the wood in. No sooner than it was known that J. S. Rough jumped into his Ford truck and was after the wood and soon had it at the proper place. This is the kind of citizenship which makes for a real live town.

Surprise Their Friend
A number of the friends of Mrs. Albertina Ost last week gave their friend a very agreeable surprise when they gathered at her home where they proceeded to make the afternoon one of much pleasure to their hostess and incidentally enjoying the occasion themselves. The afternoon was spent in social discourse and discussion of social subjects and the planning for a better Nehawka.

Those to attend and to enjoy the occasion were Mrs. Albertina Ost, Mesdames Henry Shoemaker, B. C. Wolph, John Schwartz, C. D. St. John, D. C. West, Ida and Alma Ost, Mrs. Amelia Halderman of Plattsmouth, Mike Kims, George McReynolds, J. S. Rough, E. S. Kirkpatrick, and Mrs. Hart of Lincoln and Miss Plovona Kime.

Here is Taking Our Medicine
Just as it was growing dark last Friday we were skipping along in "White Wings" and hoping to outrun the darkness and bad places in the road, where there appeared in front, a rut looking innocent enough but which proved to be axle deep and filled with a thick mud, dragged in by the grader. Our car slipped in and we thought it was a Ford and would pull through but it did not. We are having to thank Carl Nickel and Albert Rakes for their assistance in getting out.

A Good Hog Venture
On June 30th, 1918, Harry Knabe purchased a sow called Pansy from B. C. Pollard of the famous Hampshire variety and embarked in the "Pig Club" winning and has since won in that club every year. He has accumulated more hogs until he now has one hundred and sixty, besides having sold \$900 worth of registered hogs. Looks like it was a profitable business. He has some of these fine porkers which he is offering for sale. See his ad in this issue and better see the hogs as they speak for themselves.

Henry Thiele Injured
While Henry Thiele was putting up his mules at his home last Wednesday evening after having been at work, they kicked him down and then walked over him, inflicting some very serious injuries. Dr. Thomas was called and dressed the wounds finding a fracture in one of the small bones near his ankle. Mr. Thiele is very sore from his injuries and while there is nothing at this time to indicate that anything serious will come from the injuries they are rather severe. Fortunately he was in being able to extricate himself from this very precarious situation. We are hoping that he soon may be able to be up and about his farm work again.

Mr. R. Kettlehut Home Again
Mr. R. Kettlehut, who has been at the hospital at Lincoln for some time where he has been under treatment having undergone two operations and is now returning home with the hopes that he will soon be restored to his normal health again. During the time Mr. Kettlehut was in the hospital he was very seriously ill, and but little hope was entertained that he would again be able to overcome the malady. He has made good progress and his many friends are congratulating him on his improvement and are hoping he will soon be well again.

Will Celebrate Armistice Day
The American Legion in conjunction with the Community club of Nehawka will appropriately celebrate

Yes

it's toasted, of course. To seal in the flavor—

Armistice day on Nov. 11th, this coming next Friday, and are expecting a very enthusiastic gathering of the Loyal Americans to participate in the occasion. There will be served a community dinner for the American Legion both the Nehawka and those visiting, many of the Nehawka and those being residents of Union and also for all the people of Nehawka, this being a community affair.

This is to be a very pronounced American day as the people of Nehawka and vicinity are patriotic to the core and are standing for all things which are truly American.

The dinner will be served at 5:30 and all are urged to be prompt in their coming as the exercises will be commenced at the auditorium at promptly 7:30. The program which is under the direction of the legion post is as follows:

John Opp NEHAWKA AUCTIONEER
Always ready for dates—far or near. Rates reasonable. Satisfaction or no pay. Reverse all calls. —PHONE 58—

Natural Laws
seal the concrete vault, making it impervious to water. This is the only burial vault, which perfectly keeps out water from the casket. Call Miller & Gruber for service on burial vaults. Nehawka, Nebraska

Music by the orchestra. Address by commander of the post, Mr. Hall Pollard. Music by the quartette, consisting of Misses Belle Bouck, Ruth Hinton, Grace Sturm and Erma Graff. Address by some prominent speaker. Presentation of certificates from the state.

The people of Nehawka would like as many people to come to this program as possible and all will be assured a good time who attend.

