Michael and Mary Mandich and Michael Crapulick, other defendants, were assessed \$600, \$600 and \$300 respectively. WHEAT DUTY QUEST IS BEGUN; TO STUDY COSTS

Tariff Commission Opens Hearing on Advisability of Increasing Duty to 30 Cents a Bushel.

Washington, Nov. 25.—The tariff commission's wheat tariff inquiry will advance into the second stage tomorrow, when its first public hearing will be held. The commission has invited millers, producers and other interested parties to state their cases, and officials said tonight they hoped to develop a broad view of the pros and cons of appeal by the wheat counsel of the United States for an increase of 50 per cent in the present wheat duty of 30 cents a bushel. Members of the commission have been engaged for several days in laying a groundwork for the field inquiry which also has to be made and it was stated Vice Chairman Culbertson will direct the task of gathering data from growers and millers.

The commission's corps of experts has been augmented by a score or more of agricultural college men for the gathering of cost information.

Little information has been made available as to the program for obtaining production costs in Canada, from where the chief wheat competition comes. Thus far there has been no indication of any opposition from the Canadian government, but the feeling prevails in some quarters that a general inquiry in Canada may not be entirely welcomed by officials of that country. The commission will have to obtain an average cost of production there, together with information pertaining to marketing costs in order to weigh properly the same information as to that of the border.

Mr. Culbertson's conference at St. Paul may develop ways for obtaining the necessary Canadian information, although members of the commission decline to discuss that phase of their program.

MARRIED THIRTY-FIVE YEARS

From Tuesday's Daily—
Last Sunday the relatives and friends of Mr. and Mrs. Frank M. Masse, of near Nehawka, gathered at their beautiful country home and there made merry for the day the occasion of the celebration of the thirty-fifth anniversary of their wedding. The real anniversary was on November 18th but on that day Mr. and Mrs. Massie and Mr. and Mrs. Grover Hoback went to Beatrice where they were callers on Lovell Massie, a son of Mr. and Mrs. Massie who had just undergone an operation for appendicitis and who is now getting along nicely.

The celebration was attended by a

large number of the relatives and neighbors and a most excellent time was had. The friends in making the occasion a surprise took with them well filled baskets which provided a most delightful dinner. On their departing the friends expressed their hope that this excellent couple might live to enjoy many more happy years in health, prosperity and happiness with their friends.

From Tuesday's Daily—
Uncle C. W. Snyder of Nehawka who is well advanced along the pathway of life, had a very thrilling experience last Monday morning at the home of Louis Plybon when a ladder which was thirty-five feet in the air and him thereon was blown from the barn where he was working and like a squirrel Mr. Snyder slid down the rapidly moving ladder to terra firma and escaped with but a bruise on one leg being caused.
