Celebrated 78th Birthday

On Thursday of last week Mrs. Carl Balfour provided a celebration for Mr. Balfour's father, William Balfour, who has attained the advanced age of 78 years and which was properly celebrated at the Carl Balfour home. A feature of the celebration was the having of as many of the former scholars of Mr. Balfour present as possible, he having formerly been a teacher of the schools here some fifty and more years ago.

There were present on the occasion those who had had a regular high school forty years ago they being Mrs. John James, John Vantine, Mrs. Elizabeth Easter, while C. D. St. John had gone to the school 48 years ago. The gathering was one most pleasant for the neighbors as well as for Uncle William Balfour.

The Celebration

With the defeat of the proposition of issuing bonds for the building of a water plant in Nehawka the people celebrated the event in a style becoming the people of this stirring village. As the bonds were defeated it was up to Mr. J. S. Rough to wheel Scott Norris in his wheelbarrow up and down Main street. The procession was made by the Nehawka band leading the way after which came Uncle Z. W. Shrader carrying the American flag then following was C. W. Snyder then the wheelbarrow with the guest of honor, Mr. W. S. Norris pushed along by muscular John Stewart. Rough the loser of the bet and followed by Peter Frampton also bearing the American flag. Then came Mrs. V. P. Sheldon in her auto. The wheelbarrow broke and had to be replaced by another one. Uncle Walker Bates was so enthused over the affair that he provided the ice cream for both Messrs. Rough and Norris and with the completion of the parade the village subsided into normal condition, the citizens discussing the weather and the condition of the wheat crop.

School Notes

The Parent-Teachers association met at the high school last Tuesday evening. Because of low funds the contemplated musical program was not given, but the following was put on:

Piano Solo, Hazel Carper. Paper, "The Joys of Reading," Miss Owen.

Reading, Miss Isadore Stone. Paper, "Home Economics," Miss Nienberger.

Duet, Miss Erald Graff and Miss Grace Steinmeyer.

After the program a social hour was enjoyed when refreshments were served by the hosts and hostesses, Messrs. and Mesdames Charles Bates, Ed Schomaker, R. Chapman and A. W. Fletschman. Later the election results were announced.

William August is planning on attending school but part time for remainder of the year as he is needed at home. However, he can make sufficient credits for graduation.

Honor sweaters were presented to the basketball players on Wednesday morning by E. M. Pollard, president of the school board. After a short address, Mr. Pollard presented the sweaters to the following people: Lucian Carper, Marlon Stone, Ernest Pollard, Arvid Griffin, William August, Earl Schaffer, Roy Waldo, Velma Wessel, Clarice Switzer, Shirley McConnell, Genevieve Stone, Venice Griffin, Leona Switzer and Esther St. John. The sweaters are solid cardinal in color with black letter and chevron. The captain's sweater has in addition a small star.

The junior play "The Empty House" will be given at the auditorium April 6th.

The eighth grade examinations will be given this week at the school house. There are but four eighth graders to take it from the country and two seventh graders.

YOU can depend on the new Good-year Cord Tire with the beveled All-Weather Tread to give you greater mileage, better service, and longer wear. These advantages are due to the semi-flat tread, a new improved rubber compound, heavier sidewalls and the reinforced blocks of the new beveled tread. It is the best tire Goodyear ever built.

ENGINEERS' WEEK

During the week of April 23 to 28, the engineers of the University of Nebraska are putting across a program known as the "Original and Greatest" college celebration. Nothing is being spared to make the 1923 "Engineers' Week" the greatest of all the spring events at the Uni.

Tuesday, April 24, Henningson, of the Henningson Engineering Co. of Omaha, will give the students a talk of real value. Wednesday, April 25, will be the day on which the big "pop" meeting takes place, and when all displays and exhibits are started in downtown windows. The engineers are going to make the people of the capital city stop and wonder if perpetual motion isn't possible, after all.

But Thursday, April 26, will be the greatest day of all. To begin the performance a gigantic parade will startle the school and the business section of Lincoln. There will be a float from every department. After the parade will come the circus. The doors of all the laboratories will be open to the public at 7:30 p. m. Every machine will be in operation, from the miniature steam engine to the largest of electric generators in the power house. All of the laboratories in Chemistry Hall will be in operation, even the research laboratory. This night's offering will be well worth coming a long way to see.

