WAR HERO PAYS A VISIT TO CITY TODAY

J. H. Hanberry of Omaha, Decorated For Bravery in Battle, Here to Visit Guard Camp.

From Tuesday's Daily: This morning, J. H. Hanberry of Omaha, who recently received the D. S. C. from the hands of the war department for bravery on the field of battle in the World war, was here visiting at Camp P. H. Barry, the national guard encampment.

The honor man was wounded three times at Chateau-Thierry while serving as lieutenant of infantry and his experiences form a thrilling page in the annals of American hardihood.

Mr. Hanberry is now a member of the World-Herald staff and spent the day here in the interest of his paper and was accompanied by Pat McAndrews, official photographer of the paper.

ENJOYS NEW HOME

From Wednesday's Daily: Paul Roberts of Clarks, Nebraska, was here today visiting with the old friends in this city for a short time. Mr. Roberts is well pleased with his location and states that he has a fine, up-to-date lumber yard and finds the residents of Clarks most delightful friends and neighbors to deal with. He also stated that that portion of the state has suffered more or less from the hot weather and a few days of the hot winds has done quite a little damage to the corn in Merrick and Howard counties.

Itching piles provoke profanity, but profanity won't remove them. Doan's Ointment is recommended for itching, bleeding or protruding piles. 60c at any drug store.

Attorney C. L. Graves and W. H. Mark motored up from Union today in the car of Mr. Mark and spent a few hours here. Mr. Graves having business in the county court and Mr. Mark looking after some trading.

RAIN SAVES THE CORN IN SECTIONS OF NEBRASKA

Heavy Fall Reported in Widely Scattered Localities Much Needed Relief to Crops.

Spaulding, Neb., Aug. 22.—A five hour rain over this vicinity today saved the corn crop, according to farmers. Fall plowing will be started immediately.

Fronton, Neb., Aug. 22.—Rain which followed the hottest day of the year here, totalled .31 of an inch early today. The temperature Monday, reached 102. Corn here has suffered greatly from the heat and will only yield a fraction of a normal crop.

Humboldt, Neb., Aug. 22.—More than an inch of rain fell here Monday, and probably will bring the corn yield several bushels an acre nearer normal. Pastures burned brown all over this vicinity.

Lightning struck the home of Arnold Schutz, shaking members of the family and causing slight damage to the building.

Grand Island, Neb., Aug. 22.—A fine rain of 1.55 inches fell here last night, greatly aiding much corn and reviving pasturage.

Monroe, Neb., Aug. 22.—Rain which started to fall at 4:30 a. m. Tuesday continued until noon, sending the thermometer downward from the temperature of 102 that had prevailed for the past week and saving a good portion of the corn crop which has suffered the past two weeks.

The downpour, which measured considerably more than an inch, put the ground in excellent condition for fall plowing.

Greeley, Neb., Aug. 22.—After two weeks of intense heat a heavy rain fell in this section last night. Reports from over the county indicate that the fall was general and that from an inch to two inches fell. Damage to the corn crop now will be slight.

CRAP SHOOTERS HIT HIGH SPOTS LAST EVENING

Civilians From Omaha Visit Camp Barry and Receive Invitation to Beat it Back to City.

From Wednesday's Daily: Last evening, Sheriff C. D. Quinton was called down to Camp Barry where two civilians from Omaha were being detained for him, charged with having trespassed in the camp and having indulged in the well known army game of "Mississippi marbles" or "craps" as it is recognized the world over.

The two visitors or at least one of them had not been as lucky as he might and in his efforts to make a "pass" had dropped large numbers of the bright and attractive coinage of Uncle Sam to various parties that had "faded" him, and as a consequence the loser was not in the most agreeable humor when he ceased to roll the elusive dice. From all reports it seems that wrath burned in his breast and he proceeded to make a loud and vigorous kick over the loss of the money that attracted the attention of the officers and guards and the men were held for the civil authorities.

The two crap shooters were brot up to the county jail for a short time and then sent homeward, the experience at having tried to beat the army sport being thought a sufficient punishment and saving the expense of feeding the men the rich viands that Cass county provides for its unwelcome guests.

