HOLD A FAREWELL

The service class of the Christian church Sunday school gave a very pleasant reception last evening at the residence of Mrs. W. F. Clark in honor of Mrs. Harriett Pickens, her daughter who is soon to leave for the east. The regular business session of the class was also held at this time and the plans for the coming year discussed. Refreshments were served at a suitable hour that added in the pleasantness of the evening.

ALLIED DEBT FOR SOLDIERS

Washington, Jan. 3.—A resolution directing that half of the \$11,000,000,000 foreign war debt owed the United States be used for the benefit of American soldiers and sailors and their dependents and the other half be turned over to the allied governments which paid it, for the exclusive use of their fighters and dependents, was introduced today by Representative Husted, republican, New York.

MAY ASK FOR INCOME TAX

GOVERNOR WOULD HIT ALL PUBLIC OFFICERS IN PROPOSED LEVY ON SALARIES.

STUDYING TAX REDUCTION

Income Tax Would Replace 5 Per Cent Cut that Could Not Apply to Some Officers.

"This would be in addition to reductions in appropriations for wages and maintenance and new buildings for state departments, if such an income tax is adopted by the legislature that portion collected on account of county officers or perhaps city officers might be retained within the counties for county expenditure. The tax collected on state officers could not be turned into the state general fund."

The governor did not discuss the right of the legislature to impose a state income tax. Some have questioned this right.

Chancellor Sees Governor Governor McKelvie has not changed his mind one particle about submitting a gasoline tax to a special session of the legislature, but he is seriously considering an income tax upon all public officers instead of a 5 per cent reduction of salaries of state officials and employees. He still proposes to ask the legislature to reduce appropriations wherever possible, including lump sum appropriations for salaries of state employees.

His first proposal was to reduce salaries of state officials and employees 5 per cent on all salaries they receive excepting \$1,000 a year from each salary.

"This 1 per cent cut in salaries," said Governor McKelvie, "could not reach all officials on account of the constitutional exemption of certain salaries from change during a term of office. I have been studying the proposition of asking the legislature to pass an income tax applying to all public officers. This would include all state officers, county officers and probably city officers and perhaps all public employees. It ought to apply to all public officers who are now subject to a federal income tax. It might be a tax identical with the federal income tax."

Chancellor Avery, accompanied by L. E. Gunderson, bursar of the university, called on Governor McKelvie Tuesday forenoon. The governor said the visitors called to ask for specific information in regard to the proposed reduction of salaries and expenses to be enacted upon by the special session.

Governor McKelvie has asked each expending agency of the state to submit a budget showing where expenditures can be curtailed during the year. Chancellor Avery called to obtain definite information which he believes can be done by the regents who will meet in Lincoln within a few days to take action on the subject matter.

"The regents are contemplating a reduction," said Governor McKelvie. "I have asked each department to make a frank statement of what they believe can be done on this year in the matter of reduction of expenditures without impairing efficiency and I have no doubt the legislature will be equally frank in dealing with the expending agencies."

The governor has done nothing toward investigating the value of an appointive commission to revise the tax laws and report to the next legislature.

In regard to the saving of appropriations the governor said he believed from what he had heard from legislators that there is a disposition to report that appropriation which gives \$250,000 of state funds for a memorial gymnasium on condition that \$350,000 is raised by subscription, also the appropriation of \$75,000 for a paying on the Fort Crook road on condition that Searcy county and the federal government give \$125,000 for that purpose. The governor said only a nominal sum had been raised by subscription for the university gymnasium. No one has taken steps to meet the Fort Crook appropriation and the value of the appropriation is still in court, tho a district court held the appropriation void. The governor considers the repeal of the university gymnasium appropriation a saving of the full amount, tho \$125,000 of that amount has been levied and collected and expanded by the state treasurer for other purposes. It will have to be replaced and can be appropriated for other purposes if the special session sees fit.

NOTICE—ANNUAL MEETING

Plattsmouth, Neb., December 27, 1921.

HAZEL SULLIVAN, Teacher.

Deltich Koester one of the well known residents of Weeping Water is in the city today looking after some matters of business.

SHOWS SOME SPEED

Though the earth almost tipped some of the molten craters of the sun at 2:37 yesterday morning in its closest proximity to Old Sol, the present warm spell throughout the country is not caused directly by the fiery old lodger's position in the orbit at this time, according to Rev. William R. Rigge, S. J., astronomer at Creighton university.

"The earth is approximately 3,000,000 miles closer to the sun now than it was last July," Father Rigge explained. "But that isn't causing our mild winter. Shortly after 2 yesterday morning, the earth reached the perihelion, the closest point in the orbit to the sun. "Our warm spell at this time of the year may be due to many things," Father Rigge said.

When Old Mother Earth passed thru the perihelion yesterday morning as it goes about that time every year it was hitting the mere speed of 18 1/2 miles a second, 1,110 miles a minute, or 66,600 miles an hour, said Father Rigge, Dizzy, eh?

We mortals are now whirling out of close range of the sun toward the apohelion, the farthest point in the orbit from the sun.—Omaha Bee.

TOWN OF MURDOCK SUFFERS A HEAVY FIRE LOSS

Wm. Gehrts Garage Destroyed By Fire With Loss of \$40,000—Repair Shop Also Burns.

From Wednesday's Daily Yesterday morning the town of Murdock was visited by a most destructive fire that caused a loss of \$40,000 in the burning of the building of William Gehrts which was occupied by Mr. Gehrts with his implement store and Jesse Landholm auto repair shop.

The fire occurred shortly after 8 o'clock and was caused when the fire in a stove in the Landholm repair shop was started. There had been some oil placed on the fuel in the stove and when it was lit the stove exploded, scattering the burning oil and fuel over the building and in a few minutes the structure was wrapped in flames.

The stock of Mr. Gehrts was quite large and there were also a large number of automobiles in the building at the time and it was only by the most energetic work that there was anything saved from the burning structure. A Buick car belonging to Charles Schafer was saved from the building and Mr. Gehrts was able to secure one tractor and two manure spreaders from the stock and remove them to a place of safety.

There is no fire protection in the way of a water system in Murdock and altho the citizens worked desperately to save the building, which was one of the largest in the town it was with sadness and in a very short time the structure was reduced to ruins.

For a short time it seemed that the fire would spread to the building occupied as the postoffice and the contents of that building were removed but through the excellent work of the residents of the town it was possible to save this building.

A small frame house located between the garage and the bank building were destroyed by the fire but the flames checked before they reached the bank building. The residence was occupied by E. K. Norton, the butcher.

As far as could be learned there was only partial insurance on the building and the contents and the loss will be a very heavy one to both Mr. Gehrts and Mr. Landholm. The autos that were stored in the building were completely destroyed and all that marks the site of one of the leading business establishments of Murdock is a mass of ruins.

YOUNG PEOPLE OF CITY JOINED IN WEDLOCK TODAY

Miss Helen Roberts and Mr. Wallace Hunter Married Today at Robert's Home.

From Wednesday's Daily This afternoon at the beautiful new home of Mrs. Kittie C. Roberts on high school hill, occurred the marriage of Miss Helen Roberts to Mr. Wallace J. Hunter. The wedding was very quiet, only the relatives and a few of the closest friends of the contracting parties being in attendance at the ceremony.

The home was very prettily arranged with decorations of Mrs. Ward roses that added a pleasing touch to the scene of happiness and furnished a charming setting for the marriage ceremony.

Rev. H. G. McClusky, pastor of the First Presbyterian church, of which the family of the bride have long been members read the beautiful and impressive marriage service and the ring ceremony was used in the solemnization of the vows.

ALL STAR BOXING CARD ARRANGED

Logan and Schlaifer Head Omaha Labor Temple's Show One Week from Tonight.

For more than six months promoters have been angling for a boxing match between Morrie (Kid) Schlaifer and Bud Logan. Both of these welterweights have met some of the biggest men in their class, and have almost parallel records. That is why the public has been clamoring and the promoters vying with each other for a match between them, but it remained for Bert Muth, matchmaker for the Labor Temple, Omaha, to slip in and obtain signed contracts for a ten round go that promises to draw one of the largest crowds ever in attendance at a ring battle in Omaha.

Among the men from whom Logan has won decisions in the past year are Champion Jack Britton (newspaper decision) Harvey Thorp and Johnny Nichols. Nichols holds two decisions over Schlaifer, followed by a recent 10-round draw, while Thorp and Schlaifer fought a draw at the American Legion's show at Fremont the last of September.

Schlaifer has been going good during the past year, and although he is younger both in point of years and experience than Logan, he is picked by many to win. He has fought a draw with Billy Rolfe, and during the past few months surprised Minneapolis fans by knocking out their favorite, Gunner Joe Quinn. Two weeks ago at the Schmaeder-Lamson fight in Omaha, he knocked Jimmy Niko, A. E. F. welterweight champion, out in the tenth round, after being outpointed in the early rounds of the fight.

For the ten round semi-windup Navy Rostan of Chicago will meet Gunner Joe Quinn, the Minneapolis boy. Quinn has beaten Delaney, the

LOCAL NEWS

FROM WEDNESDAY'S DAILY

Guy Hell and sister, Miss Anna, were among those going to Omaha this afternoon to visit for a few hours with friends and looking after some business matters.

Ezra Horning of Nelso, Nebraska, who has been here visiting with his relatives and friends, returned this morning to his home in the southern portion of the state.

Frank Sitzmann of near Imperial, Nebraska, is in the city, coming in for a short visit here with his daughter and family and his brothers, Paul and William P. Sitzmann.

PINOCHLE CONTEST ON

The American Legion members have been staging some very interesting pinochle contests in their club rooms in the past week and which has developed some very clever players in this favorite pastime and the boys have succeeded in reaching a high state of efficiency in the game so that they can give the inventor of pinochle a few points on how she is played. "Doc" has proved a most adept pupil at the game and having just started in has reached a high standard of playing and despite the harrowing experience of getting several "railroads" in the count is still the champion "melder." Henger, Wichman, Brigs, Hollmeier, Vronan and others are showing great form and it is expected that the boys will soon be able to take on the best of them.
