Sheriff Ryder of Nebraska City was a visitor in Union and by special invitation one of the citizens of this vicinity returned with him as he had forgotten to pay his board bill when leaving the southern city. He therefore had to return and board out what he had failed to pay, a strange arrangement of conditions.

Nelson Meade, son of Mr. and Mrs. Luther Meade, who has been at the Lord Liston hospital in St. Paul, Minn. where he underwent an operation for relief from appendicitis, was able to return home last Sunday and is feeling much improved though still feeling the effects of the ordeal thru which he has but recently passed.

Edward Dowler and the family were last week spending the Sunday at the home of the parents of Mrs. Dowler, Mr. and Mrs. C. C. Baldwin and also visited at the home of Mr. Dowler's parents as well. They return the report of the progress of Mr. Oscar Dowler who is at Excelsior Springs, Mo., and reports him as getting along very nicely and after having taken about a dozen baths was able to take a run. It seems that that is a portion of the regimen through which the patients are compelled to pass.

Speaking of Fish, Real Fish

C. L. Graves, L.L.D., Union, excellent barrister is not slow when it comes to landing good sized fish. Many have gotten large fish on their hooks and lifted them out of the water, those which would weigh many pounds only to have them wiggle, flip their tail and disengage themselves from the hook, but the Union attorney succeeded in landing from the Weeping Water river one which tipped the scales at 4 pounds and 9 ounces. Mr. Graves felt pretty good until Uncle W. L. Hoback went and spoiled it all by catching one which weighed just 5 pounds. Well, they both were good sized fish for a small river and to be caught near a small town.

Will Work Here For Present

E. E. Moore who was thrown out of employment by the closing of the north side garage will continue to stay in Union and will work for those who desire his services in the building just east of the Becker building between there and the blacksmith shop, but just how long he will remain here is at the present time uncertain.

BURSUM BILL FAILS

TO PASS OVER THE PRESIDENTIAL VETO

Enough Democrats Rally to Support of the Veto to Save it by One Vote in the Senate.

Washington, May 13.—President Coolidge today won the first clash in his campaign to keep government expenditures within budget limit. The senate, by a margin of one vote, refused to override the executive veto of the Bursum bill, which the treasury declared would require the outlay of \$78,000,000 next year, or \$415,000,000 for the first ten years.

Senator Bursum, republican, New Mexico, author of the measure, introduced it almost at once, but with important modifications. Among these were a reduction of \$12 a month from the base pension which was provided in the original bill, bringing the rate of \$26 for veterans of all wars, except the World war, and an average reduction of \$5 a month in the rate proposed for widows of veterans.

Senator Bursum was said to have met objections of several senators when he provided in the amended bill that veterans of the Spanish-American and Indian wars be placed on the same footing with other military pensioners.

The bill was referred to the pension committee, but it was the opinion among senate leaders that insufficient time remained in the present form for it to come to a vote by the regular parliamentary procedure.

In voting today, 53 to 28, on the motion to override the presidential veto, the senate broke away from all recognizable party divisions, thirty-two republicans and two farmer-democrats joining with nineteen democrats to re-enact the bill, while sixteen democrats and twelve republicans voted to sustain in the veto.

Only a brief period was devoted to debate prior to the vote. The case for proponents of the bill was stated by Senator Bursum, who insisted the estimated cost had been exaggerated and that, aside from this consideration, the votes to be benefited were entitled to additional pension because of the advances in age and disability. He also estimated the provisions dealing with widows as comprising a long-needed help to that class of pensioners.

Senator Dief, democrat, South Carolina, made the principal speech in support of the president's stand, declaring two increases had been granted Civil war veterans since 1918, and prevailing laws were wide enough in scope to take care of exceptional cases. Both Senator Dief and Senator Wadsworth, republican, New York, said they would be in favor of increasing pensions paid to Spanish-American war veterans if this were covered in a separate bill.

Senator Neely, democrat, West Virginia, charged the president with being a "hobbyist on legislative matters," declaring "the scene of his activities is the White House breakfast table and subjects are members of congress."

Coolidge Attends Circus Performance on Tuesday

Washington, May 13.—Trapeze performers, tight rope walkers, trained elephants, horses, dogs and bears, and the other youthful delights of the sawdust ring crowded the National Theatre last night for the president and his family.

It was "circus day" in Washington and President Coolidge, who somewhat proudly admits he comes from a family of "inveterate attenders of circuses" abandoned his office in the white house and all attached to it, and with Mrs. Coolidge drove out to the edge of the city and took his place "under the big top."

Ed S. Tutt of Murray was here today for a few hours attending to some matters of business and visiting with friends.

Henry A. Tool and Henry Klemme of Murdock were here today for a few hours looking after some matters of business at the court house.

New York, May 13.—The colonnade of the Hall of Fame, overlooking the Harlem river from the New York university campus was the scene of impressive ceremonies late today at the unveiling of the busts of ten Americans—nine men and a woman—who achieved fame in fields ranging from literature to statesmanship.

The ten were: John Adams, Phillips Brooks, Samuel L. Clemens (Mark Twain), Peter Cooper, James Buchanan Eads, Joseph Henry, Andrew Jackson, Thomas Jefferson, William Thomas Green Morton and Alice Freeman Palmer.

Last November Ferraz foretold great floods in this country, and the inundations during March certainly fulfilled his predictions. The rivers Tagus, Douro and Mondego have submerged whole districts and placed villages and towns under water. Cottages have been swept away, vineyards and crops ruined and many lives lost.

Now Ferraz says this is nothing to what is to come. He predicts no peace in the world until 1945. This year more thunders will be overthrown, tremendous earthquakes will occur and storms at sea will sink many ships. There will be revolutions and civil and international wars, northern Europe being the site of the principal occurrences.
