### NEBRASKA PIONEER DIES AT UNIVERSITY PLACE

University Place, Neb., Aug. 7.—Mrs. Charlotte Waldron, one of the early Nebraska pioneers, and mother of H. B. Waldron and W. T. Waldron of Omaha, died early Saturday evening at the home of her daughter, Mrs. J. E. Cassell of University Place. The funeral will be held at 10 o'clock Tuesday morning from the First Methodist church of University Place and the body taken overland by automobile to Waterloo, Neb., where burial will take place about 2 o'clock in the afternoon.

Mrs. Waldron is survived by five children: Mrs. L. M. Mowrer, of Greenwood, Neb.; H. B. Waldron of Omaha; Mrs. W. D. Parker of University Place; W. T. Waldron of Omaha and Mrs. J. E. Cassell of University Place and twelve grandchildren.

Mrs. Waldron came to Nebraska with her husband, H. B. Waldron, who died eleven years ago, in the fall of 1863, crossing the Missouri river at Omaha driving up Farnum street when the city was a small

village with little or nothing to attract the newcomers. They finally settled in Cass county, four miles west of Murdock, taking up a homestead, and there lived for over thirty years, experiencing all the hardships and privations of the early Nebraska pioneers.

## SOME FACTS ABOUT OUR GOVERNMENT

Local Financial Institution to Distribute Interesting Information in the Form of Illustrated Articles Soon.

Not for years has there been such a general interest in the world today. Even the casual reader of the daily newspaper sees that the world is sick and needs a doctor. The way to social health is through an awakened interest in the affairs of our Government and an increased feeling of our responsibility in its welfare and administration. Not until we understand the magnitude and efficiency of the United States government do we feel the respect for it and the pride in participating in it that it deserves.

At the present moment, in spite of all our unrest, the United States is the most favored of the world's nations. We have enjoyed a century and a half of the "government of the people, for the people, by the people." It is not perfect, but it is the strongest, most substantial and most efficient government in the world today.

The Bank of Cass County is contemplating the free distribution among its friends and patrons of a series of highly illustrated articles on the government of the United States. The articles, although written in popular form, will be of real educational value. They are to be mailed directly to the homes of this community without charge. This plan is in keeping with the new idea that every progressive financial institution owes a broader service to its community. The modern bank is no longer only a place where money is deposited at one window and drawn at another. It is rather a center of constructive and helpful information to which any one may bring his financial problems with some confidence of finding a solution for them.

These stories are designed to show the benefits that each of us derives from the service of the government. They have been brought up to the minute, and however well informed

the reader may be he is sure to find something new in them. They have a particular appeal to new citizens, foreigners and school children, as well as furnishing interesting and instructive reading to practically everyone. The community is sure to benefit from this distribution and every home should have a complete set.

Never before have Americans taken such an intense interest in their government. The extension of income taxes and the widespread purchase of Liberty Bonds have made us all financial partners in its welfare. We all have a right to know. That is why the publication of this material comes at precisely the right moment and why it may be expected to be so welcome. This public interest in governmental affairs is a healthy and natural interest. It will lead to increased knowledge, a more intelligent understanding and a more strong stride ahead. This community is to be congratulated on the foresight and enterprise that brings this material within the reach of everyone.

We understand that it is the desire to make this distribution as wide as possible. Some, however, are sure to be overlooked and as the supply of articles is necessarily limited, it is suggested that everyone who wishes to receive them call at the bank and leave their names for inclusion in the mailing list.

It has been anticipated that many will wish to keep each number of the series of government articles as received, as each will deal with a different department of the Government. For this purpose it is understood that there is available a limited number of beautiful containers, one of which can be obtained by any person desiring it by calling during banking hours for it.

Men's shirts exceed \$3 each.  
Men's and boys' hats exceed \$3 each.  
Men's and boys' caps exceed \$2 each.

Men's and boys' neckties and neckwear exceed \$2 each.

Men's, women's, misses' and boys' pajamas, nightgowns and underwear exceed \$5 each.

Kimonos, petticoats and waists exceed \$15 each.

Men's waistcoats, sold separately from suits, exceed \$5 each, and house or smoking coats or jackets, and bath or lounging robes exceed \$7.50 each.

