"The fellow who waits for the right time to start, never gets started."

An Idle Mind is a Devil's Workshop!

An idle dollar will soon learn bad habits, too. He begins to dissipate and the first thing you know he's gone.

Old dollar had just as well be working as any other member of the family who is able to earn something—and everything your dollar earns is clear profit, because there are no expenses for him to pay.

Bring him in — we'll give him a job. He will earn something for you every month.
