Other events of today's session at the twenty-ninth quadrennial conference were the introduction of a resolution to place women on church boards, which was referred to a committee and a proposal to place prohibition agents in the civil service, deport aliens guilty of persistent prohibition and narcotic law violation and to establish a federal prohibition enforcement bureau. ## Assessment of Shares

Same as Last Year

From Tuesday's Daily—Owing to an oversight in the make-up of the personal property tax schedule for 1924, a wrong impression is given respecting the assessment of Loan and Building association shares reported by owners for taxation, at the intangible rate of 25 per cent. This is not the purpose of the taxing authorities.

State Tax Commissioner Smith advises that the assessment of shares reported by the owners will be the same as last year, namely, 10 per cent of the intangible rate, as announced in Circular 1923-5, issued by Tax Commissioner Osborne on April 11, 1923. Instructions to this effect have been sent to county assessors by the state tax commissioner.

## CLOSING DAYS OF SCHOOL ARE HERE

Last Few Days Are Ones of Activity For Boys and Girls of Senior Class at High School.

The next week in the public schools will be very busy ones as the young people are winding up the year's work in the temple of learning and the senior class of the school prepare for their departure from the school where a greater part of them have spent their entire school life.

These last few days of school are pleasant ones for the seniors of the school and yet not unmixing of sadness as it means the separation of classmates and the severing of many very enjoyable school friendships that in the bustle and life of the world in which the members of the class will participate, will be forgotten or laid away as a pleasant memory in the years to come.

The first of the functions of the closing of the school for the year will be the annual Junior-Senior banquet which will be held at the M. W. A. hall on Thursday, May 15. The annual class play will be offered at the Parmele theatre on Friday, May 16th and will be the comedy-drama, "The Charm School," in which the late Wallace Reid once starred on the screen, and which the class will offer to their friends of the school and public.

The baccalaureate sermon will be given on Sunday, May 18, at the First Presbyterian church and the speaker will be Rev. H. G. McClusky, pastor of the church, who has had this honor of addressing the young people on this occasion for the past few years.

The crowning event of the school year will be the graduating exercises on Thursday, May 22, at the high school auditorium when the class of 1924 will pass out of the life of the school. The address of the commencement exercises will be delivered by Chancellor Avery of the University of Nebraska and will be one of the most notable addresses that has been offered here in a great many years at the graduating exercises.

The class of 1924 will have thirty-eight members and the class president this year is Miss Alice Louise Westcott. The grades of the members of the class are being checked up and the highest ranking member of the class will have the honor of being the valedictorian and the second

highest member of the class will deliver the salutatory. These will be announced as soon as the grades are determined.

While it has not been announced, it is expected that the farewell party of the class will be held on Friday following the commencement exercises which will be the last gathering of the class until perhaps a later class reunion.

Mrs. Katherine Minor was a visitor in Omaha today where she was called to look after some matters of business.

Miss May Murphy was among the visitors in Omaha today to spend a few hours looking after some matters of business.
