Left Brother Some Better
Stewart Rough manager of the Farm elevator company of Nehawka was called to Steele City last Sunday departing Saturday night and spending Sunday with his brother, A. D. Rough who has been quite ill with lumbago but when Mr. Rough left the brother was feeling some easier. The brother has been laid up for the past three weeks.

Drilling For Oil Begun
The drilling of the oil well was begun at the site on last Saturday and they went for quite a depth but on account of having the electric light plant to put up and the boilers being new there was not much done on Sunday and Tuesday of this week, but on Wednesday work was pushed ahead in earnest and the shaft is sinking very rapidly and it is with many hopes as the well sinks that the people of this community arise in the assurance that oil will be struck. With the reports from the state and other geologists everything looks favorable for the finding of what they are going after. The assurance given that there is a strong probability that oil will be found in paying quantities is making the price of lands in this community slip up a little. With the lights and the machinery well broken in it will not be long until the machine will be going forward with the drilling for 24 hours in the day.

Will Play at Tournament
The girls basketball team of Nehawka consolidated high school will play in the tournament which is to be held at Havelock on the 13, 14, and 15 of this month and as the Nehawka lassies are in good training and know how to play basketball we are to expect that they will furnish some of the good games which will be played and we are looking for some good reports from the girls.

Enjoyed Pleasant Visit
Milton Hilton who about the first of the year departed for his former home at Fairplay, Mo., and where he has been staying visiting with his host of friends there, returned to Nehawka on last Monday evening. Mr. Hilton tells us that there has been an abundance of moisture with the warm weather down that way and that the roads like here are very bad and that the rural carriers were a portion of the time compelled to carry their routes on foot. While he enjoyed the visit there very much he was quite pleased to get back to the rustling city of Nehawka.

The Ladies Aid Meets
On last Wednesday the ladies aid of the United Brethren church of Nehawka met at the home of the pastor the Rev. Con Hewitt and his wife and looked after much business which they had in hand.

Surprise Friend
A number of friends gathered at the home of Browne Taylor Thursday evening February 28 for a surprise party on his twenty-second birthday. The evening was well spent in games and music. Lunch was served at a reasonable hour. The party was planned by his mother, his sister, Viola and a friend, Madeline Hoover. Madeline Hoover and

With the NEW DE LAVAL Cream Separator

A Better De Laval For Fewer Pounds of Butter
In 1913 it took 231 lbs. of butter to pay for a popular-size De Laval Cream Separator. In 1923 a De Laval of the same size could be purchased for 188 lbs. of butter, 43 lbs., or 19%, less than in 1913. In addition, the De Laval of today is a very much better machine.
More than 100,000 users of this new, year-old De Laval Separator acclaim it as being the best De Laval ever built. It is better than the De Laval which have satisfied millions of users; which have won more than 1100 prizes; which are endorsed by cow testers, creamerymen, college and dairy authorities, and leading dairymen all over the world; and which have proved to last from 15 to 30 years. The new model De Laval Separator has all the good features of the old machine, plus:
1. Self-Centering Bowl which runs smoothly without vibration and adds to the life of the machine.
2. Light Running because its bowl is designed to afford the least possible resistance in being revolved.
3. All-Around Superiority—Superior design, workmanship and materials; cleaner skimming; smoother, richer cream.
4. Greater Convenience with the new bowl holder attached to the supply can support—and many other improvements.

Sold On Easy Terms OR INSTALLMENTS
You can get a new De Laval on such liberal and easy terms that it will actually pay for itself while you are using it, and pay for itself out of wasted butter-fat.
