### WEDDING BELLS RING FOR POPULAR YOUNG COUPLE

Carl Kupke and Sara Lau Married at Evangelical Lutheran Church On Sunday Afternoon.

From Saturday's Daily—  
The happy wedding bells rang sweetly last Sunday afternoon at three o'clock, when Miss Sara Lau became the bride of Carl Kupke at the Evangelical Lutheran church, the pastor, Rev. Theodore Hartman, officiating at the impressive ceremony. The bride was beautifully attired in a handsome gown of white and she was attended by her sister and her cousin, Miss Manda Lau and Miss Laura Neumann. The attendants of the groom were his brother, Paul Kupke and Louis Wehrman.  
The marriage was witnessed by a large number of relatives and intimate friends after which the wedding party and guests repaired to the home of the bride's parents, where a bountiful supper was served.  
The bride is the third daughter of Mr. and Mrs. Ferdinand Lau of near Murdock and the groom is the eldest son of Mr. and Mrs. Charles Kupke, also of that vicinity, and the union of this popular young couple unites two of the most prominent Cass county pioneer families. They start out on life's journey under the most favorable circumstances, attended by the best wishes of the host of friends who extend to them

heartily congratulations and good wishes for a long and happy wedded life, attended with every success. They will go to housekeeping at once on a farm near Greenwood.—Louisville Courier.

### FUNERAL OF ERNEST EPPINGS HELD FRIDAY

Services are Held at the Christian Church and Body Laid to Rest in the Horning Cemetery

From Saturday's Daily—  
Yesterday afternoon the funeral services of the late Ernest Eppings were held at the Christian church, of which his family have long been members. The services at the church were conducted by the Rev. W. A. Taylor, of Union, and who in his comforting way spoke words of cheer to the bereaved family and the sorrowing friends of the young man, who had been stricken in the first flush of his youth and removed from the family circle to his heavenly reward. The services were held at 2:30 and a large number of the friends of the family were present to share with the members of the family the grief that the death had brought to their circle. During the service, a number of the old and comforting hymns were given by the choir of the church.  
At the close of the service, the body was borne to the Horning cemetery two and a half miles south of Plattsmouth, where it was consigned to the last long rest.  
Ernest Edward Eppings was born at Lewistown, Missouri, on May 27, 1899, and lived in that place and that vicinity until the spring of 1911 when he was brought by his parents to Murray, Nebraska, where the family lived prior to coming to Plattsmouth. He was taken to the University hospital at Omaha where he passed away on February 13th, at 11:35 p. m., aged fourteen years, eight months and sixteen days. He leaves to mourn his death the father and mother, one sister, Emma, and one brother, John Richard, a grandmother, Mrs. Emma March, a number of aunts, uncles and cousins.

**Chamberlain's Cough Remedy Aids Nature**  
Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its good qualities. Try it when you have a cough or cold.

### BREAT PUBLIC MOVEMENT IS PLANNED HERE

FORMATION OF PLATTSMOUTH CLUB ONE OF THE AIMS OF THE YEAR 1924.

TO LOCATE NEAR CHICAGO AVE.

Plans Call For Club House, Golf Course, Tennis Courts, Pavilion and Playgrounds.

From Saturday's Daily—  
One of the forward looking plans for the year 1924 in this city is one forming a Plattsmouth club which will fill a long felt want in the community in the way of a place of entertainment and recreation that has been often desired in this locality.  
The movement has in view the construction of the north Chicago avenue including the T. E. Parmele, Walter Propst and Miles Allen tracts of land which form some forty acres on the west side of this fine paved highway which is particularly adapted for use as this kind of a park.  
It is planned that if the movement is realized to have the Parmele residence, which is one of the largest and most attractive in the city, used as the permanent club house from which the various activities will be extended to place all of the park in use at almost any time of the day or night. The residence is one that is particularly adapted to conversion into a club house and is in a most convenient situation for the public.  
From the entrances on Chicago avenue driveways would extend to the west limits of the acreage winding its way along the north of the club house and secure an adequate tourist park would be maintained for the use of the traveling public and the driveway around the club house also allow an entrance on Patterson avenue on the south side of the park.  
The golf course will occupy the southeastern portion of the grounds and extend over the grounds which is so plentiful over a twenty-acre tract of land.  
The dance pavilion and playground would be located near the main entrance and in the draw that is in the center of the tract of land would be situated the swimming pool and bath houses that are planned as a part of the program of improvement.

