THE STUDEBAKER LIGHT-SIX SEDAN

Where Quality Counts Above Everything Else

Quality is more important in an enclosed car than in most any other product in daily use.

Regardless of price, it is not economy to buy a makeshift job in which the quality is skimmed and cheapened at every turn.

The price of the Light-Six Sedan is the lowest at which it is possible to obtain a substantial, high grade hardwood and steel body, upholstered in mohair, in combination with a chassis of proved dependability and performance.

Studebaker's South Bend plants build more high quality closed bodies than those of any other automobile manufacturer and consequently overhead costs are reduced and the price to the customer is low.

The in-built quality of the Light-Six Sedan is evident the moment one gets behind the wheel, and is appreciated far more after twenty-five or thirty thousand miles of service.

The Light-Six Sedan, with its sturdy four-door body, its improved L-head motor, and the excellence of its chassis, combines distinction of appearance with a reliability of performance, a degree of comfort and economy of operation unknown in any other car at anywhere near its price.

Power in surplus measure to satisfy the most exacting owner

ON THE CORNER

CHILD DIES FROM SWALLOWING NAIL

Little One Passed Away Despite All That Medical Aid and Skill Could do to Save Him.

From Wednesday's Daily.

The life of little William Bertis Blunt, three year old son of Mr. and Mrs. Russell Blunt of this city, and members of a well known Iowa family, occurred at the hospital in Omaha where he was taken last week by the parents and Dr. Flynn of this city to try and relieve the little one of the suffering that he had underwent.

The little fellow got hold of a nail and swallowed it and it was needless to hurry with him to an Omaha hospital, where an operation was performed to remove the offending object.

The body was sent to Wesley community, Mills county, Iowa, and taken to the home of his grandparents, Mr. and Mrs. C. B. Fickel. Funeral services were held from the Wesley chapel church Friday afternoon conducted by the pastor, Rev. Horton. Burial was in the Wesley church cemetery. Music for the services was furnished by a quartet composed of Mesdames George Parker and Jim Fickel and Messrs. Claude Wilson and Dallas McGrew, with Mrs. Claude Wilson at piano. The pallbearers were Glen and Waldon Sowers, Clinton and Lynn Parker.

William Bertis Blunt, second son of Mr. and Mrs. Russell Blunt, was born in Wesley chapel community and about a year ago his parents moved to Plattsmouth. He is survived by his parents, Russell Blunt and Faye Fickel Blunt, and an older brother, Robert, also both sets of grandparents, and other relatives. The little fellow had won the affections of every one who knew him.

DIES IN CALIFORNIA

Word has been received here by relatives of the death at San Francisco of Nicholas Biene of Hayward, California, and who has been at San Francisco in the hospital for some time past. Mr. Biene is a grandson of the late Nicholas Halmes and Mrs. Halmes and has made his home in the west for the greater part of his lifetime. He was in the service during the world war in the army and was gassed in France and never entirely recovered from the effects of the gas and has been in increasingly poor health since his return from service.

Phone us the news. We want to publish everything of importance that happens in Cass county.

ADRIFT IN THE MISSOURI RIVER FOR 14 HOURS

CONRAD WOOD, 14, HAS STARTLING EXPERIENCE IN ALL NIGHT CRUISE.

RESCUED AT NEBRASKA CITY

Makes Trip on Raft of Three Logs—Is a Nephew of Mrs. Ernest Porter of This City.

Fifteen hours alone on a makeshift raft of three small logs on the Missouri river was the experience Monday night of Conrad Wood, 14, son of Mrs. Sarah Wood of Columbus, Nebraska, and nephew of Mrs. Ernest Porter of this city. The young man was rescued at Nebraska City yesterday.

The boy had come to Council Bluffs recently from his home at Coombs and was making his home with an uncle, E. P. Miles, 3642 Sixth avenue, and on Monday afternoon decided that it would be great sport to shoot mud hens out on the Missouri river and accordingly, armed with a shotgun, boarded an improvised raft near the mouth of Indian creek and with a pole pushed the raft out into the creek to do his shooting from. About 4 o'clock the boy noticed that the raft was getting beyond his control as the water grew too deep to propel the raft with the pole and it was only a few moments until the raft and boy were out in the main current of the river which, swollen to flood proportions, soon swept the craft and its occupant rapidly down stream.

