CASS COUNTY FARM BUREAU COST REPORT

REPRESENTATIVES AT MEETING IN JULY GIVE REASONS WHY FARMERS NEED HELP

The National Farm Bureau some time ago asked each county in the state that has a farm bureau to make a report to the national organization that could be used in securing in statements that might be placed before Congress for the purpose of securing adequate farm legislation.

The representatives chosen by Cass county consisted of a banker, manager of an elevator and three farmers and they met on July 14 and secured full and complete reports of the operation of the farm and the cost of the crops.

The committee gave the present condition of agriculture in several causes, first being low financial conditions caused by the Federal Reserve banks suddenly stopping the flow of money instead of gradually lessening the number of loans made.

The difference between the price paid to the farmer for his product and the price paid by the ultimate consumer for the finished product was also shown by the report. The average based on the selling price of wheat at \$7 per bushel and flour \$2.75 a sack. For one bushel of wheat at the mills here the miller will give you 26 pounds of flour; he takes the brand and shorts for his retainer. The cost of a sack of flour is \$1.25, the selling price \$2.25. The difference is \$1.00 which is the miller's profit.

The relation of prices of commodities other than agriculture, corn is down to pre-war prices of 42 cents per bushel. All farm machinery 100 per cent above. Labor 29 per cent above pre-war prices. Assessed land before the war was \$90 to \$100, now \$150. 25 1-2 per cent higher.

In speaking of the marketing and transportation facilities, the report states that the cost of transportation increased 100 per cent. In 1917 corn to Kansas City 9 cents per hundred, now \$17.08 per hundred; wheat to Kansas City in 1915, 11 cents per hundred, now 21 cents per hundred. Corn to Omaha in 1916, 5 cents per hundred, now 12 cents per hundred, wheat to Omaha in 1915, 8 cents per hundred, now 14 cents per hundred.

In the production of crops the committee reports on the production of a corn crop of thirty bushels per acre which it is estimated will cover that of 1921. Cost of seed, \$3.00; preparing ground, planting, \$2.00; cost of cultivation, \$3.00; shelling, \$4.00; delivery, 75 cents; depreciation on equipment, \$1.00; taxes, \$1.25; personal taxes, 45 cents; value of land, \$1.00 per acre at 6 per cent, \$3.00. Total per acre cost of the acreage to \$20.42 to produce and at thirty bushels to the acre makes the cost per bushel 70 cents.

The cost of producing the 1921 wheat crop that is being sold today is as follows: Cost of seed, \$3.00; cost of plowing, \$2.50; getting ground ready, \$1.00; sowing, 75 cents; cutting, \$1.25; tining, 45 cents; shocking, labor, threshing, \$3.00; threshing cost at 7 cents per bushel, \$1.05; marketing, 75 cents; taxes, \$1.25; personal taxes, 45 cents; depreciation on equipment, \$1.00; value of land, \$1.00 per acre at 6 per cent, \$3.00. With a total cost of \$20.19, fifteen bushels would average about \$1.34 per bushel to raise the crop.

The report is submitted by W. B. Banning, president; George Towle, secretary and L. R. Snipes, county agent of the Cass county farm bureau.

LOCAL NEWS

From Wednesday's Daily.
 J. E. Lancaster of Murray was here for a few hours today attending to some matters before the board of county commissioners.

Ed S. Tilt of Murray was in the city last evening for a few hours attending to some matters of business and visiting with friends.

KEITH COUNTY OBJECTS TO NEGLECT

Say Marion Hankins in Serious Condition as Result of Neglect Was German Prisoner

Omaha, Neb., Aug. 2.—The people of Keith county are aroused at the treatment accorded Marion Hankins, war veteran, by the government. Hankins volunteered from Keith county and left with Company B, Fifth Nebraska regiment, but was later transferred to Company I, 157th Infantry, Fourth division, and sent to France. In the fighting on the western front he was captured by the Germans after his brother, Daniel, had been shot down by his side. Himself wounded by a bullet thru his shoulder, he was also captured and among the first of Americans taken prisoner.

In the German hospital he received little attention. When mustered out he was marked up physically fit, regardless of his wounds. On his return home, being physically unable to perform a man's work any longer, he applied for compensation. After two examinations he was allowed \$8 per month. About a month ago it was decided that it would be well for him to go to some government hospital for treatment.

He claims that on account of having no funds he "unmolested" his way to Leavenworth, Kas., and made application at the government hospital, but on account of his untidy appearance from having beat his way, they accused him of being a "hoose fighter" on L. W. W. and carried their insults to a point unbearable to him. He left and sought work in the Kansas harvest fields, became overheated during the severe hot weather, suffered delirious insanity, was arrested and thrown into jail by a Kansas sheriff and has just been returned to Paxton, Neb., by his parents.

Unless the government does something at once the county commissioners have been notified steps will be taken to give him treatment at one of the insane hospitals.

The people of Keith county are indignant at such treatment of one of their heroes and the highest officials of the American Legion will be appealed to, to secure justice for Marion Hankins.

OPERATOR AT OREAPOLIS IS HELD UP

Two Colored Men Last Night Stuck Up Operator and Secured \$8 And Made Escape

Last night a "stick up" party occurred near the Burlington signal tower at Oresopolis and as a result of which P. M. Hampton, the operator was stuck down for \$8 by two colored men.

Mr. Hampton had just stepped from the tower to deliver some train orders to a freight that was drawing into the block when two dusky hoodlums stepped up to him from out of the darkness and presenting a revolver requested that he elevate his hands which he did and the men then searched his person and removed therefrom 8 hard earned dollars and without even a word of thanks disappeared into the darkness and successfully made their getaway.

Just about the time the robbery occurred a northbound freight was passing on the Missouri Pacific tracks and made a short stop at the crossing and it is thought that the two men were able to reach this and make their way into Omaha. A message was sent to the Omaha authorities to be on the watch for the men but no word of their arrest has been received and they undoubtedly successfully made their getaway and are now enjoying the fruits of their haul.

HAS HAND CAUGHT

Yesterday afternoon while George Decker was engaged in working around a piece of threshing machinery at the farm of George Stander, he had his right hand very severely injured. Mr. Decker was cleaning the cylinder of the thresher when

FINED FOR ASSAULT

From Wednesday's Daily.
 County Judge Beeson yesterday afternoon heard the matter of the complain against Harry Maroff, a resident of the vicinity of Greenwood who was charged with having assaulted County Commissioner C. F. Harris during an altercation over a certain piece of road in the west part of the county. The young man was given a fine of \$8 and costs amounting to \$13.40 and which was settled and he was allowed to go on his way homeward.

HOME DEMONSTRATION

The Home Demonstration Agent Miss Ida Williams will hold the meeting at Lewiston church east of Murray on Thursday, August 11th and at which time she will be glad to answer any questions covering the farm work and such matters as canning, poultry raising, sewing, interior decorating. Mr. L. R. Snipes, county farm agent will also be present to assist in the meeting.
