Will Raise Many Melons Stanley Hall and Ed Allen, of Rock Bluffs, were in Murray on Tuesday and in conversation with the reporter stated that they have much sweet corn up now and ready to cultivate and that they have some two acres of watermelons already planted and will plant another acre in a short time. Showed the Right Spirit Manager Roy Bennett, of the telephone exchange at Plattsmouth and who has jurisdiction over the Murray exchange, was in town on Tuesday afternoon to look after some telephone matters, among which was to give orders to close the telephone office during the funeral of the late Morton Bartlett, but the citizens thinking that was a good deal of sickness at this time, it would be as well to continue service, Mr. Bennett so ordered. However, they will suspend operation for five minutes in honor of Mr. Bartlett who was counted as the friend of everybody.

Uncle Wm. Nickles Improving Uncle Wm. Nickles, who has been quite ill for some time and for a period was considered as being in a critical condition, at this time is showing very satisfactory improvement and was able on last Sunday for the first time to be out to the table for dinner and also out of doors for a short time. His many friends will be pleased to know of his excellent improvement.

Made an Excellent Run Last Monday morning it was found necessary to secure another tank of oxygen for the use of Mr. Bartlett, who was having much trouble in breathing and Dr. G. L. Taylor departed for Omaha after the tank and made the trip from Murray and return against the wind which blew like a gale from the south, but was able to make the time time with his plane in just two hours and five minutes running time. Will Engage in Business Here Last Tuesday, Mr. J. W. Donahue, from Council Bluffs, where he has made his home for the past year, but before making his home in Lincoln, and while here arranged for the rental of the store room which was formerly occupied by John L. Mr. Donahue has for the past more than twenty years been engaged as a traveling salesman and is well acquainted with business and while he has had many opportunities to locate elsewhere, has selected Murray, as he considers it as being located in one of the best of farming communities and a town which is alive to the needs of the people as is evidenced by the active work that is being done.

John Morton Bartlett at Rest Yesterday a host of admiring friends gathered at the Christian church in Murray to pay their last respects to the memory of one of the best of men, John Morton Bartlett, who, with his wife and their babe, seven years ago came to Murray to make this place their home. During these years Mr. Bartlett and his wife have endeared themselves to the people of this community by their acts of kindness and real service. All who have been privileged to know Mr. Bartlett have learned to love and honor him for his kindly ways and sterling traits of character. Always accommodating, he was ever ready to contribute his full quota, be it money, service or influence, to the advancement of human happiness and well being. Ever cheerful and contributing to the happiness of others. As he lies at rest, his lips wreathed in a smile as he answered the call, "Come up higher," one could well say with the poet of the lips which so often spoke words of encouragement: "In the silent cavern hung, The ready, swift and tuneful tongue, Bold in its cause it spoke; But gentle never broke; Falsehood's honey it disdained—'When it could not praise was chain'd That tuneful tongue will plead for thee, When Death unveils Eternity!"

Barn Dance A barn dance will be given two miles east and one-half mile south of Murray, Saturday evening, May 10th.

FORD MAKES TART REPLY TO NORRIS Auto Manufacturer is Not Desirous of Appearing Before the Committee of the Senate.

Detroit, May 6. — In a letter to Senator George W. Norris, chairman of the agricultural committee, Henry Ford today refused to appear personally before the committee in connection with his Muscle Shoals offer. The letter was mailed from Ford's office in Dearborn. The letter was in reply to a request from Senator Norris that the motor manufacturer appear personally to explain his offer. Ford asserted that all of the facts are already in the committee's possession; that they have been inquired into and that there is no "necessity for further explanation."

Mr. Ford's letter also says that "the recent effort of Chairman Norris, of the senate committee on agriculture, to reflect on the integrity of the president of the United States in connection with our offer for Muscle Shoals strengthened his decision not to appear."

Norris Attacks Ford Bid Washington, May 6.—Henry Ford's bid for Muscle Shoals was attacked vigorously today by Chairman Norris of the senate agricultural committee conducting the Muscle Shoals hearings. Chairman Norris charged that notices was being played in an effort to have Ford's bid accepted, and Congress river improvement association in a message to congress that Muscle Shoals be sold when the Ford offer was the only one that provided for the sale of the property. He said Ford, the "magic of whose name makes millions go insane over any foolish suggestion he makes," had turned from "a feeling of animosity to one of love for Coolidge" after an interview at the White House.

During the hearing today, Chairman Norris had inserted in the record what he said was an extract of the minutes of a meeting of the Tennessee river improvement association on March 29, 1923, quoting C. H. Huston in his speech of the association as saying that Representative Madden, republican, Illinois, chairman of the house appropriations committee, would, in the next session of congress, river improvement association on committees dealing with the Ford offer will be favorable to it so that the question may be put to a straight vote before both houses of congress. Representative Madden later issued a statement denying that he had made such a remark.
