One White Truck for Sale!

AND STILL THEY BREAK IT

Cleveland, April 12.—Miss Helene Mayer, 21, Cleveland saleswoman, is the new marathon dancing champion of the world, establishing a new record here of 52 hours and 4 minutes. This breaks the record set in New York last Monday by Miss Alma Cummings, of 50 hours and 2 minutes by 2 hours and 14 minutes. Miss Mayer started dancing at 9:35 a. m. Tuesday and finished 1:51 p. m. today. She danced with seven partners, making ten changes.

Two other couples who started dancing several hours after Miss Mayer dropped out this morning after dancing approximately 28 hours. During her performance Miss Mayer wore out six pairs of stockings, and four pairs of shoes; took seven rest periods of three minutes each; wore out three orchestras and four piano players and danced approximately 50 miles.

At the conclusion of her endurance marathon Miss Mayer was examined by a physician who reported her limbs badly swollen but asserted "she would have been good for four or five hours more." Her weight had dropped from 113 to 108 pounds. During the 52-hour period Miss Mayer partook of malted milk, soup and sandwiches without stopping her dance.

After the examination by the physician Miss Mayer walked into an anteroom of the dancing academy where the contest was staged and lay down to rest, later going home. Tonight she was receiving the congratulations of her friends and said she suffered no ill effects from her performance.

**MARTIN GAINS 15
LBS. UPON TANLAC**

Declares Famous Medicine Ended
Indigestion, Cramps and Head-
aches, Restoring Full Vigor.

"Tanlac has straightened me out in a few weeks' time and built me up fifteen pounds besides," says Joe Martin, 606 Walnut street, Kansas City, Mo., who works at the Baltimore hotel.

"Before I got Tanlac, I was carrying around all kinds of troubles, and was pretty downcast over my condition. My appetite went wrong, indigestion attacked me, and I would suffer for hours after eating from bloating and cramps in my stomach. Bloating and nervousness increased my worries. I had pains all thru my body, awful headaches and lost much sleep. In fact, I felt just about used up.

"Well, it astonishes me how quickly Tanlac swept away my troubles. The treatment has put me in the best of condition and I feel fine in every way. I am just tickled to death over what Tanlac has done for me and feel like it deserves a gold medal in my case."

Tanlac is for sale by all good druggists—take no substitute. Over thirty-seven million bottles sold.

W. E. KEENEY.

**FIRST STATE
CAPITOL COST
ONLY \$3,000**

While Present One Cost \$691,000—
The Lord Only Knows How
Much for New One.

Lincoln, April 11.—Nebraska has had four state capitol buildings in its career thus far and the cost of them has ranged from \$3,000 for the first one to an estimated \$5,000,000 or \$7,000,000 for the one now under construction, according to the official blue book published by the legislative reference bureau.

The first capitol building was built in Omaha at a cost of \$3,000. It was built by "Iowa men with Iowa money," according to the blue book. It was a two-story brick building seventy-five feet long and thirty-three feet wide. Even for such a small building, \$3,000 seems a ridiculously low figure at present costs.

The second capitol, also located at Omaha was built while the state was still a territory and the total cost was \$110,000, of which \$50,000 came from the federal government and \$60,000 from the city of Omaha.

The third capitol was built at Lincoln after a fight of many years to remove the capitol from Omaha had been successful. In July, 1867, the site for the city of Lincoln was selected by a committee of which Colonel Majors, "grand old man" of Nebraska, who still lives at Peru, was a member. In October of the same year, plans for the new capitol were submitted. The new building was built at a cost of \$75,000, the money having been obtained from the sale of lots in the new city of Lincoln.

A severe storm nearly destroyed this building in 1873, and another new building, the one now being used, was the result. This new building, built in sections, cost a total of \$691,000.

**HOOVER RETURNS TO
PLACE OF HIS BIRTH**

Secretary of Commerce Welcomed by
Home Folks at West Branch,
Iowa—Talks of Old Times.