Will Build New Home
Henry Ross, who has been waiting for some time for the building costs to resume their normal condition, has concluded that this is about as good a time to make the move for the new home as any and therefore a short time since gave the contract to a Nebraska City contracting firm for the construction of a modern farm home.

A Safe Home Institution
Some banks have been robbed, some have gone to the wall on account of injudicious loans, and others by bad investments all over the country. During this time the Nehawka bank under the discreet management of Messrs. D. C. West and Frank Boedeker has kept free from the shoals which have wrecked many a financial institution and are on a solid foundation to care for the business interests of the community.

Will Celebrate the Day
The ladies of the merry-go-round have arranged to have a celebration at the home of Mr. and Mrs. Frank Cox on Saturday of this week when they will appropriately celebrate the signing of the armistice which closed the fighting in the world war. A cordial invitation is extended to all to come and enjoy the peasant evening which will be given.

Have an Excellent Time
The representatives of the Nehawka post of the American Legion, which were in attendance at the national convention at Kansas City last week, returned home and were well pleased with the excellent time which they had. Those from Nehawka were Walter Wundelich, Edward Wood and Eugene Nutzman. They met many of the boys whom they had been with in the war and at the national convention at Kansas City. Mr. Wundelich was especially pleased to have met one of his buddies, who lives in California, and was to have him home with him for a short time, but on account of the pressure of business at his home in the west he was, at the last moment, unable to visit here. Some tales are told of the doings of the boys at the meet. A number had gone to the stock yards and taken a steer and proceeded to town, loading the unruly brute and had gotten the animal half way up the stairs of one of the uptown hotels when they were persuaded to desist from their venture.

A number of the boys were shooting craps along the street when a straight faced preacher came along and appealed to the police to stop "sich doins", but the minion of the law replied, "Those are the boys who Fritz couldn't stop. How do you expect me to stop them?"

School Notes

Mrs. Shoemaker visited the 3rd and 4th grades rooms Friday afternoon. Friday afternoon after recess the primary room had a Halloween party.

Mrs. Chase and Mrs. Burby visited several of the grade rooms last week. The janitor assisted by the pupils and the dryman have been cleaning up the school yard.

Beatrice Chapman was absent from school Monday afternoon on account of sickness. It is planned to recognize State Fire day in the school by program and drills, both in the grades and the high school.

The second grade made spelling tablets this week. They used autumn leaves for cover designs. They are also reviewing numbers this week.

The pupils of the 3rd and 4th grades enjoyed having the 5th and 6th grades join them for a short Halloween program Friday afternoon.

Madeline Dale was absent from school Monday. She and her father went to Omaha to see her mother who has been in a hospital there for some time. Mrs. Dae returned home with them Monday evening.

A. E. Hanna of Blair, Neb. took pictures of the high school classes and the grades last Tuesday. He is selling them, postcard sizes, at fifteen cents each and if the pictures are not satisfactory the money is refunded by the teacher.

Mr. J. H. Pearson, state supervisor of Agricultural Education, will be at the school Thursday for inspecting the agricultural department and suggesting ways of improving it. He was recently elected to the vacancy caused by the resignation of C. W. Watson.

On account of the rain last Friday night and the lack of electricity the program and box supper given by the senior class was postponed to Monday evening. The sum of \$50.15 was received from the sale of boxes. The seniors wish to thank those who helped to make the program a success.

Mary Pollard celebrated her tenth birthday Monday, October 30th. She invited the girls of the fifth, sixth and seventh grades to her home immediately after school. Miss Scott and Miss Steinmeyer were included also. A number of games were played after which Mrs. Pollard served refreshments. The girls departed for home wishing Mary many more birthday parties like this one.

The school needs more books in its library and Supt. Burby requested that any of the pupils who have books at home for which they have

no further use donate them to the school library. In as much as the city has no public library, the school library should be built up so it is of the greatest use to the pupils and the community. A library is of great value in promoting good English and in giving a broader understanding to the pupils. The superintendent

would be glad to receive books from anyone outside the school that have some that they no longer use. The books should be by good authors and cover any field, that could be used in the school. The books here now have been catalogued and will be ready for general distribution soon.