Conrad did not at first experience any fear as he expected someone to come out in a boat and pick him up but the rapid current soon carried him to portions of the river remote from habitations and before he again approached the vicinity of any town he found darkness on him and it was quite dark when he passed Plattsmouth on his wild trip out in the raging waters. He states he saw a campfire when just opposite this city and fired his shotgun and shouted to the parties and they told him to hang on and made an attempt to rescue him but the raft was carried down the river too far for them to give any aid. These parties called Nebraska City and a number were out watching for the appearance of the raft and its occupant and shortly after daybreak Tuesday, Willis Hicks put out in his boat and rescued the boy and brought him on to Nebraska City and from where he was sent home.

Yesterday morning the relatives in Council Bluffs called Mr. and Mrs. Porter here to look for the boy as it was first thought that he had decided to go on a trip and had as his destination the home of his aunt here, and there was no intimation given that the boy was adrift in the river until the message was received in Council Bluffs from the Nebraska City police, and this fact saved the relatives a great deal of worry as to his fate.

Once during the night, the boy said, he was nearly drowned. His raft was swept up against a log. He thought it was the shore and stepped off. Instead of stepping into a muddy bank, he dropped over his head in water. It was only a backflow of river wash that had deceived his eyes.

"I was scared then," he related. "I came up I could barely see the raft floating away. I had to swim after it, but I was lighter, so the current helped me along faster and I caught up with it. I didn't take no chances after that."

The boy said he had been able to swim almost as long as he could remember.

Although he was swimming for his life, the boy didn't let loose of his gun. "I carried it above my head some of the time," he said.

"I was scared of whirlpools," the boy said. "I thought I saw a lot of them, but they was just big waves."

Once he fell asleep and rolled off into the water, but didn't let himself get drowsy after that, he said.

DISTRICT COURT CONVENES

From Wednesday's Daily.

This morning, the jury panel for the May term of the district court returned to this city to report for duty and at 10 o'clock Judge Begley re-convened the adjourned jury term. The case of Fred E. Bodie, receiver of the Bank of Cass County, vs. Will Jean and that of John F. Gooding, receiver of the firm of E. G. Dover & Son vs. W. H. Rainey was scheduled for trial but the morning was taken up in the hearing of motions in both cases and during which time the members of the jury panel were in idleness and may possibly be excused for the term if the actions can be satisfactorily arranged among the parties interested.

CLASS OF 1910 HAS VERY PLEASANT GATHERING

Meet at Home of Mrs. Harry White and Enjoy Passing Hours in Renewing Old Times.

From Wednesday's Daily.

The home of Mrs. Harry White in the south portion of the city was the scene of a very pleasant gathering yesterday afternoon when the members of the class of 1910 of Plattsmouth high school met to renew the associations of the days gone by and to enjoy once more the democratic and friendly feeling that is one of the joys of school days.

The time was spent largely in the discussion of the changes that have transpired since the class stepped forth from the high school and in this occupation many pleasant memories were revived and enjoyed by the members of the party.

At an appropriate hour the hostess served very dainty refreshments which were much enjoyed and appreciated by the jolly party. Those attending were: Mrs. Harry White and son, Allan; Mrs. James Rishel and children, John, Louise and Burton; Mrs. John Kelly and children, John and Ellen Marie; Mrs. Ed Roman and son, Edward; Mrs. Frank Barkus and children, Catherine and Helen; Mrs. George South, Miss Mary Peterson and Miss Gertrude Morgan.

VERY PLEASANT BRIDGE TEA IS GIVEN TUESDAY

Mrs. F. L. Cummins and Mrs. H. F. Goss Entertain Friends at the Cummins' Home.

From Wednesday's Daily.

Yesterday afternoon the pleasant home of Dr. and Mrs. Frank L. Cummins on Pearl street was the scene of one of the delightful gatherings of the season when Mrs. Cummins and Mrs. Henry F. Goss entertained a number of friends at a 5:30 bridge tea.