Engineers' Field Day will come on Friday and the program will be filled with level and slide rule races, baseball games and boxing matches. Vaudeville, music and interesting speakers will furnish entertainment at the Chamber of Commerce.

The week's events will be ended Saturday night with a dance at the Rosewilde party house.

CONCERT COMING

J. W. Blind Boone Concert Co. will be at the Christian church the 18th and 19th of April. There will be no tickets sold at the door. The tickets will be on sale at Morgan's Sweet Shop starting Saturday. Adults, 50c and children 25c.

REDUCE TAX IN LIGHT DISTRICT

COUNCIL TO GIVE PROPERTY ASSESSED TOO LARGE A SUM REDUCTION IN TAX.

From Tuesday's Daily. The session of the city council last evening was marked by the absence of three of the members of the law making body of the city, Councilmen Howe, Schulhof and Sebaska being absent and the seven remaining councilmen put in an hour and a half of the usual grid of city business.

Request was received from the local post of the American Legion asking permission to use the Washington avenue park for the purpose of holding a carnival during the week of May 4th to 21st and on motion of Councilman McCarty, seconded by Councilman Brittain this permission was granted.

The Burlington shops baseball team also asked consent of the city for the use of the ball park on dates when not otherwise in use for baseball games and on motion of Councilman Bestor this matter was referred to the park commission.

The past month has been a busy one, judging from the reports of the various city officials as Chief of Police Jones reported costs of \$21, fines amounting to \$129 and the receipts from sale of confiscated car at \$310. Judge Weber showed the same report and the sum of \$447.50 turned over to the city treasurer.

City Clerk Duxbury reported the collection of the sum of \$10,034.58 which had been turned over to the city at long box.

City Treasurer Hartford in his report showed that there was at the present time an overdraft of \$14,214 in part of the city funds, a balance of \$46,212.60 in the treasury and outstanding registered warrants for the sum of \$112,824.87.

The judiciary committee to which had been referred the matter of the right of the council to make a refund of a part of the tax levied on the property in the electrolier district that had been excessively taxed, gave a report to the city attorney which he stated that the district had been created by law and that while the levying of the taxes had been carried out in conformity with the law and that the property owners had not appeared before the board of equalization to offer objection to the tax levied, it was his opinion that the city had the right to make the changes that might more equitably adjust the tax on the property in the district.

The committee recommended the report of the city attorney which had stated that the total cost would not exceed \$6000 and on motion of Councilman McCarty, seconded by Councilman Knorr, the new estimate prepared by the engineers be adopted. Councilman Ptaeck inquired as to the matter as the amount of tax would be over \$200 and how this could be settled for \$600.

The engineer present stated that the estimate had called for a sum for interest that had not been used and this would give some \$200 to the fund and leave only \$60 to be contributed from the treasury. On the vote to adopt the motion six of the councilmen voted aye and Ptaeck nay.

The fire and water committee reported favorably on the petition for a fire hydrant at 8th and Timber street and this was ordered placed when the water company made their new extension of mains.

The bids for filling the Washington avenue sewer were opened and that of Henry Kuhman for 25 cents per yard was the only one received, and on motion Mr. Kuhman was ordered to do the work to start in five days and complete it in thirty-five days.

The ordinances covering the issuance of paving and intersection bonds were read and on motion the rules were suspended and the same placed on their second and third readings and passed.

As the canvass of the vote of the city election of April 3d was in order, Mayor Johnson appointed Council-

Climen McCarty, McMaken and Vroman to make the canvass and the result was as follows:

Board of education—Mrs. W. A. Roberts, 378; Frank E. Schiater, 344; E. H. Wescott, 300. The two highest being declared elected.

In the various wards the councilmen elected were given certificates and the votes were as follows:

First ward—Frank Bestor, 131; E. C. Harris, 8. Majority, 123.

Second ward—John P. Sattler, 84; Frank Buttery, 57. Majority, 27.

Third ward—R. W. Knorr, 87; Frank Shopp, 47. Majority, 40.

Fourth ward—T. B. Peterson, 55; J. A. Edgerton, 10. Majority, 45.

Fifth ward—James Henderson, 45; William Keif, 7. Majority, 38.

The matter of numbering the residences of the city was brought up by Councilman Knorr and on motion of Councilman McCarty was referred to a committee to investigate the matter on a report at the next meeting. The committee appointed was McCarty, Knorr and Bestor.

The report of the finance committee was accepted and the following claims allowed:
