FINE HORSE WAS CHOKED TO DEATH IN QUEER WAY

On last Sunday the man who is working for George Mikel rode a fine brown mare belonging to the latter over to Perry Colbert's farm where he had purchased a riding horse. He had made the trip and got the horse and was near the Emil Bornemeyer farm, when the horse he had purchased fell down.
The rope that held this horse was in some way tied around the nose of the brown mare and then to the saddle horn. When the horse fell it seems the rope was drawn so tightly around the nose of the large horse that it's wind was shut off and before the rope could be untied the horse was dead. This is a queer and unfortunate accident and caused the loss of a very valuable horse. Those who saw the accident are at a loss to know how it all happened so quickly.

A Farmer Cured of Rheumatism

"A man living on a farm near here came in a short time ago completely doubled up with rheumatism. I handed him a bottle of Chamberlain's Liniment and told him to use it freely," says C. P. Rayder, Patten Mills, N. Y. "A few days later he walked into the store as straight as a string and handed me a dollar saying, 'Give me another bottle of Chamberlain's Liniment; I want it in the house all the time for it cured me.'" WILL PUT IN RADIO

The Elks lodge here at their session this week decided that the club house should be as modern and complete as possible and accordingly they will have installed a fine up-to-the-minute radio receiving station so that the members of the lodge can enjoy hearing the messages that are flashed across space from one section of the country to the other. The radio station will be found the source of a great deal of interest and filled with the utmost pleasure to the members of the order.

"It's lucky we had Lee Puncture-proof tires"

PICKING up a horseshoe is unlucky where ordinary pneumatic tires are concerned. The same applies to nails, tacks, spikes, sharp metal and splinters of stone or glass.

But Lee Puncture-proof tires are different. They carry our cash refund guarantee against puncture.

The air in the tire carries the load. Lee Puncture-proofs hold the air.

That's why Lee Puncture-proof pneumatics have grown in favor every day for the past ten years—for passenger, business and delivery cars—for trucks.

We stand ready to prove that Lee Puncture-proof tires will solve your tire-trouble problems.

DUNBAR CHURCH EQUIPPED WITH PICTURE MACHINE

The First Presbyterian church of Dunbar is carrying its message to the people in a practical way. A professional motion picture equipment has recently been added to the church's furniture and fixtures and pictures are shown in connection with Sunday evening service. Large crowds have been attending these picture services.

It is about the first instance, it is claimed in rural Nebraska, that a church in southeastern Nebraska has taken this progressive view of the situation.

Don't let that sour stomach sour your disposition and make your life miserable, while Tanlac is ready to give you relief. Get it now. F. G. Fricke & Co.