The color scheme carried out thru the decorations of the rooms and also in the luncheon was in pink and green, roses and peonies being used in the floral decorations, that added a pleasing touch to the occasion.

A three course luncheon was served by the hostesses who were assisted by Misses Helen Westcott, Virginia Beeson, Alice Louise Westcott and Ruth Shannon.

Following the luncheon the ladies enjoyed the passing hours at bridge, nine tables being arranged and the first honors of the game were awarded to Mrs. George Petring and the second prize won by Miss Margaret Donelan.

PLEASED WITH OUTCOME

From Wednesday's Daily.

Arthur F. Mullen, well known political leader and attorney of Omaha was here today looking after the interests of his client, Will Jean, in the district court and visiting with his friends here. This is Mr. Mullen's first visit here since his return from the east where he was called to represent the parties interested in the test case of the Nebraska language law and in which he was victorious in having the law of the state covering the teaching of foreign languages declared unconstitutional by the supreme court. Mr. Mullen stated that the issues involved in the action were many and covered a great many other phases aside from that of the teaching of a foreign tongue and touched the principal of the right of the law makers to regulate the religious teaching and training of the people and which the court declared was a violation of the fourteenth amendment. From the religious viewpoint, Mr. Mullen stated the victory was as great as that of the question of language and was a rebuke to the theories of the Ku Klux Klan and other organizations that would seek to regulate the religious belief of the citizen.

FINDS CROPS GOOD

S. S. Gooding and son, Everett, who have been spending some time on the homestead near Gillette, Wyoming, have returned home and are immensely pleased with the situation in that portion of the west. Mr. Gooding stated that there is one of the best crops in years and that they have wheat that is running twenty-five bushels to the acre and is as fine as can be found anywhere.

Mr. Gooding states that the homesteads in the west are getting scarce save in the dry areas and that the results have been very pleasing to the persons who have made settlements in Wyoming.

Mrs. S. S. Gooding and Mrs. Everett Gooding and children are remaining there for a few weeks and enjoying the pleasant air of the western country.

WELL KNOWN HERE

Among the artists on the Glenwood, Iowa, radio program next Monday night is Mrs. J. D. Ironmonger, mother of John Lyon, a former Plattsmouth boy, and who is herself well known here. Mrs. Ironmonger will sing a vocal solo and also play the accompaniment for one or more other numbers.

The Journal publishes not only Plattsmouth news but the happenings from all over Cass county. If you don't read it, you should. 15c a week delivers the daily edition to your door, or \$2 per year for the semi-weekly edition, by mail.

For Sports Wear

Whether you are a golf or tennis fan or just one of the many who like to be comfortable, you will soon be choosing the corset to wear with your new sports clothes.

Of course, the sports corset must be light and flexible so that it will not interfere with even the most strenuous sports—and yet it must have enough boning to give the support that means good lines. Smartest and most logical for sports wear are

Modart Corsets

Always Front Laced

Come in to our corset department and let us show you a Modart Corset or girdle. You will at once be impressed with it. We offer Modarts in a wide variety of interesting models—in many materials—appropriate for any wardrobe and any figure type.

Prices are \$3.50 and up.

REPUBLICAN RIVER PASSES HIGH WATER MARK MADE IN 1918

Flood Surrounds Scandia, Kan.—Railroad Bridge Out—Protection Dykes Washed Out.

Superior, Neb., June 12.—Scandia, Kan., south of here in Republican county, is surrounded by flood waters of the swollen Republican river. At 11 this morning water three feet deep was running through the Missouri Pacific depot. A Missouri Pacific railway bridge over the river one mile east of Norway, Kan., went out this morning, breaking the line between Hastings and Concordia.

Water is reported running on both sides of Scandia, but most of the town is on high ground and, while the water is still rising, the crest is expected by non and it is not expected that the entire town will be flooded.

The river has fallen one and one-half feet at Superior since daylight. The Rock Island was still operating trains thru Scandia this morning. A new Rock Island bridge over the Republican is under construction at Scandia, but the lines are expected to hold.

