

Murray

(Continued from page 5.)

Here is a Real Good One
We have always held that it pays to advertise and we have a friend in a little daughter of Frank Reed who believes in the same theory. Last week the stork brought a little daughter to this happy home and among those who were happy over the event as well as the fond parents was a little sister probably some six years of age. She looked for an expression of her happiness and finding a piece of chalk printed on the rear of the family carriage this: "Frank Reed's have a little baby girl." This was on last Friday and Frank had occasion to go to Murray on Sunday and the family carriage was brought into requisition but the work of the little daughter was not known until his attention was called to it by some of his friends.

Murray Beach Very Popular
The Murray bathing beach is becoming a very popular place and justly so as the proprietors of the place have put forth every effort to make it the best which the circumstances surrounding can afford. They have taken all precautions to care for the health and safety of the patrons and are rewarded by large crowds each evening.

Sunday night there were counted on the grounds and parked along the road adjacent thereto, 520 autos, which if they contained on an average of two persons each, represented more than one thousand pleasure seekers at this popular resort.

Will See California
Uncle S. G. Latta and his son, James, who departed some two weeks ago for Hastings and Red Cloud, erecting a windmill at the latter place, concluded that they would like to see more of the country and arranged to go on to California for a visit. The lure of traveling grew upon them as they headed westward, and with the words of Greely ringing in their ears, they concluded they would see it all and are now on their way to the coast and make even conclude to take a ride on the briny sea.

Had to be Helped Out
Last Sunday the bathers were pretty thick and it required the close watching of the life guards to see and know that all were safe. A party from Weeping Water had liked the pool fine and which in truth is an ideal place, but he had stayed in the water too long having been incontinently for some three hours and was overcome and had to be helped out by "Curley," who is accredited as being one of the best life guards.

LARGE CROWD ENJOYED RADIO CONCERT SUNDAY

Last evening, one of the largest and most pleasant of the radio parties to enjoy the program given by artists from the First Christian church of Weeping Water, was that held at the E. M. Ruby home east of Manly.
Plays Ruby had arranged his receiving set with a loud speaker on the spacious and attractive lawn of the farm home and here some 200 of the friends and neighbors, including a large number of the relatives of those taking part in the program, were gathered.
The program came in strong and clear from Station WOAW at Omaha and it was with pleasure that the members of the party received the various selections and particularly pleasing were the quartet and choir numbers.

FIRST WHITE CHILD BORN IN BUTLER CO.

Mrs. Emma Schrader of Surprise Observes Anniversary—A Real Pioneer Resident.

Mrs. Emma Schrader, formerly Miss Emma Read, celebrated her sixty-second birthday at her home in Surprise recently, and enjoys the distinction of being the first white child born in Butler county, being born in the year 1861, when that country was still wild and unsettled and the nearest settlement where provisions could be secured being at Plattsmouth.
Her parents, Mr. and Mrs. David Read were running a ranch two miles north of where Brainard now stands and at the time her father had been compelled to drive two wagons to Plattsmouth to secure provisions for the pioneer home. The wagons were drawn by two yoke of oxen and the child was born while the father was en route to this city for his stores.
At that time there were three hundred friendly Pawnee Indians on the ranch who were friendly to the settlers and the Pawnee squaws attended the mother and child at the time of the birth of his daughter, as there were no white women closer than the settlement at Plattsmouth.
On the day that Mr. Read returned home, Indians mounted the roof of the sod house and when the returning father and husband was sighted at a point five miles from his home, twenty of the bucks rode forth to greet him and announced the arrival of the little white "pappoose."

CEGAR CREEK LOSES GAME
From Wednesday's Daily.
The Cedar Creek baseball team on Sunday lost a very interesting game to the South Bend team, one of their most formidable opponents of the year and the battle was very hotly fought, we understand. This makes the loss of three games this year as against five victories and the team is showing up in the best of shape. Managers Silvers has arranged for a doubleheader on next Sunday at Cedar Creek, the Redville and the Underwood Typewriter Co. being the opponents of the Creekers.

