All are urged to attend this meeting.

FIERY CROSS OBSERVED IN FOUR NEBRASKA TOWNS

Lights Go Out at Oak as Crosses on Street Corners Blaze and Reappear as Burned Out.

From Tuesday's Daily—
The fiery cross, symbolic of the Ku Klux Klan, blazed Saturday night in at least four Nebraska towns on the eve of elections. Doniphan, a town twelve miles south of Grand Island, Oak, Beaver city and Fremont all reported demonstrations.

At Oak, Neb., the lights of the town went suddenly out at 8:30 p. m., and a burning cross flared up on each of the four streets leading to the main business corner. About one thousand people saw the symbol. When the cross burned out the lights came on again. No other demonstration was made.

PEPPER LAUNCHES A NEW PEACE PLAN

Would Have President Take Initiative in International Meeting—Proposal is Debated.

Washington, April 7.—A joint resolution proposing a world peace conference was introduced today by Senator Pepper, republican, Pennsylvania. The senate would advise the president, under the resolution, that the time is suitable for the assembling of a conference similar to the two held in the past at The Hague.

The resolution set out these three things to be considered: Further reduction of all armaments; means of emphasizing the importance and influence of national law and plans for establishing and strengthening a "world court along the lines of The Hague peace tribunal."

In a brief explanation Senator Pepper said the economic feature had been deliberately left out because it was covered in a similar resolution by Senator Borah, republican, Idaho. The proposal for discussion of a world court, he said, was intended to obviate the necessity of attempting to satisfy the widely diverse views upon the league of nations.

The democratic leader, Senator Robinson of Arkansas, said he agreed there was need of another arms conference, but added: "I don't agree there was any ground for congratu-

lations on the result of the Washington conference which limited itself to limitation of capital ships already practically obsolete."

Senator Swanson, democrat, Virginia, called attention to the privilege in the navy appropriation bill suggesting a limitation conference.

"Fifty-four nations are now in conference on the subjects you list," he said, "and have invited us to attend. Would you object to our participating?"

"I refuse to be drawn into a debate on the league of nations," replied Senator Pepper.

The presence of Russia at the league conference "prevents our entering," suggested Senator Borah.

"Oh, it might prevent Secretary Hughes going, but not some other representative," replied Senator Swanson.

Senator Copeland, democrat, New York, declared a conference on restoration of world trade was far more important.

Replying to Senator Robinson, Senator Pepper said that although several republican senators, including Chairman Lodge, of the foreign relations committee, had been consulted regarding the resolution, "none of them are committed to it."

SIMMONS TO DIE IN CHAIR MAY 23

Condemned Murderer's Death Warrant Sent to Warden Fenton—Fourth in the State.

Lincoln, April 5.—Walter Simmons, condemned murderer, lost his last chance for leniency from the supreme court Saturday when his petition for a rehearing was denied and his death warrant sent to Warden W. T. Fenton of the state penitentiary.

This warrant, prepared and forwarded by Harry Lindsay, clerk of the supreme court, calls for the death of Simmons in the electric chair on May 23.

The only thing that now stands between the condemned man and death is favorable action by the board of pardons and paroles, who will give Simmons a special hearing on April 15 at the state penitentiary.

If his sentence is affirmed, Simmons will be the fourth convict to die in the electric chair.

MOREHEAD SLAPS FARM BODIES IN SPEECH TO HOUSE

Nebraska Congressman Says Results Do Not Justify Organization—Wants Minimum Price.

Washington, April 5.—Importance of corn production is minimized in America and a minimum price of \$1 a bushel placed on corn would stabilize agriculture quicker than a minimum price on wheat, according to Congressman John H. Morehead of Nebraska, in an address in the lower house.

The Nebraska congressman based his belief on the fact that wheat is grown all over the world, which, he asserts, would make it difficult for the United States to fix the price of the world wheat market. He also said that 75 per cent of the world's output of corn is grown in this country, thus making it much easier for the United States to fix a world price on corn.

"I have watched farm organizations but they are not getting results. They are scattered over too much territory to be successfully organized."

"For many years," Morehead said, "I have watched farm organizations but they are not getting results. They are scattered over too much territory to be successfully organized."

"I shall vote for the McNary-Haugen bill, as the desperate condition of the farmers justifies taking a chance, but I am not fully persuaded that relief will come with its passage."

"If a minimum price of \$1 per bushel was fixed on corn all corn producing states would be removed from wheat production and few cattle and hogs would be raised in the same states until prices of beef and pork were on a par with the price of corn, and if the tariff prevents importation of wheat, practically all of the wheat raised would be for home consumption."

Food Value Great
"No good reason can be advanced why other nations should regulate prices on a product grown almost exclusively in the United States. I notice one company manufactures 75 by-products from corn."

"I would urge a systematic advertising of food values of corn and its by-products by sending agents to all non-corn producing countries as was done by necessity during the war."

NEW MAPS OF COUNTY
The newest maps of Cass county, compiled from the list of land owners of the county in April of this year, are now on sale at the Journal office and the Bates Book and Stationery store and at the very low figure of 50 cents each. These maps are of large size and bear in them the location of each of the farms in Cass county with the name of the owner, the highways, schools and the different towns of the county. They are valuable to the traveler over the county and as well as a matter of reference to any person and should be in every home so that a clear knowledge of the geography of the county can be secured.

Advertise your wants in the Journal for results.

