Gunderson, Fremont; Ralph T. Wilson, Omaha; Prof. J. A. Rice, University of Nebraska, and Paul F. Good, Lincoln secretary.

Mr. Good will leave for Denver Tuesday evening to assist Wednesday in the selection of a Rhodes scholar for Colorado, and from there will go to Laramie, Wyo., to help select a Wyoming scholar on Thursday.

He had returned here to recuperate his health, and planned to open a similar factory here next year.

With his wife, Ida, he came to Omaha in 1877, and made his home here until 1908. Mr. Wagner was a member of all Masonic fraternities, including the Shrine.

Funeral services will be held from the home next Wednesday at 2 p. m., with the Rev. Thomas C. Webster officiating. Masonic services will be held at the grave in Forest Lawn cemetery.—World-Herald.

SUCH IS FAME

From Tuesday's Daily—

The fame that man has is but fleeting, some wise old poet has exclaimed and Attorney William G. Kieck of this city is thoroughly in accord with this sentiment following the receipt of the account of the Elks memorial service at Nebraska City, and the genial attorney is not just sure whether to be proud of the distinction that has been wished upon him in the account of the service appearing in one of the Nebraska City papers or rather feel that his own profession has been slighted. Mr. Kieck presents a very pleasing personality and his frank and open expression doubtless led to the mistake in his profession being made in our neighboring city. In the account of the meeting, which was very clever and well prepared, it was announced that the address of the afternoon was by the "Rev." W. G. Kieck of Plattsmouth and in which the speaker lauded the charitable ideals of the Elks. The attorney is at least one lawyer who was able to fool the outside world as to his profession.

PROVES A REAL HERO

From Monday's Daily—

Joseph Wooster of this city, who has been engaged in work on the Platte river bridge of the Burlington, met with a severe accident at the

bridge last Friday afternoon and that he is here to tell the tale of his misfortune is due to the heroic action of a young man, "Taffy" Ewing, as he is known to his fellow workmen at the bridge.

Mr. Wooster was struck on the left side of the head by a piece of timber while he was working on the structure of the bridge and the blow laid open a gash over the left eye and very painfully bruised the left side of his face and knocked him unconscious and he fell the distance of several feet into the waters of the Platte river and it was only the prompt action of Mr. Ewing that saved him from drowning. He was brought here and given medical treatment and is now doing very nicely.

WRITES FROM OKLAHOMA

From Monday's Daily—

C. E. Crabb, brother of J. W. Crabb of this city, writes from his present home at Tulsa, Oklahoma, in advancing his subscription to the Journal and states among other things that the Oklahoma country enjoyed the experience of a white Thanksgiving although it was not very cold and the snow was a great surprise to the residents of that locality. Mr. Crabb also reports that there are a great many men out of work in the oil fields but that the general belief is that the fields will open up as usual in the spring with the employment of a large force of men.
