ORATORIA PRESENTED AT METHODIST CHURCH

"Seven Last Words of Christ" Presented in Song the Passion and Death of the Christ.

From Saturday's Daily—

Last evening the musical department of the Methodist church presented in a very impressive manner the story of the passion and death of the Saviour on the cross, the choir rendering the oratorio, "The Seven Last Words of Christ" by Du-

bois. The accompaniment at the organ was by Mr. E. H. Wescott who preceding the oratorio played a short organ prelude that was very appropriate to the occasion including "The Midnight Air From 'Olive's Brown', "There is a Green Hill Far Away" and "In the Cross of Christ I Glory."

The scripture for the oratorio was read by the pastor of the church, the Rev. F. E. Pfoutz, and the verses were selected from the story of the death of Christ and to which the musical score had been arranged to bring impressively to the listener the words of the Master in his death for the redemption of mankind.

The words, which were read and then the choir giving the impressive musical setting, are as follows:

"Father, Forgive Them for They Know Not What They Do."
"Verily, Thou Shall Be in Paradise Today With Me."
"See, O Woman, Here Behold Thy Son."
"Behold My Father, Why Hast Thou Forsaken Me."
"I Am Athirst."
"Father, Into Thy Hands I Commend My Soul."
"It is Finished."

As the numbers were given by the choir the vision of the hill so far away on that fateful Friday could be pictured in the mind of the audience as the weary Christ suspended on the cross between the two thieves rendered up the sacrifice for the world He loved even unto death.

The closing number was the chorus, "Christ We Do All Adore Thee." The different numbers were given with feeling and the solo parts taken by Miss Dorothea Pond, soprano; Mrs. E. H. Wescott, contralto; Joseph A. Capwell and John Feady, tenors; Clifford Cecil, bass, and truly interpreted this great religious musical offering of the Lenten season.

Olympia, Wash., April 18.—The "discovery" of a stingless strain of honey bees announced by E. J. CAUSE OF ECONOMIC ILLS OF THE AVERAGE FARMER

Chicago, April 18.—Present economic ills of agriculture are caused by the farmer selling on a wholesale market and buying at retail, "and the farmer himself is to blame," Milo Reno, Des Moines, Ia., president of the Farmers' Union of Iowa, declared today in a radio talk. "He meets competition on every side. It is an age of organization and it is unthinkable that the farmer can exist and function in his present unorganized state."

NINETEEN REAL DAUGHTERS OF THE REVOLUTION

Country Has This Number of Ladies Whose Fathers Fought in the War of Independence.

From Thursday's Daily—

There are now living nineteen real daughters of the American Revolution, whose fathers fought in the war that severed the ties of the colonies to the English nation. The society of the Daughters of the American Revolution at their session in Washington this week decided to set aside \$20 each month as a pension for these aged ladies who are the last daughters of the men who served in the war for independence.

The Daughters of the American Revolution calls the securing of the comfort and happiness of these nineteen women its "responsibility and privilege" and to the end that nothing shall interfere with fulfillment of that responsibility the organization has set aside 125 thousand dollars worth of liberty bonds from the interest on which these pensions are annually are paid.

Two of the nineteen survivors—or "the real daughters"—live near Chicago. They are Mrs. Abigail Strong of Morris, Ill., and Mrs. Louise Kirwin, nee Thiers, aged 109, who lives with her daughter, Mrs. Charles Quarles, in Milwaukee.

Mrs. Strong, though in Illinois, is a native of New York, and the Daughters of that state has claimed as its privilege the conferring of attention upon her. She is the daughter of Isaac Rugg, who was born in 1765, served in the revolution with Massachusetts troops, and died in 1853. Her mother was his third wife. She died in 1849.

Mrs. Thiers is the daughter of an aide de camp of General George Washington. He was Seth Capron and was born in 1762 and died in 1835. He enlisted to fight the British in 1781 at the age of 18, was soon made a corporal and finally became an aide to Washington.

Mrs. Thiers is the oldest living member of the Daughters of the American Revolution, but she keeps abreast of the time. Asked recently about her enjoyments she replied:

"Flowers and automobiling—they are my greatest pleasures."