West Branch, Ia., April 13.—Introduced by Mrs. J. K. Carran, his school teacher in West Branch, Ia., thirty-eight years ago as "her boy," Herbert Hoover, the secretary of commerce in President Harding's cabinet, came back to his birthplace this afternoon, and surprised the town, as he intended today, despite the publicity his intended visit has received during the past two days.

Shortly after his arrival at West Branch about 2 o'clock the town folks started flocking to the consolidated school auditorium, the community center, where the "native son" recalled incidents of his boyhood. West Branch, awaiting the arrival of Mr. Hoover for two days had almost given up hope of seeing him when the report spread that he was at the home of his cousin, George C. Hoover. The secretary came in an automobile and almost immediately started out to see the town. First he went to see the house where he was born; next he visited the cemetery where his parents are buried. Then, in order, he visited the Joe Albion home, where his grandfather lived, and the Ralph Branson home, where his cousin resided. At the school, where about 500 of the town's 700 people were assembled, he said that as he grew older his birthplace became more dear to him. He spoke briefly of his work in Europe and said that wherever he had roamed he had always found Iowa people.

**TRAFFIC TOUCHES
NEW HIGH MARK**

Railroad Business Increases by Leaps
and Bounds, According to Re-
turns of Railway Ass'n.

Washington, April 11.—Railroad traffic volume, which has set new records in successive weeks this year, this week touched a higher mark, the basis of returns compiled by the car service division of the American railway association, during the week ending March 31, when 938,725 cars were loaded with revenue freight.

This total exceeded loadings of the corresponding week in 1922, by 116,972 cars and those of the same week of 1921 by 225,554 cars. The total was also 21,689 cars in excess of that for the previous week of the present year. The car service division in a further statement said that carriers were increasing their capacity to handle business. On March 31, the freight car shortage was 68,986 cars, which was 2,457 cars less than the shortage reported on March 23.

There were 14,196 cars in good repair on March 31, but classified as surplus because located at scattered points on railroad lines where no demand existed for them at the moment.

CARD OF THANKS

We desire to express our appreciation of the kindness and sympathy of our friends and neighbors in the hour of our sorrow and grief that has come to us in the hour of death of our beloved mother and wife—
Matthew Stastka and Sons.

HOW CARS ARE ASSESSED

If you have recently bought an automobile the assessor will get you, but the levy will be only 85 per cent of the "going" factory price. This is the rule which has been established by the tax commissioner of Nebraska. If you bought your car in 1922, it will be assessed at 70 per cent of the factory price—not the cost. If it is of the vintage of 1921, it will stand on the tax books at 50 per cent of the actual selling value; for 1920 cars the reduction is 70 per cent. Ford cars of the 1923 make are assessed from \$280 to \$685; Dodges, \$800 to \$1,350; Buicks, \$825 to \$2,650—depending on the model. Cars purchased before July 1 are likely to be found listed on the returns, since the tax books do not close until about that time.

Frank Lorenz of Des Moines is here for a short visit with his brothers and other relatives in this city.

**SCHLAIFER WINS
FIGHT ON A FOUL**

Given Decision Over Billy Ryan, of
Cincinnati, Who is Suspended
by State Commission.

Omaha, April 13.—Billy Ryan, the Cincinnati welterweight, fouled Morrie Schlaifer of Omaha three times in the third round of their scheduled ten-round fight here tonight and not only lost the fight in that round, but lost his share of the gate receipts, \$1,000 as well, and in addition was suspended by the Nebraska boxing commission for six months. Ryan's manager was not included in the suspension order.

The semi-windup, a ten round mill between Con Curry of Sioux City, and Earl Puryear of Denver, bantamweights, was awarded to Curry at the end. Curry gave Pur-

PURCHASES FINE MONUMENT

The Cass County Manument Co. has just completed and installed a fine monument for the Brendel family of Murray at the Horning cemetery south of this city which was erected in memory of the late Dr. B. F. Brendel. The monument is a real work of art and makes a splendid addition to the cemetery.

The monument company has also received an order for a fine stone for the grave of the late Cornelius Bogen which will be placed in the Horning cemetery as soon as possible.
