## YOUNG PEOPLE ARE JOINED IN HOLY WEDLOCK

MISS GOLDA NOBLE AND MR. CLARENCE L. BEAL MARRIED LAST EVENING.

From Thursday's Daily.  
One of the most charming home weddings of the summer season occurred last evening at 8 o'clock at the home of Mr. and Mrs. A. R. Noble on north 11th street, when their eldest daughter, Miss Golda, was united in marriage to Mr. Clarence L. Beal.

The home was lavishly decorated with the flowers of the summer season, the stair down which the bridal party made their way being decorated with a profusion of smilax and the purple clematis while the archway connecting the large hall and parlors was transformed into a bridal bower with decorations of the smilax and clematis interwoven with festoons of white ribbon and making a most appropriate setting for the happy event.

Preceding the wedding ceremony, Mr. Thomas Bonney of Omaha, a cousin of the bride, sang "At Dawning," by Cadman, the accompanist being Miss Sylvia Noble, sister of the bride, and as the bridal party descended the stair Miss Noble played the Mendelssohn wedding march, the melody being played softly during the performance of the wedding ceremony.

The bridal party took their stations beneath the bridal arch, where the Rev. Henry Neighbors of Forest City, Mo., uncle of the bride, joined the two happy hearts in the bonds of wedlock, the beautiful and impressive ring service being used in the solemnization of the vows. At the conclusion of the ceremony Rev. John Calvert, pastor of the First Methodist church of this city, offered the prayer, and the blessing on the two estimable young people who are to take up their journey of the highway of life as a unit.

The bride was very winsome in a gown of white tulle with orange blossoms and carrying a bouquet of white roses.

The bride and groom were accompanied by Miss Fern Noble, sister of the bride, as bridesmaid, and Mr. Joseph H. McMaken, Jr., as best man. Miss Fern Noble was dressed in a striking costume of blue satin with overdress of gold net and carried a bouquet of sweet peas. The groom was dressed in a suit of lavender and white organdy.

Following the wedding ceremony the family and friends joined in showering the bridal couple with their well wishes, but the reception was of short duration as Mr. and Mrs. Beal stole a march on their friends and leaving the house unbeknownst to the members of the bridal party, were taken by auto to Omaha, and from where they will leave on a honeymoon of some duration, but leaving no inkling as to their destination.

The young people on their return to this city will be at home to their friends in the home that they have arranged in the south portion of the city and where they will reside in the future.

Both of the young people who have joined their lives are well known in this city where they have made their home for almost all of their lifetime and to them the best wishes of the friends will be extended. The bride has been one of the most efficient teachers of the city schools and very active in the social life of the city and a lady of more than usual charm of personality. The groom is the youngest son of Mr. and Mrs. M. M. Beal, and one of the most popular members of the younger set in the city and quite active in the work of the B. P. O. E., of which he is the local secretary. Mr. Beal is a former service man and was in the naval service in the World War.

## HAVE A FINE PICNIC

From Thursday's Daily.  
Last evening the employees of the H. M. Soennichsen store enjoyed a very delightful outing along the banks of the Missouri river in the vicinity of the Burlington bridge and which certainly was enjoyed after the heat of the day in the busy store. The trip was made by auto and the jolly party enjoyed themselves until late when they returned home. One of the chief features of the evening was the fine picnic supper served in the pleasant shade of the towering bluffs.

## PIGS IN NEBRASKA ON THE INCREASE

Fourth More Litters in State Than Last Spring, and a Fifth More Pigs Saved From Each.

The number of litters of spring pigs in Nebraska is 26.5 per cent greater and the number of pigs saved twenty-one per cent greater than last spring according to the results of the pig survey announced Wednesday by A. T. Anderson, Nebraska agriculture statistician. The average number saved per litter was 6.2 pigs as compared to 5.4 a year ago. The number of sows bred for fall litter is 59 per cent greater.

