

NEW MEETING IS CALLED FOR OCTOBER 26

RAILROAD LABOR BOARD ISSUES ANOTHER SUMMONS TO BOTH FACTIONS.

SECOND MEDIATION ATTEMPT

Board Takes New Step Under Transportation Act—Claims Strike Would Tie Up Commerce

Chicago, Oct. 21.—Railroad executives and union chiefs were ordered to appear before the United States railroad labor board next Wednesday in an effort to avoid the rail strike called for October 30, in an order issued by the board today.

The board whose efforts to prevent the strike thru conference with the union heads alone proved futile, announced that it took this step under the transportation act on the grounds that the walkout threatened to tie up commerce.

The board stated that strike orders issued by the brotherhood chiefs were in violation of its ruling of July 1, which cut wages 12 per cent.

The strike vote of the railroad employees was taken on the July 1 decision.

Brotherhood chiefs were told they would have to explain at the Wednesday hearing why they should not be held in violation of the board decrees for calling the strike.

The board's statement said that the whole matter of the dispute was thrown before it when the brotherhood chiefs and a committee of executives were unable to agree at a joint conference held here last week.

The men were directed to stay at their posts until after the coming conference. This is what was believed aimed at the strike on the International and Great Northern railroad of Texas, the employees of which have been ordered to walk out tomorrow morning on instructions from the brotherhoods.

The carriers were also told to maintain the present status of wages on their roads and keep in normal operation.

Each brotherhood chief and railroad executive will be ordered to attend the conference in a telegram, which will be followed by a copy of the board's resolution.

Closely following the action of the railroad board, F. H. Gable, president of the maintenance of way workers announced that strike plans had been completed and that his organization would issue a statement to the public late today.

Have No Guarantee

The chiefs contended that they have no authority to hold up the strike action and even if they did, they had no guarantee that the railroads would agree to the part of the mediation plans applying to them.

It is understood the board was also told by the chiefs that it was powerless to enforce its decrees because of the lack of "teeth" in the transportation act, under which the labor body functions.

Shortly before the session with the chiefs, the board was defied again by the Pennsylvania lines, who declared "the board has no right to dictate how the elections of representatives of shop crafts should be held." This was pointed out to the mediation body along with other flagrant violations of its rulings by numerous eastern roads.

Brotherhood heads who attended the conference were Warren S. Stone, engineers; W. G. Lee, trainmen; W. S. Carter, firemen and engineers; L. E. Sheppard, conductors, and T. C. Cashen, switchmen.

The cabinet of the railroad department of the American Federation of Labor was in session again today with President Bert M. Jewell.

Calling of a strike by this organization, having a membership of some 500,000, mostly shop crafts, was held up pending the outcome of the conference between the "big five" and the railroad board.

CHRISTIAN ENDEAVORERS BANQUETTED

Ladies' Auxiliary Tender Delightful Treat to the Young People of Church Last Evening

From Saturday's Daily.

Last evening in the church parlors about eighty-five young people were banqueted by the Ladies' Auxiliary of the Presbyterian church. The rooms were beautifully decorated in streamers of red and white, the intermediate C. E. colors. These streamers formed a graceful canopy over the banquet tables which were formed in an open square. The tables were especially attractive by the use of autumn leaves and pretty place-cards.

Rev. H. G. McClusky presided over the banquet, first presenting Father Tritsch, who played "Love Pleading" by Williams, in her most pleasing manner. This was followed by Mr. G. E. De Wolf, who spoke most earnestly to the young people on the worth while movement of Christian Endeavor. This message coming from one who has been a C. E. since early childhood, and one who understands young folks and their activities, was especially appreciated. He attended the World Christian Endeavor convention held in New York last July, and gave a clever "word-picture" of this meeting of 15,000 C. E.'s from all over

ORIGIN OF CANCER IS REPORTED FOUND

German Scientist Says it May Enter Thru Raw Food—Experiments on Frogs Used

New York, Oct. 21.—A German scientist claims to have discovered the definite origin of cancer, the mystery disease which has defied science, it was learned here today. Dr. Franz Kopsch, Berlin University, has informed friends in this country that while experimenting with frogs he accidentally discovered that cancer was transmitted from larva of the earth carried by angle worms.

Dr. H. A. Haubold, New York medical professor and friend of the Berlin professor, is now directing a series of experiments in New York laboratories thru which it is hoped a practical method for prevention of cancer may be obtained.

"I cannot predict that this work will result in the finding of the way to cure cancer—except perhaps in the early stages," Dr. Haubold said today. "But this discovery of origin is certainly a great step taken toward the solution of the mystery. It, at least, throws a little light of fact thru the misty air of theories. This discovery has been proven. It is a fact—not a theory."

