## 625,000 BOTTLES SOLD IN NEW YORK

Biggest Thing of Kind Ever Seen in That State, Declares a Big Eastern Wholesaler.

The fact that 625,000 bottles of Tanlac have been sold in the state of New York since its introduction there less than one year ago, is a big business item that will attract unusual attention throughout the entire east, for nothing like it has ever happened before. It breaks all records.  
Mr. George B. Evans, manager of the Gibson-Snow company, the well known wholesale druggists, with branches in Albany, Buffalo, Rochester and Syracuse, recently announced that the preparation was now selling in their trade territories alone at the phenomenal rate of approximately 500,000 bottles a year.  
"If the present rate continues," said Mr. Evans, "this state alone will probably require considerably over 750,000 bottles a year. This is a tremendous figure, but I am really conservative in making this statement."  
Tanlac is sold in Plattsmouth by F. C. Fricke and Company, in Murray by the Murray Drug company, and the leading druggist in every town.

## CIRCUS DAY IS NEAR AT HAND

Special Trains to Arrive Here Friday Morning at Daybreak—First One in Several Years.  
For the first time in a good number of years a really big circus is going to visit Plattsmouth. Among young and old alike this announcement will be received with pleasure. The Campbell-Bailey-Hutchinson Combined Circus and Wild West show is the one to which we refer, and their special circus train will arrive here Friday morning for two exhibitions, one at 2 p. m. and one at 8 p. m. While not guaranteed to be the largest, this is said to be one of the best shows on the road, and its 1921 tour has been most successful.  
Given as the principal reason for this is the fact that the management has spared neither money or trouble to make their performances the equal of any ever presented under a circus canvas. The regular circus program is opened with a beautiful patriotic ensemble, which serves to introduce the entire personnel from the big dressing rooms. Then with blood-stirring music from the large concert band, acts follow each other in bewildering rapidity. Prominent among the displays are the Crillion troupe in a series of new and daring feats in the air and on the ground, the Davonport family of Riders, the Azuki Japs, Campbell-Bailey-Hutchinson's herd of performing elephants, Rochetta, the man who walks on his head, and a score of other acts. The clown number 25 and include some of the funniest jesters known. Almost three hours of solid enjoyment is given those who attend, and this is augmented by a thrilling Wild West exhibition entitled "The Passing of the West."

There will be the usual free street parade at noonday. Performances start at 2 and 8 p. m. Doors open one hour earlier.

**OBITUARY—J. H. ASH**  
The news of the death of J. Henry Ash, who died at high noon at St. Joseph's hospital in Omaha, Wednesday, came as a great shock to the community and all who have known Mr. Ash during his residence here.  
Mr. Ash had been ailing for the past seventeen years, but it was not until the last few days that his ailment became serious. A complication of diseases set in and Mr. Ash was removed to the hospital from his home on Thursday where his condition rapidly changed and he passed away without a struggle.  
Henry Ash was born in Whitewater, Wis., on Jan. 15, 1873. With his parents he moved to Louisville, Nebraska, in the spring of 1889, where he spent his boyhood days.  
On February 2, 1899, he married Katie Bourke, youngest daughter of Michael Bourke, deceased. To this union were born twelve children, seven daughters and five sons.  
Mr. Ash was engaged in farming until the last two years, which he spent in working in and around Weeping Water.  
Mr. Ash leaves to mourn his loss, besides wife and children, one brother, Will of Weeping Water, four sisters, Mrs. Charles Bringham of Kingman, Kan., Mrs. Nellie Robinson and Miss Francis Ash of Chicago, and Mrs. J. Keenley of Pittsburg, Pa., and a host of relatives and friends.