URGE NEED OF A PERMANENT WALK TO THE CEMETERY

Many of the Citizens Feel That This Would Be a Much Needed Improvement Of Year.

From Wednesday's Daily—
There has been many of the residents of the city who have in the last few weeks offered the suggestion that one of the big improvement plans of the present year in the city should be the construction of a permanent sidewalk from the main part of the city to Oak Hill cemetery so that those who desire to visit the city of the silent to work with loving care on the last resting place of their dear ones may make the journey there without having to wade through mud in wet weather and dust and grime in the long dry summer months.

The walks are very good, or soon will be, as far as the Nebraska Masonic Home on Washington avenue and Elm street and from this point the work of making the line of permanent walk would have to be taken up and there are doubtless many of the property owners along the line of walk who would be ready and willing to get into the movement at once for a new and serviceable walk out to the cemetery.

In the extreme western parts of the city there are many large tracts of land that would cause an inconvenience to the property owners to place a walk and in this case one of the leading citizens of the city has suggested that it would not be outside of the possibilities to have subscriptions advanced that would help care for the construction of the walk.

There are many, many people who are not fortunate enough to possess cars that could take them out to the cemetery to care for their loved ones and this is also the class that pays most frequent visits to the cemetery and they should have some means of traveling there that would be a walked placed that would be possible in good and bad weather.

1,350 SEED SAMPLES TESTED SINCE JAN. 1
A total of 1,350 samples of seed have been tested in the state laboratories since January 1, 250 more than last year.

Among the worst samples of seed tested were:

A sample of red clover from Saunders county, which included 49.5 per cent green fox tail, with only 19 per cent of the clover germinating.

Red clover from Cass county, which was 89.75 per cent pure, containing both Canadian thistle and dodder, and with a germination of but 2 per cent.

Alfalfa from Burt county, which contained Russian thistle, lamb's quarters, red clover and other seeds, and 6.5 per cent dodder, which is sufficient to spoil it utterly for seeding purposes. Only 1 per cent was reported for the pure seed.

Lincoln county submitted a sample of corn with but 1 per cent germination, and a sample of Lincoln county Sherson oats proved 42 per cent germination.

One sample of cane from Holt county had smut present and 34 per cent germination.

ENJOY FINE MEETING

From Wednesday's Daily—
The ladies of the W. C. T. U. were most royally entertained on yesterday afternoon at the home of Mrs. E. H. Wescott on high school hill and the occasion one that will long be very pleasantly remembered by those who were present. The occasion was marked by a discussion of the questions pertaining to child welfare and in this subject Mrs. Allen J. Beeson was the leader of the afternoon and the leader gave excerpts from a number of the Nebraska as well as federal laws pertaining to the subject. Mrs. Robert Hayes also gave a very interesting paper on this subject. During the afternoon, Mrs. Wescott gave one of her delightful vocal numbers, the accompaniment being played by Miss Helen Wescott.

At a suitable hour very dainty and delicious refreshments were served to the members of the party.

FUNERAL OF FRED H. BLACK

From Wednesday's Daily—
The funeral services of the late Fred H. Black were held yesterday afternoon at 2 o'clock from the home of his sister, Mrs. C. H. Smith on East Vine street and were very largely attended by the old friends of the family and the deceased to pay their last tributes of love and respect to his memory. The services were conducted by Rev. H. G. McClusky, pastor of the First Presbyterian church and in the service the pastor spoke words of comfort to the members of the bereaved family circle. The male quartet, composed of George L. Farley, Rev. McClusky, Frank A. Clويد and Dr. R. P. Westover, sang a number of the old loved hymns during the services and at the conclusion the body was tenderly borne to Oak Hill cemetery where it was consigned to the last long rest. The pallbearers were selected from among the old time friends, being George B. Mann, Drury Graves, Frank Claus, William Schmidtman, Edward Fitzgerald and George Tartach.

GATHERS IN RUNAWAY BOYS IN THE DISTRICT COURT

From Wednesday's Daily—
Tuesday evening about 10:30, Officer Heinrichsen was called out to the Missouri Pacific passenger station by the report that there were several young boys there who were apparently in need of being looked after. Officer Heinrichsen examined the boys and brought them on into the city and placed them in custody until he could telephone to Omaha and get in touch with the parents. The boys, who stated they were from 9 to 13 years of age, were held here until the parents were able to come and get them and the parents feel very appreciative of the care of Mr. Heinrichsen for the youngsters.

S. C. ANCONA HATCHING EGGS

\$5 per 100. Duck eggs, \$1 per 13. Baby chickens, any kind, 12 1/2 cents each in 100 lots.

Misses Maria and Eleanor Hiber were among the passengers this morning for Omaha where they will spend the day there visiting with friends.

Mrs. Walter Propst was among those going to Omaha this morning to enjoy the day in that city visiting with friends and looking after some matters of business.

"ON THE CORNER"

Cheaper to Own Your Home Than to Move!

Are you one of those who rent and move and rent and move again?
Wouldn't you rather buy or build a home?
If your rent amounts to \$40 monthly, you part with \$4,800 in ten years—\$9,600 in twenty years.
You haven't a thing to show for all that money.
Under our home-ownership plan you could own your home in about ten years, on monthly payments of not much more than rent.
Pay rent to yourself. Be your own landlord and run your home to suit yourself.

We are organized to help you. Our terms are fair and convenient. We are always glad to talk it over—without obligation.

Start with our 79th series right now!