"Dr. Kopsch, while experimenting with frogs in Berlin ordered about fifty of them fed with house flies, angle worms and lettuce lice. Several of the frogs died and the doctor

was astonished to find they showed exact symptoms of tumor. On investigation he learned they died of cancer. It was the true destructive cancerous growth. One followed the other in all parts of the body. This proved emphatically it was cancer.

"He found that the angle worms contained an earth larva which, when liberated during digestion in the frog, caused the cancer. The house flies and lettuce lice were not responsible.

"In humans this larva might be transmitted thru fresh foods which are derived from the earth.

"It is possible a chemical solution can be introduced which would destroy this larva before it takes effect, thus killing the cancerous action."

RETURNS FROM ILLINOIS

From Saturday's Daily.

This morning Abram Rupley and daughter, Mrs. R. A. Bates, returned home from a visit of a week at Lockport, Illinois, where they were called by the death of Mrs. Mattie McNault, sister of Mr. Rupley. After the funeral which was held last Saturday, Mrs. Bates and father enjoyed a stay of several days at the home of Mrs. J. F. Lotz, the mother of the late Mrs. Abram Rupley and with other relatives. This was the first visit of Mr. Rupley there in thirty years and he enjoyed very much the opportunity of visiting with former associates having been engaged there in the hardware business prior to coming to this city.

RARE MUSICAL OFFERING AROUSES MUCH INTEREST

The interest that has been aroused over the forthcoming concert and tone test at the Parnelle theatre in which Harvey Hindemeyer, the celebrated tenor and the Danu Sisters trio will be heard in connection with the Edison phonograph, the only instrument that has succeeded in giving a life like reproduction to the records or re-creations of the voices of the artists and the tones of the different instruments used. This is a test that will satisfy the most skeptical and should be enjoyed by all music lovers as it is a treat not often heard in the smaller cities. The entertainment is secured through the efforts of Messrs. Weyrich & Hadraba, local representatives of the Edison, and who also cover the eastern portion of Cass county, including Louisville, Murray, Cedar Creek and Union.

ACQUIT SLAYER OF A PRIEST

Birmingham, Ala., Oct. 21.—Rev. Edwin R. Stevenson was found not guilty by a jury tonight of the charge of second degree murder growing out of the killing of Father James E. Coyle, Catholic priest, on August 11. The jury was out four hours.

Do You, too, Get Tired—Nerve-racked, Blue?

Try Mr. Edison's marvelous MOOD MUSIC

YOU already know that music has the power to pull you out of your "mean" spells. But do you know how to apply this power in your everyday life? Do you know which selections soothe you, which brace you up, which selections inspire you, which bring you peace of mind? These are age-old problems. Mr. Edison has finally solved both. First, he perfected an instrumentality (The New Edison) which puts at the command of every home, the full benefits of music. Now he has developed a way of using these benefits.

Two years ago a corps of world-famous psychologists undertook for Mr. Edison a research into the effects of music. The research has just been completed. Out of it has come Mood Music.

This Epoch-Making 32 Page Book and 3 Days of MOOD MUSIC Free!

Mood Music is the music which soothes you when nervous, refreshes you when tired, cheers you when blue. "Mood Music" is the book which tells the fascinating story of this revolutionary discovery. Shows you how to use Mood Music and gives the invaluable lists which the psychologists have prepared. See that you get your copy of "Mood Music" at once. Let it help you use music to banish unpleasant moods. The coupon brings your copy FREE. Bring it or mail it. But do it today.

Special offer.—If you don't own a New Edison, why not try Mood Music in your own home, and see what it will do for you? We'll loan you a New Edison for three days. No charge or obligation. Just check coupon.

PLAY LATEST RECORD HITS

The return of the Monte Carlo Entertainers for a special Halloween dance Wednesday evening, October 26th, is announced in an ad of the M. M. D. club appearing elsewhere in today's Journal. The Monte Carlo boys, who were here in substitution of another orchestra a fortnight ago, made such a hit that there has been a demand for their return. They play all the latest record hits put out by the leading phonograph companies each month and in a manner that compares favorably with the recordings of the great orchestras of the country.

If you missed out on hearing the Monte Carlo Entertainers on their former visit here don't let this opportunity go by.

FOR SALE

My home, consisting of 4-room cottage with electric lights. Three fine lots, large barn, garage, good chicken house and cellar. House is close to Main street and shops. No hills to climb.

MRS. BEN HANKINSON, 021-30d. Phone 505.

"Do Rats Talk to Each Other?" Asks Mr. M. Batty, R. I.

"I got five cakes of Rat-Snap and three pieces around my kitchen. Got about half a dozen dead rats a day for two solid weeks. Suddenly, they got fewer. Now we haven't any. Who told them about Rat-Snap? Rats dry up and leave no smell. Three sizes: 35c, 65c, \$1.25.