The sporting goods on which it is proposed to place the tax include: Tennis rackets, nets, racket covers and presses, skates, snowshoes, skis, toboggan, canoe paddles and cushions, polo mallets, baseball bats, gloves, masks, protectors, shoes and uniforms, golf bags and clubs, balls of all kinds, including baseballs, footballs, tennis, golf, in cross and billiard balls, fishing rods and reels, billiard and pool tables, chess and checker boards and pieces, dice, games and parts of games (except playing cards and children's toys and games) and all similar articles.

Retained on the 10 per cent tax on carbonated bottled beverages, which is collected and paid by the manufacturer monthly, also was discussed at the meeting and favorable action was predicted by some members of the committee, who argued that it was not fair to remove the tax on drinks at fountains in the cities and retain the levy on the bottled goods sold largely in the rural districts.

### CHANGE IN IMMIGRATION LAW

Washington, Aug. 8.—An amendment to the percentage of immigration law that would permit as many as twelve hundred immigrants to enter the United States from any nation will be introduced in congress at the request of Secretary Davis. It was announced today at the department of labor. The present law, which fixes the maximum number of immigrants from any country at 2 per cent of the total in this country in 1910 effects especially, it was explained, Australia, New Zealand and other countries which in recent years have sent one thousand or 1,200 immigrants of a desirable type, whereas now their quotas are less than 200 each. Few countries in Europe would be affected by the amendment, it was stated.

Immigrants in excess of July and August quotas, now held at various ports, will be admitted under personal bond and charged to the year's totals. Commissioner General Hubbard of the immigration bureau announced today. The order was issued after a conference with ship line representatives.

### ADMIRAL SIMS AT IT AGAIN

Belfast, Aug. 8.—A letter from Rear Admiral William S. Sims, acknowledging receipt of congratulations from Belfast comrades of his great war on his recent speech before the English speaking union in London, in which he criticized activities of Sinn Fein sympathizers in the United States, was made public here today.

It may interest you to know that practically all the reputable newspapers in the United States are now in thorough approval of our condemnation of the activities of Sinn Fein sympathizers in the United States," the letter said. "This has been brought about by a remarkable expression of opinion by the American people in the forms of showers of letters and telegrams to all concerned. It is my hope that it will exert a very considerable influence upon the relations between our two countries."

## ANTI-BEER BILL PASSES SENATE

Now Goes to House for Conference—Search and Seizure Amendment Wins Over Protest.

Washington, Aug. 8.—The Willis Campbell anti-beer bill was passed by the senate late today, 39 to 29, and sent to conference with the house, with the prospect of its final enactment before the week ends. Upon being informed of the action treasury officials said that the beer regulations which have been drafted and are ready for Secretary Mellon's signature would not be issued pending action by the senate and house conferees. The regulations would provide for use of medical beer under the ruling of former Attorney General Palmer, a ruling which the bill is designed to overcome. The ban against the prescribing of beer by physicians and limitations of prescriptions of wine and whiskey contained in the bill as passed by house were virtually unchanged by the senate, but a few important amendments were added. These included a provision to restrict operations of prohibition enforcement officers by prohibiting searches or any attempts at searching of private property or premises without search warrants. A violation of this clause would be a misdemeanor subject to fine of \$1,000 and one year's imprisonment. Penalties of five years' imprisonment and \$1,000 fines were provided for persons attempting searches while posing as prohibition agents.

The search and seizure amendment was offered by Senator Stanley, dem-

## BONUSES FOR THE VETERANS

New York, Aug. 8.—State legislation converting more than \$375,000,000 to the aid of world war veterans has been passed or is waiting for popular referendum. The Bank of America announced today at the conclusion of a nationwide survey of the bonus situation. Veterans in fourteen states already are receiving cash bonuses totalling \$184,000,000, and in eight more states legislation providing for cash bonuses of \$181,000,000 now is pending. Only Alabama, Georgia and Mississippi have failed to pass legislation authorizing aid to veterans in exemptions or

benefits of some kind, the report declared. The bonuses range from \$10 a month for service in a number of states to \$25 a month in North Dakota.

California has passed a bill for vocational education of veterans dependents and Arizona, California, Oregon and South Dakota provide for aid in buying homes and in Oregon the bonus is made optional with the privilege of borrowing up to \$3,000 on real estate from the state.

Can't look well, eat well or feel well with impure blood. Keep the blood pure with Burdock Blood Purifiers. Eat simply, take exercise, keep clean and good health is pretty sure to follow. \$1.25 a bottle.
