## TROUBLES OVER AT AGE SEVENTY

Burlington Woman Feels Like She Has New Lease on Life Since Began Taking Tanlac.

"When a woman over seventy years of age is relieved of troubles that have bothered her for ten years I call it remarkable, and that is exactly what Tanlac has done for me," declared Mrs. John Sabins, 1064 S. Leebriek St., Burlington, Iowa. "My principal trouble was indigestion. My appetite was about gone, and I always had a heavy feeling in my stomach after eating and bloated up so with gas I felt utterly miserable. The gas almost suffocated me at times and crowded around my heart and caused such a throbbing it frightened me. Many a time I became so nauseated I could hardly retain a thing.

"I had awful pains in my back, and whenever I stooped over I felt like I would break in two. I also suffered awfully with rheumatism, and often my feet would swell up so I could hardly walk. My nerves were shattered and many a night I couldn't sleep a wink and would get up in the morning feeling worse than if I hadn't gone to bed at all.

"But thanks to Tanlac, I feel today like I had been given a new lease on life. I have taken just a few bottles of Tanlac and now have a splendid appetite and am never troubled a particle with indigestion. All those disagreeable feelings after eating and those rheumatic pains and the misery in my back are things of the past. I am free from nervousness, and sleep like a child at night. I have gained several pounds in weight and the difference in my condition is wonderful."

Tanlac is sold in Plattsmouth by F. G. Fricke and Company; in Murray by the Murray Drug company and the leading druggist in every town.

## First Under New Law

The first boxing match in Cass county under the new state boxing law which went into effect July 28, is to be held at Plattsmouth on Wednesday evening, September 14th. Andy Schmadar the popular Louisville boxer will meet Soldier Jim Marples, the fast Chicago heavy-weight in the ten round main event. The semi-windup will be between Harry Kinnear and Young Bruno, of Omaha, who fought a draw in the Langford-Alexander show at Omaha August 5th. This will go six rounds. George Schmadar, younger brother of Andy's will fight in one of the preliminaries and two Plattsmouth welterweights will mix things up in the other. Among the list of licensed officials to have charge of the bout, we note the name of Edward Kelly, who is to be official timekeeper.

Andy Schmadar has a large following in the vicinity of Murdock and if the weather and roads are favorable many of them will be on hand to see him mix with Marples, who is declared to be a tough customer around the Windy city, where he has scored a long string of KO's and decision victories.

## GIRL'S MARRIAGEABLE AGE

Since the new law went into effect July 26, raising the age of majority of a girl from eighteen to twenty-one years there have been a number of instances of confusion in the state over the technical application of the law as to a girl's marriage without her parent's consent. A case arose a few days ago in Hitchcock county when a young lady who was eighteen before the new law went into effect, appeared before the county judge as one of the principals asking for a marriage license. The question at once arose as to the necessity of parental consent. Assistant Attorney General C. J. Dorr ruled that she did not need the parental consent for since she was eighteen before the new law was effective she is of legal age now and cannot be put back by a new law and made to serve another three years apprenticeship as a minor.

## A Grateful Letter

It is in trying conditions like that noted below by Mrs. Geo. L. North of Naples, N. Y., that proves the worth of Chamberlain's Colic and Diarrhoea Remedy. "Two years ago last summer," she says, "our little boy had dysentery. At that time we were living in the country eight miles from a doctor. Our son was taken ill suddenly and was about the sickest child I ever saw. He was in terrible pain all the time and passed from one convulsion into another. I sent my husband for a doctor and after he was gone thought of a bottle of Chamberlain's Colic and Diarrhoea Remedy in the cupboard. I gave him some of it and he began to improve at once. By the time the doctor arrived, he was out of danger."

## RESIDENCE FOR SALE