The boosters, who are very enthusiastic over the plans, have figured out the cost of the proposed park very clearly and estimate that the total cost of all the improvements necessary would be \$32,000, and already there has been voluntary offerings of \$6,000 for the proposed park and many others are taking a keen interest in the project to give Plattsmouth a real park that will be a credit to the city and its people.

**"THE PLATTER" COMING**  
From Friday's Daily—  
The Plattsmouth high school is soon to launch on the journalistic sea in the publishing of "The Platter," official paper of the school, which is already in the making. The members of the high school classes have long desired an organ in which they might give the various items of school news in their own way, and which would also tend to stimulate interest in the school and awaken the school spirit.  
The new publication will be well organized with an editor in chief, assistant news editor and sporting news editor and in this way cover the activities of the school in every way.  
The first edition of the paper will appear in the next ten days as the copy is being turned in and the printing of the paper will be handled at the Journal office.  
The Plattsmouth high school published a paper in the year 1918 when the senior class of that year was in charge of the publication with Henry Herold as the editor.

**RETURNS FROM COLORADO**  
From Friday's Daily—  
Yesterday afternoon Mrs. J. L. Stamp returned from Colorado, where she has been for several weeks, being called there by the illness and death of her brother-in-law, E. O. Furlong, and remained for a visit with her sister, Mrs. Furlong, at Steamboat Springs after the funeral. She also visited her niece, Miss Grace Furlong at Colorado Springs. While in Colorado, Mrs. Stamp encountered some real winter, as the snow was banked along the railroad right of ways as high as the passenger coaches and railroad traffic made the matter one of the greatest difficulty.

**BIG MAJORITY IN FAVOR OF WOAW RADIO PROGRAMS**  
From Friday's Daily—  
Unofficial tabulations of the referendum vote conducted by the Women of the World to determine whether it should curtail or maintain the same standard of programs as it now broadcasts over its radio station, WOAW, last night, last 36,100 for the present schedule and 4 hundred favoring a change.  
W. A. Fraser, sovereign commander, said last night he will personally make the announcement tonight from WOAW, giving the exact vote cast and also the future policy of the radio station.

### SPRING WEATHER CALLS OUT THE GOLF BUGS OF VICINITY

Local Course Being Liberally Patronized These Spring Days by Devotees of the Game.

From Thursday's Daily—  
The residents of the west part of the city near where the course of the Plattsmouth Golf Club is located may rest assured that from now on the highways and streets in that locality will be well traveled as the spring season has brought out the germ of golfitis in all of its mid-season vigor and the members of the club are now busy thinking up excuses that will permit them to lay aside the cares of business and give themselves to where the green hills of the Lake Wiles farm calls them in pursuit of the elusive golf ball.  
The course is in the best of shape and the ground just hard enough for good play and the ball goes fast and furious over the course, the first of the season's players report and already some scores have been rolled up that will be the subject of conversation around the gathering places of the golfers for many days.  
The board of directors of the club are meeting Friday to complete the plans for the upkeep of the grounds during the summer and also to purchase a mower that will be used in keeping the grounds in first class shape and from the plans the coming season should be the best that the club has yet enjoyed.

**PLATTSMOUTH HIGH BEATS THE N. D. S.**  
Blue and White Cagers Have Little Trouble in Defeating the Omaha Basketball Quintet.  
The Plattsmouth high school basketball five defeated the Nebraska School For the Deaf last night at the local gym by the score of 41 to 18, before the smallest crowd of the season.  
After being prevented from scoring the first half, the Omaha outfit came back in the second period and caged 18 points. Despite the fact that the mutes scored as many points as the blue and white in the final period, they were outclassed at every stage of the game and but for the brilliant goal throwing of one man—Neujahr, who scored all their field goals—the black jerseyed cagers would have had a much lower score.  
The local court men play but two more games here this season, both, however, being excellent attractions. Tonight Havdick will be here for the first time in several years and comes with a very strong team. Next Tuesday evening Coach Rothert's lads will tackle Creighton Prep, city champions of Omaha and leading contenders for the state championship.

### SAW THE FIRST ROBIN

From Thursday's Daily—  
The record of seeing the first robin of the season is held by Vernon Arn, Jr., who yesterday discovered the first of the birds of spring at his home on Pearl street and which is the first arrival of the migratory birds from their winter quarters in the southland. Vernon has been watching for his birdship and was delighted upon going out of the house yesterday morning to discover the robin.  
William Newman was among those going to Omaha this morning to spend the holiday period at the state metropolis.

