Miss Helene Engelkemier United in Marriage to Mr. Otto E. Lutz at Nehawka Yesterday.
From Thursday's Daily—
At high noon yesterday at the charming country home of the bride's parents near Nehawka occurred the marriage of Miss Helen Engelkemier to Mr. Otto E. Lutz, the ceremony being witnessed by a number of the relatives of the contracting parties. The home was very attractively arranged with decorations of white bells and red berries carrying out the color scheme of red and white in a very artistic manner. Promptly at the noon hour the notes of the "Lohengrin Bridal Chorus" were sounded by Mrs. H. O. Rhode as the bridal party entered the parlors where the marriage ceremony was performed. The marriage lines were read by the Rev. H. O. Rhode of the Eight Mile Grove Evangelical church, the impressive ring service being used in the joining of the lives and hearts of these two estimable young people.

The bride wore a very modish costume of navy blue crepe and while the groom was attired in the conventional dark suit. The bridal couple was unattended.

After congratulations a bounteous dinner was served to the members of the bridal party numbering the following: Rev. and Mrs. H. O. Rhode, Mr. and Mrs. Otto Lutz, Mr. and Mrs. A. H. Engelkemier, Mr. and Mrs. John Lutz, Mr. and Mrs. Philip Hild, Mr. and Mrs. Fred Engelkemier, Mr. and Mrs. Edward G. Meisinger, Henry F. Lutz, Misses Helen and Katherine Lutz, Laura Engelkemier, Esther Rhode, Messrs. Gordon Dean Hill, Louis Rhode, Herbert and Walter Engelkemier.

The young people departed at 3 o'clock for Omaha from where they will go on a short honeymoon and returning will make their future home in Plattsmouth in the Herold apartments where the groom has a home awaiting the coming of his bride.

The bride is the second daughter of Mr. and Mrs. A. H. Engelkemier and has been reared to womanhood in the vicinity of Nehawka and is a lady held in the highest esteem by very large circle of friends. The groom is the eldest son of Mr. and Mrs. John Lutz and is a veteran of the world war and at the present time is in the employ of the Burlington in the local shops and is a young man well known and highly esteemed by all who have the pleasure of knowing him. He has spent the greater part of his lifetime here and is one of the industrious young men of the city of Plattsmouth.

SERVICE MEN TO TAKE PLACES IN INDUSTRIAL LIFE

Disabled Vets Being Rehabilitated and Taught Useful Trades of Many Different Kinds.

Nebraska has 450 world war veterans, more or less incapacitated in service, being rehabilitated through vocational training, 350 of them in University of Nebraska and the others in state institutions and industrial plants. Several of these are from Plattsmouth and Cass county.

Many of the 350 are in the university trades school, coming under the direction of the Lincoln office of the veterans' bureau. The government is giving them from one to four years of training, paying them in the meantime, the term depending on the objective for which each man is preparing.

The Nebraska men are fitting themselves for some fifty occupations, ranging alphabetically from agriculturist to window decorator and embracing a great variety of trades and professions.

"Two hundred of these former soldiers will be ready to enter the normal life of the community next June," L. M. Towle said Friday. "The government is now at a point in its work with these men where it must necessarily call upon industry and the people at large to take up the burden of the privilege, as they see it, in connection with our further obligations to these men."

Many thousands more of these men are to be rehabilitated, or made ready for employment, during the next few months. It is the earnest desire of the government to rehabilitate all of the men as quickly as possible. At the same time it is the desire of the government to rehabilitate them wisely and well, so that they will be able to carry on profitably for themselves and for industry. So, it is this trained and finished product of the rehabilitated man that the United States government asks industry to employ.

R. M. Kirk, United States veterans' bureau, Omaha, is the employment officer for the state. All inquiries regarding employment opportunities should be directed to him.

Taking Desperate Chances

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for the more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?