Herold Andrus of Weeping Water was in Manley last Thursday looking after some business matters arising out of the controversy between the village of Manley and himself regarding the opening up of the street in view of the fact that some time ago. Just how the matter will be disposed of we will have to wait for some time to see.

The recent rains have given the road men an added task in getting the roads in condition, as the top of the ground forms a crust, while it remains wet underneath, thus making the work very difficult in getting the desired results. However, the road passing south of Manley is getting pretty fair condition under the work of Messrs. Krecklow and C. E. Mockenhaupt.

Missionary Work
The ladies of the Dress Form club, who have been holding some very interesting and worthwhile meetings, have interested the ladies east of town, in that they have also organized a club with Mrs. Frank Wood leader. He will not allow the days to slip past, but will immediately begin on the building, which shall be a both a workshop and a implement emporium. The blacksmith shop will be restored with the plumbing department, immediately, with an electric light plant, and the work hastened that he may get back to his business again. As all the stock was destroyed, Mr. Dall will not place a new stock of implements in his warerooms until near the spring time when they shall be needed, but will supply the wants of his customers by orders as they are needed.

Mr. Roehrer was born in Merlandberg, Germany, near 73 years ago, and came to America some forty or more years ago, living for a number of years in Louisville, where he was employed in one of the quarries near that place. Later he purchased a farm southwest of that place and northeast of Manley, where he has lived for near forty years. He leaves the aged wife and mother and six children, three sons and three daughters to mourn his departure. They being Mesdames Fred and Louis Newman, living between Manley and Murdock, and Julius Kousouky, of Wisconsin, the sons being Charles, living in Illinois; Louis, living between South Bend and Greenwood, while Herman lived at the home place. The funeral was held at the Louisville church northwest of Manley, and conducted by the Rev. Hartman, the interment being made in the burying ground of his church.

Serious Results from Colds
Colds not only cause a tremendous financial loss but are also a serious injury to every one who contracts them as they lower the vitality and prepare the system for the more serious diseases. It is not at all unusual for people who have serious lung trouble to say, "I had a bad cold last winter." Why Chamberlain's Cough Remedy and cure your cold while you can?

ENJOYABLE DANCING PARTY
From Saturday's Daily. Last evening a number of the young people of the city held a dancing party at the Modern Woodman hall that was attended by some fifteen couples of the younger social set and a most delightful time is reported. The dance was sponsored by a few of the prominent young men of the city and the proceeds of the dance will go to a fund for Louis Svoboda, high school football player, who was injured some time ago by having his leg broken.

For the occasion the hall was very prettily decorated with streamers of the bright hued crepe paper that added a pleasing touch to the scene. The music for the dance was furnished by the Four Ragopators in their usual pleasing manner. Messrs. and Mesdames F. F. Busch, Guy W. Morgan, and H. J. Uter served as chaperones of the pleasant event.

A PLEASANT EVENT
From Saturday's Daily. This afternoon a fine little son and heir arrived at the home of Mr. and Mrs. R. W. Knorr on high school hill at 1:30 and made the announcement of his intention to make his home there in the future. It is needless to say that the advent of the little son has brought great pleasure to the family and the chairman of the judiciary committee of the council is wearing a smile that speaks more eloquent than words his happiness.

RECORD LEAP FROM A PLANE
Kansas City, Mo., Nov. 1.—Encl Chambers of Post field, Fort Sill, Okla., today broke what officials say is the record for high altitude parachute jumping when he leaped approximately 26,000 feet from an army plane piloted by Lieut. Wendell Brooksley, also of Post Field. The stunt was performed in connection with the American Legion flying meet. Sergeant Chamber's descent took eighteen minutes. He landed about five miles from the field. Intense cold was encountered and Chambers and Brooksley commenced "smoking" their oxygen when they reached 22,000 feet. "I didn't go to sleep," said Sergeant Chambers, "but just sat and watched the cloudless sky during the ascent. The horizon was nothing but mist."

When the flyers had reached the "ceiling" Brooksley gave the signal and Chamber climbed out on the fuselage. Then he dived head first into space. Chambers said he dropped fully 500 feet before his parachute opened. Chambers said he suffered intensely from the cold during the early minutes of his five mile descent. Then, he declared, he lighted a cigarette and smoked it during half of the downward journey.