The corn belt states show an increase of 14.5 per cent of spring pigs saved, and a 22.8 per cent increase in litters. The average number of pigs saved per litter was 7 per cent less than last year, or 5.66 pigs per litter compared to 6.1 pigs last spring. The number of sows bred for fall litters is 49.3 per cent greater than last year in the corn belt states.

The number of pigs saved in eastern states included in this survey was 67.3 per cent and in southern states 69.3 per cent as compared to last year. The number of sows bred for fall litters is 23.5 per cent and 27 per cent greater respectively.

If farmers carry out their expressed intentions regarding fall farrowings the total number of spring and fall litters for the year will be 28 per cent greater than last year. Last year the number of fall farrowings represented 28 per cent of the total farrowings for the year while this year they will probably represent 35 per cent.

Stocks of pork products other than lard in storage on May 1 are 33 per cent less than the 5-year average and 26 per cent less than a year ago. Lard stocks were 37 per cent less than a year ago and 16 per cent below the 5-year average. Stocks of other meats are correspondingly low.

This survey gives the number of hogs and not weights. Past records show that the average weights of hogs marketed has varied as much as 34 per cent, or from 193 to 262 pounds during the past five years.

## CONSERVE PARKING SPACE ON THE MAIN STREETS

Work on Street Means Less Room For a Time—Need System of Parking to Save Space.

The work of installing the new sewer and the repaving of Main street is on in full swing at the present time and as the result the space on the street for parking cars is limited and brings to the forefront the need of a system that will conserve all the space possible and therefore when parking cars be sure to take up as little room as possible.

With each car driver parking close to the next car there can be a great deal of space saved that is now slowly being wasted and which will be very badly needed in the next few months as the street work is being carried out.

Chief of Police Barclay will do all possible to aid in the work of making as much use of the amount of space allowed for parking as possible and with the co-operation of the citizens who drive cars, it is hoped to be able to conserve space for the cars that are desired to park on Main street.

## ENTERTAINS AT KENSINGTON

From Friday's Daily.  
Yesterday afternoon Mrs. James T. Begley was hostess to some twenty of the lady friends at a Kensington at the pleasant home in the northern portion of the city. The rooms were made more than usually attractive with the season's flowers whose natural beauty added a great charm to the occasion.

The ladies spent the time in their sewing and social conversation that served to pass the time very delightfully and at an appropriate hour light refreshments were served by the hostess who was assisted by Misses Kathryn Wadick and Gladys Liston.

The members of the very delightful party at a late hour in the afternoon departed for their homes feeling that it had been a more than usually enjoyable event.

## DE MOLAY CHAPTER MEETING VERY LARGELY ATTENDED

Farewell to Members Who Have Attained Age of Twenty-One and Initiation Cover Meeting.

From Thursday's Daily.  
Last evening Cass Chapter, Order of De Molay, held a very interesting session at their lodge rooms and at which time they conferred the work of the order in both the initiatory and De Molay degrees and as well held a special convocation in honor of the members of the chapter who have passed the twenty-one year limit of the order and who now close their activities as members of the order.

There were a large number of the members of the Masonic fraternity in attendance at the meeting and enjoyed to the utmost the occasion and the manner in which the boys put on the degree work of the order. Judge James T. Begley and Elmer Hallstrom of Avoca, addressed the members of the order very fittingly.

The special convocation was given over to the honoring of the members having reached the age of twenty-one years and who automatically cease to be members of the order.

The two past master councilors, Harley F. Cecil and Raymond C. Cook were each presented with a handsome past master councilor's jewel, the presentation speech being made by Otto Trilety, junior councilor of the chapter, and to which the two gentlemen responded very feelingly.

The older members who were retired from the activities of the order will in the years to come carry with them the inspiration that the order has given them, although they are no longer members.

At the conclusion of the evening very dainty light refreshments were served in the banquet hall by Messrs. Billie Matchall, Charles Richards, Carl Schneider and Carl Ofe which were very much enjoyed by the entire party.

