

It Never Failed Him

Veteran railroad engineer, with 56 years of unbroken service to his credit, declares Tanlac proved equal to emergency and restored his strength and energy when he was badly rundown in health.

JOHN F. McWATERS

J. F. McWaters, veteran railroad man, of 147 East Erie St., Atlantic City, who is credited with 56 years unbroken service as an engineer on the Atlantic & West Point, recently paid high tribute to Tanlac. "Several years ago," said Mr. McWaters, "I became so run-down it looked like my chain of service might be broken before I could run out my fifty-year period. However, I resorted to Tanlac to set me right, and Tanlac proved fully equal to the emergency, quickly heading off the trouble and bringing my strength and energy right up to normal. "Since then, when I have felt a little run-down, or 'off my feed,' as the railroad boys say, I have taken Tanlac, and it never fails to do the work. I am using Tanlac now as a general tonic, and my health stays fine." Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

MRS. BESTOR LAID TO REST

The funeral services of Mrs. Ada Bestor were held yesterday afternoon at 2 o'clock from the home of her son, Frank M. Bestor on North 4th street and very largely attended by the old friends and neighbors who had gathered to pay their last tributes of affection to her memory. The floral tributes were lavish and very beautiful. The services were conducted by the Rev. Walter R. Robb of the Christian church who spoke words of comfort to the bereaved family in their loss and told of the splendid Christian character of the departed lady. During the services Mrs. Vaughn Black sang very sweetly one of the hymns so loved by the departed lady. At the conclusion of the services the body was borne to Oak Hill cemetery where it was laid to rest beside that of the husband in the last resting place. The pallbearers were John Wehrlein, H. E. Becker, G. O. Dovey, E. A. Wurl, John F. Gorder and R. W. Knorr. Among those from out of the city attending the funeral were: Mr. and Mrs. Ed Hoesler, Will Hoesler, Miss Carrie Kollert, Miss Marie Hiler of Omaha, Mrs. W. B. Porter, Sr. and Mr. and Mrs. Boyd Porter of Benson.

HAS LEG AMPUTATED

George Halmes, a former Cass county boy, son of Mr. and Mrs. Nicholas Halmes, old residents of Weeping Water, was compelled to undergo the amputation of one of his lower limbs the last week at Omaha where he has been for several months in the hospital suffering from tuberculosis of the bone of one of his limbs. George has been affected with this misfortune for some time and the condition of the leg gradually grew worse until it was found necessary to amputate the leg in hopes of checking the spread of the disease. When a resident of this county prior to the moving of the family to Omaha George was a fine specimen of young manhood and his misfortune will be greatly regretted by the host of old friends who hope that he may now be restored to his former good health.

TAYLOR OFFERS A PROTEST AGAINST BAND WAGON USE

Former State Senator Objects to Democrats Using Livery of the Progressives.

From Wednesday's Daily—
W. J. Taylor, progressive leader, and former state senator, issued some sundries in the political beds of C. W. Bryan, C. W. Pool, Edgar Howard, John H. Morehead and A. C. Shallenberger Tuesday morning. Each of these gentlemen has been entered as a candidate in the progressive party primary. Mr. Taylor says none of them being there, and he intends to go to court to test their right to submit their names thereat.

The protest is in legal form. It says that in accordance with the provisions of section 2152 of the 1913 statutes he objects to the sufficiency and the legality of these petitions purporting to place the men named in nomination in the progressive primary, for the reason that "none of these men can truthfully make the oath required in section 2157 statutes that he affiliates with the progressive party and will abide the results of its primary," and that "none of these petitioners affiliate with the progressive party."

Mr. Taylor thus raises two issues, whether these members of the democratic party are also members of the progressive party and whether any of those who signed the petitions are progressives. In a letter to Mr. Pool, Senator Taylor says:

"Dear Mr. Pool: The law requires that this should have been done within three days after the final filing of all necessary papers, but it is a little defective in that it makes no provisions for your informing of the public. I am making this protest at my earliest information. Please notify these men as per the law, for if you should rule against me I want to get a court ruling."

"I am, of course, familiar with the other provisions which seem to me to do allow filing upon two party tickets. But these various provisions are so absolutely conflicting and contradictory as to nullify the act. I am also familiar with the Junkin ruling of the court. But this is different and that is old. If any more filing is made as in these cases upon the two tickets, if you will please notify me I shall surely get my objections in on time."