RETURN FROM TRIP TO ILLINOIS AND IOWA

From Wednesday's Daily: Mr. and Mrs. C. E. Cook and son, Raymond, and Miss LeNora Snyder returned this morning from a two weeks' trip in Iowa and Illinois, where at Burlington, Iowa, they spent a few days with Mr. Cook's cousin, and at Beardstown, Illinois, they spent several days with Mr. and Mrs. Cook's daughter, Mr. and Mrs. A. J. Doerr. Mr. Doerr is in the employ of the Burlington railroad at Beardstown, but is now out on the strike. They report a very pleasant trip and a most delightful visit during their stay in Beardstown. They attended the annual fish fry at Beardstown at which time the city authorities fried and gave away 11,000 pounds of fish during the meal time of the day. Other articles of food that go to make up the meal were also included.

NEW RED BOOKS HERE

TAKEN TO OMAHA

From Wednesday's Daily: This afternoon Deputy U. S. Marshal Carl Newman departed for Omaha, taking with him Fred Schlieske, against whom a complaint has been filed in the federal court by members of the Burlington guard camp at the shops. The charges grow out of the mix-up at the station here last week and which was the cause of a great deal of excitement at the time. It is claimed that the young man is the friends of the boy and who are acquainted with the circumstances of the case. The matter will be heard before Judge Woodrough in the U. S. court this week.

INDUSTRIES ANNOUNCE A WAGE BOOST

MINE OPERATORS AND STEEL CORPORATION DECIDE ON A PAY INCREASE.

New York, Aug. 22.—Three big steel corporations, employing nearly 300,000 workers, today announced a 20 per cent wage increase for all day laborers in their manufacturing plants. The United States Steel corporation took the lead, but was quickly followed by the Midvale Steel and Ordnance company and the Youngstown Sheet and Tube company.

In the absence of Charles Schwab and Eugene Grace of the Bethlehem Steel corporation, no other official of that company would commit himself. Secretary Brown said, however, he did not know of any action that had been taken on the wage question. President Matthews of the Crucible Steel corporation said his company has taken no action "as yet." It was generally believed in financial circles that all important independent steel firms would announce increases within a few days.

News of the increase came as a surprise to the financial district, probably because wage adjustments in other industries have been generally downward. It was followed by slight recessions in the price of steel shares.

No explanation of the increase was given by the steel corporations. However, it is known that the immigration law has cut off the supply of unskilled laborers which formerly drifted to the iron and steel centers. When the labor shortage became acute last spring and the steel industry began to show signs of rehabilitation, temporary relief was afforded by the employment of men thrown out of work by the coal strike.

Restore 1920 Scale

Jeanette, Pa., Aug. 22.—The wage scale of 1920 will be put into effect at the 10 mines of the Westmoreland Coal company tomorrow, according to notices posted at the mine today. Altho these mines are in the nonunion fields, few operators have been able to obtain capacity production. Increases of 24 cents a ton will be paid pick miners.

The new scale will embody increases from 36 to 58 per cent for the various classes of labor in the mine and around the coke ovens and will equal the highest rates ever paid for this class of work in the district, it was said. The majority of the companies operating in the region are owned by steel manufacturing corporations that use the entire production in their mills and furnaces, altho a few mine, coal and manufacture coke for the general market.

Boosts Average 47 Per Cent

Greensburg, Pa., Aug. 22.—Increased wages averaging 47 per cent and affecting between 30,000 and 40,000 nonunion miners in Westmoreland and Fayette counties, were decided upon at a meeting of operators here today, it was officially announced.

End of Cuts Seen

Chicago, Aug. 22.—Maintenance of way men—375,000 strong—whose wage cuts came before the United States railroad labor board for rehearing Monday saw a token in the sky today. A wage increase of 20 per cent for about 155,000 common laborers in the steel mills was announced by the United States Steel corporation at New York. It is to take effect September 1, and other wage raises are to be "capitally adjusted." Independent steel men are expected to follow suit. Some of them announced themselves on this today.