## QUALIFIES AS A REAL BOOSTER

Johnny Wolff Sells Studebakers as a Sideline and Makes Practice of Boosting the Town.

One of the quiet but effective boosters of the town is our good friend and neighbor, Johnny Wolff. He seems to make it his principal business and only sells Studebakers as a sideline occupation.

This year, as well as on numerous past occasions, Johnny is giving a lot of his time to looking after the affairs of the baseball team and in this is proving most successful.

When seats to the Legion's athletic show were placed on sale, Wolff purchased outright a block of 23 seats, paying for them out of his own pocket, knowing full well that a rain might prevent those he was counting on using them, and thus leave him "in the hole." At the Legion's show last September, Johnny purchased a similar block of fifteen seats.

Not only in matters like this, but when it comes to using one of his cars or trucks, the Legion's appeal has always met with ready response on the part of Mr. Wolff.

A few days ago when someone was quibbling about what might happen if it rained the night of the show, Johnny countered by informing the parties no individual was receiving any of the profits, and that a few years later when the Legion erects a fine community building with the money it is able to make they wouldn't miss the \$2 if they never got to see the show at all.

Mr. Wolff has well earned the sobriquet we hooked onto him at the beginning of this article—a quiet, but effective booster.

The home was very prettily arranged for the occasion with a profusion of the summer flowers and roses.

## ENJOY FINE FAMILY REUNION AT SIDNEY

Hiatt Family, of Which Mrs. F. R. Gobelman of This City is a Member, Get Together.

Mr. and Mrs. Frank R. Gobelman of this city have been enjoying during the past week a very happy family reunion of the Hiatt family at Sidney, Iowa, which was held at the home of Mrs. Gobelman's parents, Mr. and Mrs. David Hiatt. It was the first time for a number of years that all of the family were able to get together and was an event of the greatest pleasure to all of the party.

The Hiatt family are almost all devoted to music in some form and during the reunion many very pleasant times were had in the rendition of the various programs of instrumental and vocal music.

Miss Marjette Hiatt, one of the daughters, has made a very distinguished record as a pianist and is a graduate of the University of Nebraska as well as of the musical schools of Chicago and is now preparing for a trip to Europe to study there under the old masters.

The members of the family participating in the gathering were Mrs. Ann Pitchen, of Decatur, Iowa; Misses Marjette, Lovy and Martha Hiatt; Mr. and Mrs. F. R. Gobelman of Plattsmouth, and Iron Hiatt, of Plattsmouth.

## EXTENSION OF WASHINGTON AVE. SEWER GOOD THING

Will Do Away with Unsightly Creek Bed in Vicinity of New Tourist Park and Prevent Flood.

The proposal of the city council to go ahead with the work of extending the Washington avenue sewer for some 500 feet from the present mouth of the sewer entrance near the O. K. garage is a move that will be of lasting benefit to the city and especially that section which lies in the immediate vicinity of the old creek bed.

In making the extension the lines will be straightened out so that the sewer will not have to follow the winding course of the creek and thereby make it easier to convey the flow of the water.

The farther the mouth of the sewer is placed away from the main portion of the city, the less danger there is of serious overflows, except in extraordinary cases.

It will collect the flood waters nearer their source and make an appreciable difference in the volume of water that frequently overflows over the street in time of very heavy rainfall.

Not only should the work of making the present extension be made, but a portion should be completed each year until the old creek is entirely eliminated from that section of the city. The work is not only a matter of safety to the main portion of the city but one that will make the property in the vicinity of the sewer much more valuable in every way.

## MARRIED AT PARSONAGE

From Friday's Daily.  
This afternoon at 2 o'clock at the parsonage of the First Methodist church occurred the marriage of Mrs. Halle Black and Mr. A. Marshall, both of this city.

The wedding was attended by a number of the relatives and a few close friends of the contracting parties and following the marriage ceremony the young people departed for St. Louis and from there go to Vandalia, Ill., where they will visit with the family of the groom for some time.