BANDIT CAR AT WICHITA

Essex Car Stolen From Greenwood Farm and Used by Yeggs in Bank Raid, Recovered.

From Wednesday's Daily.
Three yeggs who made an unsuccessful raid on a bank at Beaver Crossing last Thursday are believed to be in or near Wichita, Kas. The Essex car stolen from a farm near Greenwood on the night before the attempted looting, has been recovered by the Wichita police. Notification reached the Lincoln Essex agency by wire Tuesday morning. Law enforcement headquarters was informed and State Sheriff Tom Carroll proceeded immediately to get in touch with the Kansas authorities. The initial wire gave no particulars beyond the fact that the car was found. The state sheriff wired for full particulars as to whether or not the men were being held.
There is not so much as a lingering doubt in the minds of officials but that the recovered car is the bandit car. Miss Helen Ross, cashier of the Beaver Crossing bank and lone occupant when the yeggs entered, declared that it was a dark Essex touring car with a twenty dash number that sped furiously from the bank, the number of the Essex stolen from the H. B. Schroeder farm, 3 1/2 miles southeast of Greenwood, was 20-2124.

How the bandit trio made a successful run thru the human barricade down the border, is something of a mystery. Here was an instance when officers were on the job within a few minutes after the bank job fizzled. Roads were under guard. The yeggs were trailed to a point east of Dorchester and there the trail apparently ended. But officers of Salin, Gage, Jefferson, Fillmore and Thayer counties to the south had given the general alarm before the bandit car could have found the border. Posses were out. Apparently every loop hole had been plugged for the authorities were not following a blind clue. The chase from Beaver Cross-

ing to Dorchester furnished a general idea of the direction and probable objective. Avenues to the east, north and west as well as those to the south presumably were closed. The yeggs seemed to drop into some great hole. One supposition was that they were hiding and in wait of darkness to make their escape.
Further particulars received by wire Tuesday afternoon at law enforcement headquarters stated that the car was abandoned five miles south of Wichita Monday morning and that no trace of its former occupants had been found. The state sheriff wired descriptions of the men and the Wichita police are on the hunt.

SOME FINE ATTRACTION

The showing at the Movie Garden this evening for the last time of "The Girl Who Came Back," the feature that has been showing at the Sun in Omaha, should attract the lovers of a good, high class picture and one that is fresh and new. Mirlam Cooper, Gaston Glass, Zasu Pitts and Kenneth Harlan divide the stellar work in the production. The additional feature, "Can Firpo Beat Dempsey?" gives one a clear conception of the South American fighter and his methods and is especially interesting to the fight followers.

ENJOY OMAHA TRIP

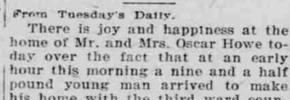

From Wednesday's Daily.
The ladies of the Maccabees of this city enjoyed a very fine time in Omaha last evening where they were the guests of the review of that city and the pleasant occasion lasted until the time for the return of the Plattsmouth delegation on the late Missouri Pacific train last night.
The members from this city departed at different times for Omaha but all met at 6 o'clock and marched to the lodge rooms of the Omaha review where the evening was spent most delightfully. The party was headed by Mrs. Anna Ptak, com-

mander of the local review and nine of the ladies were in attendance. The main portion of the evening was spent in listening to the reports of the national review held recently at Los Angeles at which the commander of the Omaha review and Mrs. Ptak were both in attendance and this consumed the greater part of the session. The ladies were afterwards treated to dainty and much appreciated refreshments.
Those attending from here were Mesdames J. H. McMaken, Emmons Ptak, John Bajcek, F. L. Adams, J. L. Mayfield, L. F. Pickett, Rogers and Vincent and Miss Mary Peterson.
