OKLAHOMA AUTHORITIES MAKE CAPTURE IN OMAHA

Return Through This City With Prisoner Who Was Kidnapped From City Streets.

From Saturday's Daily—
Yesterday morning a party supposed to be authorities from the state of Oklahoma passed through this city headed south and having with them a prisoner supposedly bound for the southern state.

The capture of the man was made in a daring fashion on the streets of Omaha and was witnessed by James Buel, the well known detective, who was in the vicinity of the scene of the arrest.

According to the story told by Mr. Buel, he had noticed a man walking along west Farnum and a second man following a short distance behind when suddenly a car came up to the curb and the second man hurrying up grappled with the pedestrian and at the same time the occupants of the car jumped out and joined in the melee. One of the strangers showed a sheriff's badge to Mr. Buel and inquired as to the conditions of the roads south and was informed that they were in fair shape as far south as Falls City and the men then returned to the car with their handcuffed prisoner and started on south.

Who the parties were was not stated and they did not stop in this city but continued on south and whether this is another part of the dramatic incidents that are now stirring Oklahoma is not known but it would seem that the actions of the parties were rather strange and probably had some bearing on the war now raging between Governor Walton and the members of the legislature and the Ku Klux Klan in the Sooner state.

Other articles too numerous to mention. This is all new machinery, has never been used, and is standard. This will be sold to the highest bidder irrespective of the price.

Radio News Broadcast each Saturday by Station ETAO

Plattsmouth Junior Review.

Watch for this big radio show. It will be worth listening to.

Of all the static nights of the week Friday was the worst.

Calgary, Canada, had a couple of test programs this week, one intended for the people of Nova Scotia.

We failed miserably in our prediction that it might be safe to pack the lightning arrester away in moth balls until next spring.

Greenwood, Nebr., will give the program from WOAW tonight and it promises to be one of the high class ones of the month.

Well, you didn't hear the new station, WTAM, Wednesday night, did you? They're in the air again tonight (7 p. m.) as Wednesdays and Saturdays will be their broadcasting days.

Greenwood is coming down to WOAW tonight to give the world a musical program—and nothing else. Eventually the broadcasting game will compare favorably with any community program ever given.

This has been a "Damp" poor week for radio, with static holding all his old trenches and advancing his lines on Wednesday and Thursday nights. Something funny about this much despised guy. He just won't leave us.

Local fans are getting their storage batteries recharged and preparing for the winter's enjoyment ahead of them. Of course it will be some little time yet before every night will be ideal for radio reception, but like Moses of old, we are within sight of the promised land.

ETAO will conduct a title contest for Senator Sturm's radio speech, which for some reason was left blank on the program. A pair of custom-filled earphones will be given to the one submitting the best title. Please get your suggestions in early. One of our listeners has submitted, "The Bombing of the Cannon."

Monday—Reynolds, Ill., talent in one-hour program, 8 to 9.
Tuesday—Silent night.

Wednesday—Pipe organ recital at 8. Concert by Tourists' road report at 11.

Thursday—Musical program, 8 to 9, by P. S. C. orchestra, featuring popular music released thru National Association of Broadcasters.

Friday—Musical program, 8 to 9, by Davenport artists.

Saturday—Dance program, 9 to 10, by P. S. C. orchestra, featuring music released by the National Association of Broadcasters.

\$60,858,461 IN STATE'S '22 TAXES

Increase in 1922 Over 1912 For Incorporated Places, 110 Per Cent, Says Statement.

In 1922 the total amount of taxes collected in Nebraska by the state and its subdivisions was \$60,858,461, or a total of \$46.02 for each person in the state. The figure is given out by the United States department of commerce.

The report says that the amount of increase during the ten years ending 1922 cannot be given because in 1912 statistics for incorporated places with a population of less than 2,500 are lacking.

But the increase in 1922 over 1912 for incorporated places of over 2,500 population is 110 per cent, and over half of the total revenues were collected from such places.

The entire debt for Nebraska and its subdivisions in 1922 was \$97,819,109, and in 1912, \$36,745,461, or an average per capita of \$73.98 in 1922 and \$29.80 in 1912. The increase was 166 per cent.

The state debt increased from \$374,000 to \$1,160,000, or 210 per cent; the debt of counties from \$3,706,000 to \$5,757,000, or 136 per cent, and the debt of all other incorporations, including cities, towns, school districts, road districts, drainage districts, etc., from \$32,665,000 to \$87,902,000 or 169 per cent.

The assessed valuation of all property subject to a general property tax was \$3,202,838,720 in 1922, as compared with \$463,371,899 in 1912. However, the legal basis of assessment was 100 per cent of the true value in 1922 and 20 per cent in 1912.