The marriage lines were read by the Rev. John Calvert, pastor of the church, and the ring service used in the ceremony.

## CLEANING AND TAILORING SHOP IS BADLY 'CLEANED'

Fire Sweeps Establishment of Fred Lugsch, the Tailor, Last Evening and Does Damage.

From Friday's Daily.  
A few minutes after 6 o'clock last evening fire broke out in the cleaning and tailoring shop of Fred Lugsch on the north side of Main street between 4th and 5th street and in a very few minutes did a great deal of damage to the building and the contents. Mr. Lugsch had crossed the street to the Soennichsen store to make some purchases and as he was returning to the shop he was startled to see a gust of smoke sweep out of the doorway of his place of business and running to the tailor shop found the rear room a sheet of flame. Fire extinguishers were procured and an attempt made to check the fire but without success and by this time the fire was gaining headway when the call for the fire department was put in. The fire department responded to the call and soon had the fire well under control but not until it had done much damage.

The fire was started by a gas heater used in the cleaning and drying of clothes and the heater was so located that in a few minutes after the first start of the fire the blaze spread very rapidly.

Mr. Lugsch had the greater part of the suits and dresses he was cleaning and had on hand in a case in the front portion of the establishment and these were not damaged greatly aside from water and in a few instances being scorched and as soon as possible they were removed from the shop. They suffered some from the effects of the smoke that was quite dense in the building.

The smoke as well as the water caused some little damage in the barber shop of Percy Dunn, adjoining the tailor shop and the work of redecorating that has just recently been completed by Mr. Dunn will have to be fixed over as the result of the fire.

Mr. Lugsch was well protected by insurance on his machinery as well as on the clothing that he had on hand and the building, which is owned by Mrs. V. V. Leonard, is also protected against the loss by fire. It will require some little amount to put the building back in shape.

## CLAIMS MONEY DUE HIM HAS BEEN HELD BY BANK

Fred G. McIssacs Brings Action Against Bank of Commerce for Sum of \$1, 85.00.

From Friday's Daily.  
This morning in the office of the clerk of the district court was filed an action by Fred McIssacs, non-ident plaintiff, by his attorney, Wm. A. Robertson, claiming the sum of \$1,285.00 from the Bank of Commerce for funds of the plaintiff withheld by the defendant bank.

The petition of the plaintiff states that on or about the 8th day of June, 1917, the plaintiff commenced a checking account with the defendant bank and that this continued thru the years 1918 and 1919, and aggregated something like \$5,000 in that period of time.

In the year 1917 the plaintiff entered the military service of the United States and continued in service until June, 1919, when he returned home and found that there was the sum of \$1,285.00 still to his credit in the Bank of Commerce and that when he attempted to check on this amount in the custody of the bank, the checks were refused and not paid by the bank, he then learned, it is stated, that there had been sums unlawfully charged against his account in the bank in the amount of \$1,000, \$200 and \$85, which had not been made by the plaintiff, Mr. McIssacs. The amount of the deposits still remain in the custody of the defendant bank and Mr. McIssacs, through his attorney, Mr. Robertson, asks the sum of \$1,285.00, together with interest at 7 percent from June, 1919, be awarded him by the court against the defendant bank.

## DOES SOME DAMAGE

From Friday's Daily.  
The rain last night caused the settling of the bank along the new sewer trench near the Perkins hotel and as the result two of the iron pillars supporting the large balcony in front of the hotel, were allowed to fall into the ditch. Mr. Cory with a great deal of foresight, had a false work and support timbers placed under the balcony a few days ago and as a result the balcony itself did not fall but had it not been for this quite a serious accident might have occurred.

Call at the Journal office for fine gift stationery, in both large and small boxes.

