(Continued From Page 1)

book and ledger burned in furnace at Plattsmouth State Bank and small books in the stove at Fricke's office.

On cross-examination witness stated he was a borrower of the association; would turn his holdings to the Standard association to carry in the future.

On redirect Mr. Tidd stated shortages had made necessary liquidation, as the association had not the funds to pay the demand of stockholders.

Back on cross examination, Mr. Tidd stated strikers were stockholders and many had withdrawn. Again on redirect, witness said the start of demand for withdrawal was before the trial was called on July 1, 1922.

Warren Tulew was sworn and testified that on July 1, 1922, he was sexton of the Plattsmouth cemetery.

Witness had found some books of the Livingston Loan and Building association in June, 1920. Six books were found; large books. Books were in good condition; scattered around in very deep ravine, 7 or 8 feet deep.

Mr. Greenfield was the first witness called by the defense after the state rested at 10:30 this morning. Witness had examined the ledger accounts charged under indictments.

Witness had examined the ledger accounts charged under indictments. Was a general record and showed a general and not individual balance. Was not an individual record.

Witness was asked to give result of his finding as to items of \$300 and \$900 and debit entries in Rys case and also \$2,000 item in Sampson case and item of \$5,250 entered in the books of the association.

Mr. Greenfield was still on the stand and in direct testimony at the time the Journal went to press, and with prospects of facing a long cross examination. Is not expected to complete the case before some time tomorrow and it is probable it will reach the jury about next Saturday.

From Saturday's Daily.—The cross examination of Mr. L. A. Greenfield, expert accountant and defense witness, was undertaken yesterday afternoon shortly after the Journal went to press, being conducted by Attorney D. O. Dwyer, special state prosecutor.

Witness asked the witness concerning the Rys claim, \$400 on one date, another item of \$900 and in another place an item of \$600. Said it might have been either payments or correction of errors.

Another error in certificate to Mrs. Martha Bates for \$600, a liability entered when indication made showed that it had never been issued and was charged on the books. Necessary to make correction of the same.

An error in account of Frank Slatinsky. Certificate for \$2,200 returned April 6, 1921; received the sum of \$200 and new certificate for \$2,000 issued. Entry showed \$200, an error of \$1,800.

with Mr. Greenfield still on the stand for the defense. An error in case of Adolph Koubel certificate for \$1,000, and under \$500 and new certificate was made. No cash had been received and entry not made in cash receipts; made necessary a journal entry. Witness, in explaining to the court, stated he could not connect definitely with any stated balance.

Another certificate issued to Frances Janda for \$2,000, returned October 14, 1921; withdrew on it the sum of \$1,000, receiving a new certificate for \$1,000. No proper entry made. The state objected to the defense witness trying to show items occurring in September and October, 1921, when the alleged balance to correct figures had been in August, 1921. Sustained by the court.

P. G. Egenberger certificate for \$4,000 in 1918, and on December 12, 1921, returned, for payment of \$1,300 and new certificate of \$2,700 increased. Overstatement of liability of the association. The \$2,700 was divided into \$1,000 for John Egenberger and \$1,700 to P. G. Egenberger. The total amount was shown on the association books, as there was no record of the payment of the \$1,300.

The next item referred to by the witness was that of Alla Bedzek for \$250. A warrant for \$150 was drawn and a new certificate for \$200 made. The overstatement of the liability certificate, thereby increasing the stock liability.

State objected on the ground that the evidence had no bearing on the balance entered of \$9,850 charged in indictment. The certificate of Rose Clويد for \$3,000 was taken up. A warrant had been issued for \$1,000 and new certificate made for \$2,000; this had in turn been surrendered for \$500 warrant and \$1,500 certificate in August. This certificate later returned and \$500 withdrawn with new certificate issued for \$1,000. No journal entry was made of cancelling the claim still later the certificate for \$1,000 had been turned in and another \$500 withdrawn.

Witness stated had made up total including errors in footing of \$52,532.75, the debits showing a liability of \$42,062.75, actual liability, of \$13,350 and excess liability due to improper entries, of \$28,000. The balance was struck in the books on May 19, 1921; June 20, September 18, October 20, November 20 and December 21, and January 20, 1922. Witness said "out-of-order" entry made in August, 1921, should have been for correspondin date in September.

Mr. Greenfield was still on the stand and in direct testimony at the time the Journal went to press, and with prospects of facing a long cross examination. Is not expected to complete the case before some time tomorrow and it is probable it will reach the jury about next Saturday.

In matter of certificate of Edward Donat for \$2,000, in July, 1921, no record of payment or indicating that it had been canceled. Entry debiting certificate necessary and not made unless in the sums reported in corrections.

The certificate issued to Frank Schuldice for \$450, indication witness said had been returned with \$50 in cash and new certificate for \$50 made. Debit for amount had not been made and left an overliability of \$450.