### PLAN A RUSTIC COMMUNITY HOUSE EAST OF UNION

"Noble Six Hundred" Club to Erect a Log House of Large Dimensions Overlooking River

From Thursday's Daily—  
The "Noble Six Hundred" community club of the Sciota school district, east of Union, has decided to erect a community house for the benefit of the occupants of that neighborhood.  
The building is to be made of straight black oak logs and the architectural plans, drawn by Herbert Roddy, provide for three rooms—a small kitchen, a cloak room and a spacious reception room. The latter is to be furnished with built-in seats, book cases, a stone fireplace and solid oak floors. A wide veranda is to be built the entire length of the house.  
The site chosen is perhaps the most picturesque in Cass county. It is a few hundred yards from the Missouri river on a grassy rise of ground, shaded by grand old oaks and elms, and will be protected from winter winds on the north by the solemn bluffs that are dotted here and there with young cedars, but will also derive full advantages of the balmy breezes from the "Big Muddy" in the summer time. It probably has the scene of more than one Indian battle.  
Mr. Sherman Hathaway, who is well versed in his art, is to have charge of the masonic work and insists that the stones for the fireplace be taken from the neighboring hills. Messrs. Jake Morton and Pete Everett, who were reared in the woods and surely know good material when they see it, were chosen to select the finest black oak logs available for the construction of the palace.  
Mr. Lester Moore, the skilled cabinet maker, is to have charge of the interior woodwork. While Mr. Roy Dye will act as general superintendent.  
The interior decorating has been left to a committee of the young ladies of the club and of which Miss Mildred Hunt is chairman.  
The selection of the kitchen equipment has been left in the complete hands of Misses Violet Dye and Evelyn Sorrick, and the club feels assured that none of their needs will be overlooked by these young ladies who have been put in charge of this factor which is of vital importance to the furnishings.  
Although the Sciota school house has long been used as a center of entertainment, a better and more suitable place is certainly needed and deserved by the enthusiastic workers and worthy people of that district.  
The Journal is pleased to note the activity of the "Noble Six Hundred" club and joins in wishing this organization the success that it deserves in attaining a fine community house of its own and one that would do credit alongside of many of the so called "country club" homes of the elite city residents.

**THE WRONG SONG WRITER**  
From Saturday's Daily—  
In the account of the P. E. O. entertainment Thursday evening the writer of one of the hits of the evening, the parody on "Mr. Gallagher and Mr. Shean," should have been Mrs. John F. Gorder, who was assisted in its rendition by Mrs. H. F. Gooch and it is with pleasure that we give these ladies the credit to which they are entitled.  
**CORRECTION**  
In the list of the candidates taking the work at the local DeMolay chapter on Tuesday evening the name of John Meisinger was given in the Journal. This should have been Harvey Meisinger, the young man being a son of Mr. and Mrs. John Meisinger.

## Far-reaching Service

**WHERE SHALL I DO MY BANKING BUSINESS**

Almost every banking house in the country is advertising "SERVICE." It is necessary, then, to select the one best suited for your particular needs.

The first test should be, IS THE BANK FORGING AHEAD?

When this is answered, determine if the bank has well qualified officers in charge, and if the directors are men who can successfully manage their own affairs. Good officers and directors are very important factors in the making of a first class bank. The prospective customer may also ask what class of men and women compose the stockholders of the bank.

We believe you can answer these questions to the credit of this institution. Then it is right and proper that you should decide today to make The Farmers State Bank your permanent banking place.

**HAS A SEVERE FALL**  
From Saturday's Daily—  
This morning Mrs. John Beeson, who resides in the rooms over the Palm restaurant at Fourth and Main street, had a severe fall this noon while she was descending the stairs from her apartments to the street. The steps were quite slippery and icy and the lady, losing her balance, fell the distance of several feet and was quite severely shaken up and bruised. Passersby assisted her into the restaurant and Mrs. Beeson feels that she is fortunate that the accident was not more severe.

**THEY APPEAL TO OUR SYMPATHIES**  
The bilious and dyspeptic are constant sufferers and appeal to our sympathies. Many such, however, have been completely restored to health by the use of Chamberlain's Tablets. These tablets strengthen the stomach, invigorate the liver and improve the digestion. They also cause a gentle movement of the bowels. When you have any trouble with your stomach give them a trial.