At present the rate for common labor in the steel mills is running at 30 cents an hour. A 20 per cent boost will make it 36 cents an hour.

HEALTH OF TROOPS GOOD

The health of the troops at Camp Barry is the best that can be found in a gathering of 1,400 men any place, is the assurance of Major P. H. Bartholomew, camp surgeon. Very few cases that have required treatment have been reported at the camp infirmary and these have been of such slight a nature as not to be serious in any way. The excellent facilities of the camp for caring for the sick are the best that can be found and very few army camps have the advantage of the fine array of medical assistance as is found at Camp Barry. Major Bartholomew is one of the old officers of the guard, and had experience in this line with the troops at La Grande, Texas, in 1916 and in 1917 was sent with the Nebraska national guard to Camp Cody, New Mexico, as surgeon of the 6th Nebraska and later served there as surgeon of the 135th infantry, and ranked as one of the best and most efficient officers of the medical corps, stationed at the camp in the sandy New Mexico desert.

MARRIED AT COURT HOUSE

From Wednesday's Daily: This morning Mr. Julius Krecklow and Mrs. Edith Beck, both of Greenwood, were here and at the office of County Judge Allen J. Beeson were united in the bonds of holy wedlock. The ceremony was performed in the usual impressive manner of the court and the newly weds departed for their home this afternoon rejoicing in their new found happiness. Both of the contracting parties are among the best known residents of the vicinity of Greenwood and are held in the highest esteem by all those who have the pleasure of knowing them.

CASS CO. FARM BUREAU NOTES

Dress Construction

The ladies of Manley and community surely showed that they are a wide-awake bunch when Monday, August 14, over twenty women met at the town hall for an all day meeting. The local leader, Mrs. Will Heebner, provided four long tables for cutting and four sewing machines. Before the meeting was over twenty-five dresses were cut out, sewed up and fitted. Now the same dresses are awaiting collar, cuffs and finishing touches, which will be given at the next meeting, Tuesday, August 22, at the home of Mrs. John Rauth. At noon the ladies served a delicious picnic dinner which was greatly enjoyed by all.

Canning Demonstration

Two interesting canning demonstrations were held last week. The first at the M. E. church at Elmwood with Mrs. F. E. Sala local leader. The other in Eight Mile Grove precinct at the home of Mrs. Nick Hennings. Both groups were well pleased with the results of the afternoon's work. Some of the things canned were tomatoes, yellow tomato preserves, corn, sweet potatoes, carrots, etc. The cold pack method was used, two different makes of pressure cookers being demonstrated.

Boys' and Girls' Club

The girls' clubs of Cass county will hold their try-out Friday, August 25th, at the home of Miss Evelyn Wolph. Six clubs will be represented with a demonstration team from each club. Each club will demonstrate some one thing that has been learned in club work and then the best club in each division will demonstrate at the state fair. Some of the demonstrations will be—

Division I—(1) Attractive Kitchen

Aprons; (2) Possibilities of the Bungalow House Dress; (3) Selection and Alteration of Patterns. Division II—(1) Preparation and Serving of Cocoa and Cookies; (2) How to Conduct a Hot Lunch Club.

THE C. B. & Q. R. R.
WANTS

MEN FOR DESIRABLE AND PERMANENT POSITIONS

At points in Illinois, Wisconsin, Iowa, Missouri and Nebraska.

Machinists, boiler-makers and blacksmiths, 70c per hour;
A few helpers for these crafts, 47c per hour.

For further particulars and transportation, if accepted, call on or write Master Mechanic, C. B. & Q. R. R., Omaha, Nebraska.

Why Do You Wear a Cap?

Because it is comfortable?
Because it "sticks" on?
Because you can't soil it?
Because you can't break it?
Because it doesn't lose its shape?
Because it is cooler in summer?
Because its warmer in winter?

OR—

Because you can have several for the price of one good hat?
(We don't know—Do you?)

We do know that our first shipment of Fall caps is here—ready for you. Good big full shapes, plain or fancy backs, pieced top, or solid. Pleasing shades of tan, grey and brown.

\$2.00 to \$3.00
