U.B. Thrifty says BANK Lots of the so-called will power is won't power.

Your Home Bank Can and Will

—do more for you than any other bank if—they feel that you will play fair.

If you do your depositing somewhere else, however, there would be small encouragement for them to accommodate you. That's just as natural as an old shoe, isn't it?

In your mind, just exchange places with us. How WOULD you look at it?

BANK AT HOME and let's pull together!

Murray School Notes The teachers of the Murray schools this year are Miss Sara, Miss Rahney, Miss Waldheim and Miss Van Dusen. Miss Van Dusen is the principal of the Murray schools and is also the teacher of the 5th and 6th grades. Every Monday and Wednesday of the year all of the grades meet in Miss Waldheim's room and enjoy singing during the opening exercises. There are twenty-six pupils enrolled in the primary room this year. Thelma Gruber was absent two days on account of illness. The Intermediate room reports an enrollment of eighteen. All taking much interest in their studies. Because of the county fair at Weeping Water there was no school in Murray Friday. George Gruber was absent Friday because of the bad weather. There were very few Murray scholars attending the county fair at Weeping Water. Those who attended the county fair at Weeping Water reported having a most enjoyable time and also report a good school exhibit. The Freshmen class was very disappointed that they did not get to attend the fair, as they wanted to ride on the merry-go-round. The Freshies have not yet learned an distinguish between Algebra and Arithmetic. The Tenth graders, Charles Barrows, was absent the first week of school. Donabelle Edmisten, Lois Scotten, Gladys Mrazek, Earl Mrazek, Margaret and Glen Pais were at Louisville last Sunday, taking in the sights just from the flood last Friday evening. There are seventy-five pupils enrolled in the Murray schools this year. Miss Waldheim, one of the Murray teachers, was unable to go to her home in Hampshire this week-end on account of the heavy rain. There is a scarcity of books in the Murray high school as the new ones have not yet arrived. Miss Van Dusen visited the Union high school last Friday and gave a good report of the Geometry class at that school. Merle McCormick, a Freshman of the Murray high school, was absent last Friday morning. From the way Ruth Bourne talks she must have had a fine time at the county fair at Weeping Water. The Sophomores held a class meeting the first of the term and Winifred Chilton was elected class president, Lester Long, treasurer and Ruth Bourne, secretary. The Freshmen had a class meeting and elected Lois Scotten president and Lester Gansner secretary. The Freshmen of Murray high school carry four studies this year. They are Algebra, Community Civics, English and World History. Winifred Chilton from western Nebraska is making her home in Murray and attending the Murray high school. There are eighteen pupils enrolled in the Murray high school this year. The Murray schools had some trouble in getting the first term started. One of the Tenth graders, Charles Barrows, had the pleasure of running the Peterson hardware store at Murray Saturday. The Tenth graders are getting along fine except while at the board for Geometry. Clayton McCutcher was absent from school last Wednesday. There were several of the pupils from the Murray high school at Louisville last Sunday, taking in the sights. Lester Long went to Omaha Friday. Mr. Bourne is the pastor of the Murray school this year. The Freshmen at the Murray high school believe in doing things in a hurry so sent for a permit dated 1923. The Sophomores have succeeded in having three very successful class meetings. The Freshmen announce that they have had two successful class meetings. The Sophomores can't put anything over on the Freshies, but they think they can. The high school of Murray has a larger enrollment than at any other time during the last five years. The attendance has been very regular so far this year. Charles Howard is so bright that the English teacher Jim "Sandy" Glick and Mrs. Glick has a life position playing the piano for the Murray school. The idea is being entertained by the Freshmen that the chief delight of the Sophomores is to torment. Kumar has it that an initiation party will be played with a good time provided for all—with the exception of the Freshmen. The Tenth graders, are to entertain the Freshmen next Friday and they are getting a very good program by line. The Ninth grade will return the compliment next month.

CHILDREN OF CHURCH SCHOOL GIVE PROGRAM Entertainment at Public Library is Pleasing to Large Number of People in Attendance. From Wednesday's Daily—The children of the Church School Service League of the St. Luke's Episcopal church held their entertainment and program at the auditorium of the public library last evening and a very pleasing audience of the relatives and friends of the little people were in attendance. The entertainment was directed by Mrs. G. L. Leach while Mrs. George E. DeWolf served as the accompanist for the various musical numbers and the efforts of those two ladies contributed to the success of the program. The "Sister" drill, given by the girls of the league was very attractive and showed the most careful training on the part of those taking part, and in this portion of the program Florence Schatz and Jera and Clovis McIrdie had prominent parts. Those who comprised the cast were: Ruth Flander, Mae Egenberger, Halie Flander, Patricia Egenberger, Margaret Ralston and the three first named little ladies. The younger children in the kindergarten finger play, "Making Bread", were exceptionally clever and carried out their play in the most pleasing manner and in this cast were Vera and Clovis McIrdie, Betty McCarty, Alice Louise Ralston, Patricia Egenberger, Eleanor Egenberger, Margaret Ralston. In the "Huntsmen's Drill" there were a number of the boys who carried their parts well and a vocal solo by Master James Bogley served to add to the interest in the program. The others taking part were: Loraine Windham, Douglas Ralston, Jane Dunbar, Charles Ralston, Edward Egenberger. The chief feature of the evening was the play, "Pandora's Box" in which the older girls were shown and their rendition of the various roles was very well carried out and reflected the greatest credit on those who took part. Nancy Ralston appeared as "Pandora", Laura Grassman as "Epidemions", Jane Dunbar as "Quicksilver", Anna Mae McIrdie as "Hope", Ruth Smith as "Serpent", Ruth Flander as "Naughty-nona", Loraine Windham as "Evil Pleasens" and Ruth McMaken as "Pain". FOOTBALL GAME FRIDAY From Wednesday's Daily—On Friday afternoon there will be the second game of the football season staged in this city when the South Omaha high school journeys down to meet the local high school team in what is expected to be one of the hardest games on the local schedule. The visiting team is rated as one of the best of the high school teams this season in the state and has been working hard in its practicing. It is a heavy team and will outweigh the locals somewhat.

Portland, Ore., Oct. 2.—That censorship of motion pictures is dangerous to the freedom of speech and the press guaranteed by the constitution, was declared in a report submitted tonight at the tenth annual convention of the International Labor Press of America, submitted by its president, Mathew Wolf. "We are fast approaching the old European method of repression," said Wolf. "Slowly but surely freedom of speech and of the press and assembly are being converted into mere houses, subject to such conditions and restrictions as may be imposed by a political board of censorship. "This form of repression and censorship has found a most fertile field in the exhibiting of motion pictures. Many good people are misguided into favoring this form of repression because of their desire to protect the morals of the people, particularly the youth of the land. Unfortunately, in furthering this form of repression, a greater and more dangerous evil is being created. Little attention is given the fact, based on the world's experience, that the regulation of morals by the state has ever been a complete failure. The thing to do is to protect the idea of censorship in any and all forms from our American soil."

Freedom of Speech and Press Being Infringed Upon, Declares Federation of Labor Chief. The convention of the American federation of labor stood adjourned this afternoon, while the committees worked on an accumulation of resolutions and recommendations of the executive committee. Among resolutions under consideration were two training the federation to amend its settled policy in regard to politics and launch into the political fields in a third party in conjunction with the farmers.