LOANS FALL LARGE SUM OF MONEY ON UNSECURED NOTE

Doheny Testifies It Had No Relation to Any Contract—Was Purely a Personal Matter.

Washington, Jan. 24.—Albert H. Fall, while secretary of the interior, received a loan of \$100,000 in cash on his personal note from E. L. Doheny, California oil magnate, Mr. Doheny testified today before the senate investigating committee.

The date of the loan was given as Nov. 10, 1921, more than a year before the secretary signed the contract leasing to the Doheny interests the California naval oil reserves, out of which committeemen remianded Doheny he has testified he expects to make a profit of \$100,000,000.

Mr. Doheny declared to the committee, however, that the loan "had no relation to any of the subsequent transactions," that it was made by him "personally" and that "in connection with this loan there was no discussion between Mr. Fall and myself and it seemed to my wife that he had been gone a long time and she went out to see what was detaining him so long. She found him dead. Death was due to heart failure and came very suddenly. Walter was a highly respected man and had the respect and confidence of all he knew. This is indeed a very sad case and the sorrowing relatives have the heartfelt sympathy of the entire community. He leaves his wife and one child.

Walter Henry Lorenz was born near Minden, Iowa, March 10, 1882, and passed to his reward January 18, 1924, leaving his age 41 years, 10 months and 8 days. In the spring of 1887 his parents moved to Osborne county, Kansas, and in the fall of the same year moved back to Magnolia, Iowa, and in the spring of 1889 they moved near Dumbries, Iowa.

It was his privilege to be reared in a Christian home and to enjoy the blessings of the church from early childhood and at the age of ten years under the labors of Brother Escher he surrendered his youthful heart to Jesus the children's Saviour and joined the Evangelical church of which he remained true to the end. As a boy and young man he found great delight in the services of the church and especially in singing and he sang to the honor and glory of his Lord and Master.

He grew to young manhood helping his father on the farm. In January, 1910, his parents retired from active farming after which time he worked for his brothers part of which time in and around Elmwood, Nebraska. On the 13th day of August, 1921, he entered holy wedlock with Nettie M. Brandon. This union was blessed with one son, Kenneth Walter.

In the spring of 1922 Brother and Sister Lorenz moved from Council Bluffs on a farm, six miles south of Elmwood, Neb., where they enjoyed God's blessings upon their handicraft. There remain to mourn his unexpected death his beloved wife and son, Kenneth Walter, two brothers, Arthur W. Lorenz of Topeka, Kan., William F. Lorenz of Bruce, Wis., one sister, Mrs. C. L. Anderson of Cedar Rapids, Iowa, and many other relatives and friends.

Funeral services were conducted by the pastor, E. H. Sohl at the Evangelical church on Monday at 10:00 a. m. after which his body was shipped to Council Bluffs where a service was conducted by Rev. Lawrence Sohl at the Evangelical church where he was formerly a member. Interment was made near Council Bluffs.—Elmwood Leader-Echo.

Following the services the body was borne to Oak Hill cemetery where it was laid to rest, the pall bearers being H. M. Soennichsen, Louis Kroehler, Lee Cotner, Carl Kunsman, Edward P. Lutz and L. D. Hlatt. The son, Joseph Lahoda of Miller, South Dakota, arrived here to join the members of the family at the services, but the family, Mr. Dewey Zuckewiler, residing there, was unable to be present.

DRY RESOLUTION PROVIDES WORLD-WIDE PROHIBITION

Iowa Anti-Saloon League Would Have Americans Set Example—Plan State Crusade.

Des Moines, Ia., Jan. 25.—An appeal to the people that "Americans set an example for all nations, to end that world-wide prohibition may soon be realized," was made in a resolution adopted today by the state anti-saloon league, in convention here. The resolution declared the fight against bootleggers must not be given up, until every section of the country is entirely dry.

Plans were made for the most extensive crusade ever launched in Iowa. Through the churches, the campaign is to be carried into every city of the state and a particular effort is to be made to oust from public office, officials who are not properly enforcing the liquor laws. The main effort will be centered in local campaigns.

MAY PROVE FATAL. Backache is only a simple thing at first. But if you find 'tis from the kidneys. That serious kidney troubles may follow. That dropsy or Bright's disease may be the fatal end.

Wm. Hassler, proprietor of blacksmith shop, Fifth and Oak streets, says: "I know the straining work a blacksmith caused my back to weaken. Many times I have been down shoeing a horse when a sharp stitch took me through my kidneys and hurt severely. My back was stiff and lame at times. I started to use Doan's Pills and they soon corrected the trouble and made my back strong again. About two boxes from Weyrich & Hrabrab's drug store was all I had to use. I can work every day now and give Doan's the credit for my good condition. I always keep Doan's on hand and take them occasionally to keep my kidneys well, and they never fail me."