Reports completed three weeks ago show the nineteen "real daughters" distributed thus:

Illinois, 1; Wisconsin, 1; Iowa, 1; Michigan, 1; Ohio, 2; Pennsylvania, 4; Connecticut, 2; New Hampshire, 2; Oklahoma, 1; total, 19.

Their average age is over 90. They are the daughters of second or third wives of the patriots.

EUROPE IS DOING BETTER

Washington, April 19.—The federal reserve board took notice of currency reforms in certain European countries in a statement tonight on business condition abroad. The board declared that gratifying progress had been made during the past six months in the stabilization of exchange rates, although there have been wide fluctuations, particularly in French, British and Japanese exchanges.

The Italian exchange has become quite stable, the board noted, with a maximum range in recent months from 4.59 cents in October to 4.13 cents in March and with a rate of about 4.42 cents.

With the acceptance of Poland and Hungary, the eastern and central European countries generally have in recent months experienced only comparatively minor changes according to the board's information.

NURSE CHAPPELLE SAYS TANLAC BRINGS MOST GRATIFYING RESULTS

Nurse with 15 Years' Experience Urges Use of Tanlac—Tells of Her Mother's Experience with World's Famous Tonic.

"I have direct and personal knowledge of so many cases where TANLAC has restored health and strength and helped weak-run-down people to get on their feet that I know it to be an unusual medicine." It is the emphatic manner in which Mrs. M. E. Chappelle, Blue Mount and Thomas Ave., Wauwatosa, Wis., a practical nurse of fifteen years' experience, pays tribute to the famous treatment.

"Time and again I have urged TANLAC's use and it always brings the most gratifying results. My own mother, now eighty years old, took TANLAC five years ago, and it has been her standby ever since. Nothing helps her as TANLAC does and she is as strong an advocate of the medicine as I am. Only recently, mother became generally run-down. Her stomach was disordered, her appetite utterly failed her, and she came near having a nervous breakdown. TANLAC gave her a vigorous appetite, corrected all complaints and left her not only well and happy, but so strong and active that she looks af-

ter the home and visits around as well. And mother thinks the TANLAC Vegetable Pills are the greatest ever.

"In all my long years of experience as a nurse, I have never known the equal of TANLAC."

TANLAC is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Take TANLAC Vegetable Pills.

HIGH SCHOOL BASEBALL SEASON STARTS SOON

First Game will be Played a Week from Friday with Louisville High School Team.

From Thursday's Daily—

The baseball team of the Plattsmouth high school are now engaged in practicing for the first game of the season, which will take place a week from Friday, when they will meet the team from the Louisville schools on the local lot and from the preliminary workouts the boys are hopeful of having a fast organization for this season and one that will creditably represent the Blue and White on the diamond.

The line up has not been decided on definitely as yet, but the players will be picked on their showing in the preliminary practices and Elmer Fitchner is one of the likely men for the honor's job, while Harlan Gorder seems to be scheduled for the backstop position. Gorder was unfortunate enough yesterday afternoon while practicing to break the second finger on the right hand, but it is hoped that this will be healed in time for the game with Louisville.

AID THE KIDNEYS

Do Not Endanger Life when a Plattsmouth Citizen Shows You the Way to Avoid It.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a tested remedy is offered them?

Doan's Pills have been used in kidney trouble over 50 years, have been tested in thousands of cases.

If you have any, even one, of the symptoms of kidney diseases, act now. Dropsy or Bright's disease may set in and make needless dangers. Read this Plattsmouth testimony:

Edward Martin, machinist, 1409 Vine street, says: "Doan's Pills are all that is claimed of them. When ever my kidneys get out of line and act irregularly, a box of Doan's soon remedies the trouble. Occasionally my back gets to aching but it only requires a few Doan's Pills to relieve me."

The above statement was given February 23, 1918, and on May 12, 1920, Mr. Martin added: "I know Doan's Pills are a good kidney remedy after what they have done for me. They have never failed to do their work in a short time. I only use Doan's occasionally now as a preventative to keep my kidneys healthy."

Simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Martin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Harvey Cory of Sac City, Iowa, came in this afternoon to spend a few hours visiting with his brother John Cory and family.