## VERY PLEASING DANCE

From Thursday's Daily.  
Last evening the local council of the Knights of Columbus gave a very delightful social dance at their hall on Chicago avenue and which was very largely attended by the young people of the city and to the excellent music furnished by the Elks orchestra the time was spent in dancing and a general social good time until the midnight hour. The ladies of the C. D. of A. furnished very tempting refreshments during the course of the evening and which added to the general spirit of enjoyment.

## STALLED BOOZE CAR IS CAPTURED NEAR GREENWOOD

State Sheriff Gus Hyers Nabs the Four Passengers and Holds Them for Quinton.

From Friday's Daily.  
Yesterday afternoon State Sheriff Gus Hyers was spinning homeward to Lincoln from Omaha, and when near Greenwood he passed a Buick car by the roadside and seeing that the buzz wagon was apparently out of commission he stopped to see what was wrong and incidentally disclosed some fifteen gallons of the well known and very popular beverage, "booze," which was evidently headed for the state metropolis.

The state sheriff found four occupants of the car, who gave their names as Kent McLead, S. E. Russell, Lois Caples and Verna Kelly, all of whom claimed Omaha as their home with the exception of the last lady, who was from old Kentucky, and all but Miss Kelly gave their residence as the Hotel Millard in the metropolis. Miss Caples stated that her profession was that of chorus girl and all of the party were greatly shocked to learn that the car contained booze.

Russell stated to the state sheriff that he was the only one in the party responsible for the booze and was in full possession of it, but declined to give the name of the party to whom it was consigned when captured. He also stated that the car belonged to him but had an indebtedness of \$200 on it.

Mr. Russell stated to Sheriff Hyers, "I haven't taken a drink for two years, and what is more I wouldn't take one for \$100."

Sheriff C. D. Quinton departed this morning for Greenwood, where he will take over the prisoners and bring them to Plattsmouth to be given a course of the celebrated Cass county brand of justice.

## LOOKING AFTER THE RANGE

From Friday's Daily.  
This afternoon Lieut.-Col. McDaniel, U. S. A., who is attached to the Nebraska national guard as instructor, was here looking after the rifle range north of the city, where the school of fire for the guard will be held. The state troops will arrive here on August 14th and remain here until August 28th and during this time have a thorough instruction in the art of soldiering. While the encampment is a few weeks off now is the time to get busy and see that the roads and streets leading to the range are placed in first-class shape and that will be a credit instead of a knock to the community.

## S. T. I. CONTEST IS ENJOYED BY MANY

Public Library Auditorium Filled With Well Pleasured Audience To Listen to Offering.

From Friday's Daily.  
Last evening the S. T. I. contest of the auditorium of the public library was one of the most pleasing entertainments of its kind that has been given here this season, and enjoyed by a very large audience.

The young people who gave the recitations were excellent in their work and showed thought and care in the preparation of their subjects and in the manner in which they were delivered. In this portion of the program, Alice Mason, Elizabeth Willes, Alice Crabill, Helene Perry, Nina Hollowell, Edith Quinton and Gretchen Warn, participated. Marjorie Pickett, who was to have taken part was prevented by illness in her family. This portion of the contest was very close as to excellence and the prize awarded to Miss Gretchen Warner who won from Miss Helene Perry by one-third of a point.

The musical portion of the program consisted of vocal solos by Miss Harriet Peacock and Mrs. Hill Martin, which were very much enjoyed, and the trio by Misses Helen Westcott, Edith Gopen and Alice Louise Westcott was also one of the numbers of the program most enjoyed.

In the essays prepared by the young people, the judges found much difficulty in making their selections as the papers were all very timely and well prepared and it was only on the typographical work that many of the awards could be made. On the subject of "Wine and Beer," Helen Wurl won the first prize and Marjorie Shopp the second prize. On the subject of the "Dangers of the Cigarette and Tobacco," Mildred Hall won the first prize and Cleve Edgerton the second prize. In the fifth and sixth grade contests on the subject of the evils of tobacco, Isabel Marshall received first prize and Geo. Olson the second.
