omaha yesterday. George E. Johnson, state engineer, was present and concurred in the action.

This is the inevitable outcome of the squabble over the paving work now in progress on the O. L. D. road, where it is claimed the nation of sand and cement is not up to specifications and cement blocks will be taken from all three of the highways and sent to Professor Mickey, of the University of Nebraska to be tested, it is stated. Should these tests not conform to the specifications of the respective contracts the paving will be condemned.

"The activities of this committee have just begun," declared Vice Chairman Nesbit. "We are determined to see that the taxpayers of this city, already so heavily burdened, get some returns for their money."

In an interview prior to the meeting State Engineer Johnson reiterated his statements that he thought Lew Adams, county surveyor, was responsible for the conditions discovered in the Lincoln highway paving.

The resolution referring to the appointment of engineers to watch the paving will be submitted to the Douglas county commissioners and they will call upon the highway commission to make the appointments according to the present schedule. Both bodies, it is said, favor the appointment of the new inspectors.

The three paving contracts now under way and the number of miles are as follows: Lincoln highway, five and one-half miles; O. L. D., five and one-half miles and the Washington highway, three and one-half miles.
