Plan to Attend Meetings

A week of education and recreation for farm folks. Come on, let's go. Are you planning to attend organized agriculture meetings at Lincoln which will include the state poultry show this year at the same date, January 8-12? The home economics program with its contacts with farm women from all over the state and the extension workers, is alone worth the trip. Many farm women have time to take a vacation more than any other season and the "feast of mind and flow of the soul" is the mark of it. At these yearly gatherings of agricultural workers is surely worth many times the cost. Shall we not meet in Lincoln on Tuesday, Jan. 8 at the usual cafeteria and luncheon and get acquainted meeting of the state home economics association to which you may belong without due but receive yearly benefit. If you don't know where to go write Miss Mary Ellen Brown, college of agriculture, Lincoln, Neb., and she will be able to direct you to rooms, while you may get your meals at the cafeteria during the week, at a very moderate cost.

This year's program assures an unusually interesting and helpful demonstration on practically every phase of agriculture. Of particular note is the general mass meeting of all agricultural organizations Thursday, January 10, in the agricultural engineering building. At this gathering Alfred Vlytan, dean of the Ohio agricultural college, will speak on "The Greatest Need of the Nation." Aaron Sapiro, marketing counsel, is also scheduled to speak at this general session. He will talk on co-operative marketing. On Wednesday evening, January 9, will be staged the Farmers family fun feed, an event which proved to popular last year. The big feed will be given in the same place, the agricultural engineering building. If you like a lot of tasty food and plenty of fun, you'll want to be present at 5:30 Wednesday evening.

The program for 1924 organized agriculture may be had by writing the farm bureau office at Weeping Water.

HAS NEW TREATMENT FOR OSTEOMYELITIS

Marquette, Mich., Dec. 29.—A method of treating sufferers who suffer from bone and muscular infection due to wounds—without operations, and which he said had been successful in a number of cases under his observation, was described by Dr. Max Thorek, of the American hospital of Chicago, in an address before the Academy of Medicine of Marquette and the Marquette Alger County Medical society.

The method, which he said was simple and available to every physician, is known as the aluminum potassium nitrate treatment. This, he hoped, would prove a benefit to industrial cripples as well as war victims and others suffering infection of the bone and marrow.

### WILLIAM B. ROSE, JUDGE OF SUPREME COURT

CANDIDATE FOR RE-ELECTION, PRIMARY APRIL 8, 1924

The Tecumseh Chieftain, in its issue of December 22, 1923, says: "It is understood that Judge William B. Rose, of our state supreme court, will be a candidate for renomination from the First supreme judicial district at the primary to be held April 8th, 1924. The district comprises the counties of Johnson, Lancaster, Pawnee, Richardson, Nemaha, Otoe and Cass.

"Judge Rose has spent his entire professional life of thirty-five years in the service of the state of Nebraska, having resided during all that time in a Lincoln. He was appointed by Governor George L. Sheldon in 1908 for a three-year term as judge of the supreme court, at the time when the bench was increased from three to seven members, and he has served in that capacity ever since—an experience of fifteen years. He has twice been elected by the voters of the entire state.

"After his judicial service had stood the test of nine years he was endorsed by a vote of the lawyers of the state, which endorsement was later ratified by the people at the polls.

"The trend of his opinions, as observed by members of the legal profession, is to adapt judicial procedure to present day conditions and to avoid ancient technicalities which interfere with the administration of justice.

"Progressive writers of law books and magazine articles have heartily commended his work as judge, and that at a time when criticism of courts and necessity for improvement of judicial procedure are subjects of grave public concern.

"It would seem that the interests of the state at large would be best served by the renomination of Judge Rose at the primary to be held in the First district next April, and by his re-election at the polls in the following November. Modern ideas of procedure are needed on the bench and the judge has them."

YOUNG PEOPLE ARE WEDDED

Two of the well known people of this city, Miss Georgia Denson and Mr. Everett J. Noble, were very quietly married at Council Bluffs Saturday afternoon. The wedding was very simple, the bridal couple motoring to the Iowa City where the marriage ceremony was performed.

Mr. and Mrs. Noble departed immediately after the wedding for Cheyenne, Wyoming, where they will spend ten days visiting at the home of Mr. and Mrs. Evan Noble and will then return to this city where they will make their home in the future.

Both of the young people are well known in this city and possess a large number of friends who will join in wishing them success and happiness as they journey down the highway of life together. The bride has been making her home at Grand Island and Omaha for the past few months and is a lady held in the highest esteem by a large circle of friends. The groom is one of the employes of the local yard force of the Burlington and a gentleman possessing a host of warm friends who will learn with pleasure of his new found happiness.