Receding Slowly

Lincoln, June 12.—Flood waters of the Republican river in south central Nebraska today were receding slowly, while trains on the Burlington railroad continued to be derailed by way of Lincoln, Hastings and Holdrege for the west and from Oxford eastward over the main line to Lincoln, owing to washouts between Red Cloud and Alma and Red Cloud and Hastings. Railroad officials here believed that the valley line would be reopened within a day or two if the weather continued favorable. Some damage to crops was reported, although this was not serious.

OFFERS FOR THE BRIDE

The offers of the local merchants to the June Bargain Wednesday bride, who will pledge to "love, honor and obey" on that day, continue to pour in and unless all signs fall there will be remembrances for all of the Cass county brides who are wedded here on that day. One firm evidently with a foresight to the future welfare of the bride, has offered a washboard as a gift and another firm has offered a dozen bars of soap so that the bride will have a chance to show her mettle. As a measure of protection to the bride one firm is going to give a real hardwood rolling pin, such as "Jiggs and Maggie" have made famous and which as a disciplinary weapon is without an equal.

One offer that might meet the warm approval of both the bride and groom is that of our attorneys who will perform the necessary legal work in case the bridal bargain should not prove satisfactory as it is the policy of the local merchants to see that if the goods are not as represented they are made so and this will be carried out even to the bride and groom.

Special instructions in making the novelties and attractive paper baskets and flowers can be had by calling in at the Bates stationery store at Fifth and Main street, where ample room has been arranged for this line of work. The ladies are invited to come in and look this line over.

WILD RIDERS! WILDER BUCKERS TO BE AT SHELBY

Fight Town to Have Montana-Canada Rodeo Staged There at Time of Big Quarrel.

Shelby, Mont., June 12.—Riders will take part in the Montana-Canada rodeo here in connection with the Dempsey-Gibbons fight July 4 have started training just like the fighters. The training that these riders go through is much more exciting than the daily routine of the fighters' camps.

The riders get in shape by trying out reputed "bad" horses to find out if they are mean enough to enter in rodeo competition. Knight and Day, who have charge of the roundup, are visiting all the ranches in Montana and buying up the horses that cannot be handled by the ranch owners. They have along a few experienced riders who put the bucking ponies through their paces.

These men seem to take their lives in their hands every time they mount a troublesome broncho. At Miller's ranch the other day, Lou Minor, one of the west's best riders and world's champion in 1912, came near serious injury when a horse rolled over on him before he could disengage himself from his saddle. But he took it as all in a day's work, and although Lou limped, he climbed aboard again and refused to be thrown. Another rider did a complete somersault when his horse leaped into the air and came down on four feet at the same time. He turned over in the air and landed on his back, but came up with a smile.

Early visitors to Shelby will have an opportunity to see these riders, as they will try out new horses every day on the rodeo grounds near the city. Besides the best riders of the northwest, leading ropers and "bull-doggers" will compete in the roundup which runs from July 1-4. Ad day promises the greatest rodeo in the history of the west and every ranch will send its best men into the competition. In addition, 500 Black-foot, Blood and Cree Indians will compete in Indian games and races. Shelby is putting on a championship fight and a championship rodeo at the same time. The combination of the two ought to produce a record crowd the first week in July.

—J. J. Delany.

LEAVING FOR KANSAS

W. H. Homan and wife, who have been at Freeman, South Dakota, for the past two years, Mr. Homan being instructor in the college located there, have been here for the past few days visiting at the home of Mr. and Mrs. August Roessler, parents of Mrs. Homan. Mr. Homan has finished his work at Freeman and now goes to Newton, Kansas, where he will take a position in Bethel college as one of the faculty and expects to teach there the coming year. This is one of the largest and most important schools in Kansas and was established in 1887.

A. C. Mutz and Fred Lugsch, who were looking over the land in the Rio Grande valley in Texas, returned home last evening and report a delightful time viewing the points of interest in the great valley which is one of the great productive spots of the south. Itching, bleeding, protruding or blind piles have yielded to Doan's Ointment. 60c at all drug stores.