Farm Seeds and Weed Seeds

A southeastern Nebraska farmer reports that in much of the red clover seeded in his neighborhood they have found dodder showing up in the fields. Dodder, Canadian thistle, the small morning glory and similar weeds of a very serious nature, are often introduced into a neighborhood through seeds that are brought in. If seed has to be bought for spring planting, this is a good time of the year to buy it. While markets may fluctuate, early bought seed is not apt to be as high in price as that bought at the rush of seeding time. The quality is likely to be higher than later on when stocks of good seed are depleted. Then, too, there is now plenty of time to have the seed tested for purity and germination. Tests are made free for farmers by the county agent, county building, Lincoln, Nebraska. Advertisements of "Bargain Seeds" and "Cheap Seeds" can be found in many of the farm papers. While we all want to buy seed as cheaply as possible, that is different from buying cheap seed. Much of the cheap seed sometimes advertised as being a mixture of two or more kinds have been found in most cases to be of poor germination, full of bad weeds, or chaff and dirt, and so made up that the cheapest seed in the mixture makes up most of it. Don't try to save money by buying inferior, cheap grade seed. You may pay for it fighting some serious weed pest for several years to come.

ELECTION OF ASSESSORS

From Wednesday's Daily—
A great deal of interest has been created in the election of the county and precinct assessors at the election this year and the various provisions of the law covering the same. The law has set the term of the county assessors at four years and made him ineligible for re-election and also set the time that the precinct assessors can serve as two successive terms.

W. H. THOMPSON QUILTS COMMITTEEMANSHIP RACE

Grand Island Man Announces Will File on Nonpartisan Ticket For Supreme Court.

W. H. Thompson of Grand Island announced yesterday he would not stand for re-election as democratic national committeeman, but would file on the nonpartisan ticket for judge of the supreme court.

The decision removes likelihood of a contest over this important party office, and will leave the democrats of Nebraska free to return to Arthur P. Mullen to the position he filled from 1916 to 1920 without a sharp controversy at the polls. Mr. Mullen's petitions were filed last week, bearing the names of 4 thousand democrats from all parts of Nebraska.

Mr. Thompson, known for years as the "Little Giant" of Nebraska democracy, has been active in many campaigns, but as his statement says, after years of active legal practice, a place on the bench would be more to his liking besides giving opportunity for service quite as broad.

He says: "I wish, in the most appreciative and sincere way, to thank my many friends over the state, who, without solicitation from me, circulated petitions with a view of placing my name on the primary ballot for democratic national committeeman. I am gratified that a large number of political parties in the Fifth congressional district to file as a candidate for judge of the supreme court on the non-political ticket, which I have determined to do."

"Personally, I felt I can aid in doing more for our state on the bench, as that position has a stronger appeal to me. The fact that the selection of the candidate is to be made in a non-partisan manner has also contributed in helping me to make this decision. It will be impossible for me, therefore, to be a candidate for the nomination for national committeeman."

"The necessary receipt and affidavit will be sent to the secretary of state, Charles W. Pool, at once."

CARS HAVE SERIOUS SMASHUP

From Monday's Daily—
Last evening a rather serious auto wreck occurred on the Omaha highway just north of the Nebraska Masonic Home and in which the auto of H. A. Mann of La Platte and that of Dave Rutherford were both badly smashed up and made necessary their being towed back into the city. From the reports received of the wreck it is claimed that Mr. Mann, who was returning to his work at the Platte river bridge from Plattsmouth, was driving over on the left hand side of the road and failed to see the approaching car of Mr. Rutherford, which was on the proper side of the road and as the result when the attempt was made to avoid a head-on collision both cars suffered the damage. The left front wheel of the Rutherford car was knocked off and the fender and running board on the left hand side of the Mann car was torn off in the impact of the collision. Fortunately none of the occupants of either car were injured and the only damage sustained was to the machines.

SUFFERS AN INJURY

From Wednesday's Daily—
Mart Buttery, who is employed at the Burlington shops as one of the night watchmen, is taking an enforced layoff as the result of an accident that he suffered yesterday evening which prevented him from carrying out his work as usual last evening. Mr. Buttery fell down while on duty last night, injuring his leg, and as a result was unable to continue his work for the rest of the night and may be laid up for several days.

SUFFERS A NASTY INJURY

From Wednesday's Daily—
George Pick, one of the workmen employed on the maintenance of way of the Burlington out of this city, is limping around on crutches today as the result of a rather painful experience that befell him yesterday afternoon while at his work. George was assisting a number of other

workmen along the tracks near Oread where they were putting in a frog on a switch, and as the heavy frog was being barred into place over the other rails, the bar that George was using slipped out and struck his right foot with a great deal of force and as the result George is on the retired list for a few days at least.
