PASTOR DEPARTS FOR NEW FIELD OF ENDEAVOR TODAY

Rev. John Calvert, Wife and Son Alfred, Go to New Home at York This Morning.

From Monday's Daily. Wednesday Rev. John Calvert and wife and their son, Alfred, will depart over the Burlington for York, where they will make their home in the future and in their journey to the new home carried with them the warmest wishes of the host of friends for their future work and happiness in the new field of labor.

The pastor last evening at the First Methodist church, preached what may be the last sermon as an active pastor of the church and at the conclusion of thirty years of active service in the cause of the kingdom of God on earth and in the power of the Holy Spirit, the occasion brought a great deal of feeling to Rev. Calvert and his estimable wife, who has been his co-worker in the cause of the church in this country. Twenty-seven years ago as a young minister of the church, Rev. Calvert was located at Louisville and at the probable close of his work in the ministerial field, he has served the church at Plattsmouth faithfully and well.

In taking over the work at the Mothers' Jewels home at York, Rev. Calvert will still retain his rank as a minister, but will be relieved of the regular charges of the church, and with Mrs. Calvert will devote their full time to the care and rearing of the children at the home.

ENJOYING THE WEST

Reports received by the friends here from Mr. and Mrs. C. R. Franks and Mr. and Mrs. John Lyon, state that they are very much pleased with their home at Hoquiu, Washington. In writing they state that the weather here this fall has been wonderful but that some rain has fallen in the last few days, breaking the long drought that has existed in the pine woods country. The roses are still blooming in that locality as well as the green verdure of the grass and trees remaining out and will probably remain in that condition all winter. The former residents here send their regards to the old friends.

COUNCIL SESSION IS SHORT AND SNAPPY

OPINION OF CITY ATTORNEY ON PAYMENT OF SEWER WORK RECEIVED BY DADS.

From Tuesday's Daily. When Mayor Johnson called the session to order last evening all of the city dads were present with the exception of Councilman Brittain of the fourth ward and the machinery of city government at once started grinding.

For the first time since the memory of man there was not a single communication or petition on hand to be read and this expedited the business to a quick and rapid completion.

City Attorney Rawls, who had been asked by the judiciary committee to look into the matter of the payment of the new sewer system before the work was entirely completed by holding out an amount sufficient to cover the work to be done, gave a verbal opinion and read the state law relative to the payment of the same and which provided that the city could, on the filing of the certificate by the engineers, pay the cost of the improvement in bonds, that could be sold or paid to the contractor at par value. The statute also provided that ten days after the estimate had accepted the final estimate the list of property to be taxed for the improvement should be prepared and the setting of the board of equalization be carried out as by law.

Councilman Bestor asked as to what was doing in the way of preparing a contract with the lighting company relative to the current for the new electroliter system and was informed by Councilman Schulhof that Mr. Bruh had been looking after the matter in order to see if it might be possible to secure a better rate than the present one.

Councilman McCarty brought up the proposition of the parking of automobiles on the street and suggested that the present regulation be changed when the new paving was in so that the cars would be parked at the sides of the streets instead of the center as at present and after some discussion it was ordered that the judiciary committee prepare the necessary changes that would allow this to be done and the chief of police authorized to lay off the parking spaces.

Councilman McCarty also asked that the city attorney and clerk prepare an ordinance in conformity with the state law that would allow the city to confiscate cars taken under the prohibition law and offer them for sale, and in the past the county has had this altogether and as the result much money has been diverted from the city treasury. Mr. Rawls stated that he thought this proceeding was in line with the law and could be properly made.

The contract between the city and the Burlington railroad relative to the construction of the ninety-six feet of sewer under the tracks was read and two paragraphs that placed all of the liability on the city were discussed by the city attorney and placed in his hands to see as to their modification. One of these provided that the city would protect the railroad in case of any damage arising as the result of the sewer construction and the other that the railroad could terminate the control and use of the sewer at any time by six months' notification of the city.

The following claims against the city were found correct by the finance committee and their payment ordered: C. P. Dyke, police, \$39.96; Frank Dettie, taxi police, .75; W. A. Swatek, supplies police, 3.75; P. J. Flynn, services to city, 4.50; E. J. Weyrich, chemical man, 5.00; Dave Ebersole, truck driver, 15.00; W. A. Swatek, supplies to commissioner, 1.40; C. E. Hartford, coal to city, 21.45; Graham & Weir, meals to jail, 6.15; John Maurer, Sr., street work, 42.42; Fred Gardner, same, 5.40; O. L. York, same, 34.65; Walt Goucheour, same, 35.55; Ray McMaken, same, 39.50; Ed Cotner, same, 25.20; John Zilka, same, 3.59; J. N. Elliott, same, 64.80; Will Heiner, same, 3.37; W. A. Swatek, supplies to fire department, 4.50.

The greater part of the afternoon was given over to the report of the president of the union, Mrs. C. A. Troop, who was one of the delegates to the state convention and who presented in detail the proceedings of the state meeting and which was very much enjoyed by the ladies in attendance.

At a suitable hour in the afternoon a dainty and delicious luncheon was served by the hostesses that proved a pleasing climax of the occasion.

REPUBLICANS HOLD RALLY AT PARMELE LAST EVENING

W. L. Anderson and R. H. Thorpe, Candidates for Congress, Here Last Evening.

From Tuesday's Daily. Last evening, as the climax of an all day trip over the county, the republicans held a closing rally at the Parmele theatre and which was attended by some 200 of the voters of the county, a large number motoring in to attend the meeting from the country districts.

The plans for the meeting were somewhat overturned owing to the fact that former Senator E. J. Burkett of Lincoln, who had been scheduled to speak at the meeting, was detained and unable to be present, laying the burden of the speaking on the candidates who had spent the day in the trip through the different towns spreading their doctrine of republicanism.

Walter L. Anderson, candidate for the long term in congress, was introduced by Hon. R. B. Windham, who presided over the meeting, and gave a talk on the issue of the day in his race for office and stated that while he was making no promises as to what he would do, he would do all that was possible for the interest of the people of the state, but he did not indulge in any discussion of the tariff, soldiers' compensation or ship subsidy questions, that have been made a part of the campaign but rather devoted his time to the work of the Harding administration and the arms conference which he stated was one of the outstanding features of the world's events.

Fred Johnson, candidate for lieutenant governor, enumerated the republican achievements of the past half century and urged the election of R. B. Howell for United States senator.

R. H. Thorpe, candidate for the short term in congress, related a number of amusing stories, taking up the humorous side of the campaign and derided the alliance between Senator Hitchcock and the Bryans in the present campaign.

The republicans had planned the rally with former Congressman Rawls as the chief orator but his being called to Washington prevented his attendance and Mr. Burkett was substituted, but he was unable to be present which disappointed the local committee as well as the public who had anticipated the visit of the former senator, but the candidates who were present held the close attention of the audience in their remarks relative to the issues.

It is expected that the schools of this city will be entered in the interstate contest to represent Nebraska.
