HARVEST HANDS HIT CITY IN NUMBERS

There were ninety men in the gang, not all traveling together, however, and a great many of them took the opportunity of the enforced stop to "feed up" at the local restaurants.

In the party were a number of negroes, who were regarded with more or less suspicion by the students of our "all white" community and who have not been noted for their hearty welcome to the colored brethren.

GETS BACK OF WASHOUT

This morning No. 6, the east bound passenger train due here at 7:40 was delayed some six hours due to washouts in the west part of the state that held up train service. SUFFERS SEVERE INJURY

From Friday's Daily— This morning at the Immanuel hospital in Omaha, Towner Livingston, the ten year old son of Mr. and Mrs. B. W. Livingston, south of the city, was operated on in an effort to effect a setting of the bones of the left leg that were very badly fractured on Wednesday afternoon when the lad was kicked by a pony at the farm home.

Towner had been out in the barnyard with others of the family and the pony that the children had been used to playing with was being treated for a sore, the angry wound being sprinkled with powder to give the horse relief and in so doing the can from which the powder was being poured, struck the pony on the wound and caused it to jump and kick and the force of the blow from the hoof of the pony struck Towner just below the calf of the leg. The fracture was a very severe one and of such a nature that it was found necessary to send the boy onto the hospital in Omaha and he has since been at the Immanuel hospital and will remain there until there is some improvement in the limb.

ADD TO APPEARANCE

The exterior of the Bates building at Fifth and Main street bears a much changed appearance and one that adds very much to the looks of the structure as the coating of gray paint makes a much more pleasing setting to the building than the former red that covered the structure for years.

PLANNING INDOOR CARNIVAL TO AID BUILDING FUND

American Legion to Put Over Something New in This Line—Hope to Get Auditorium Here

From Friday's Daily— With its ultimate goal of giving to Plattsmouth an auditorium commensurate with present and future demands for a building of this kind, constantly in view, the American Legion organization in this city is laying plans for its annual indoor carnival to be given this fall, and which it is hoped will be the biggest yet in this line. New features will be secured and the carnival conducted along slightly different lines from the former two, which had the local co-operation and support of people generally.

Adding to the money it already has laid away, the Legion hopes to eventually acquire a site for an auditorium in Plattsmouth, by the side of any in Nebraska outside of the larger cities. After the site is secured, the expense of erection can be arranged for, and the revenue from such a building would be sufficient to provide for the repayment of borrowed capital.

For the civic gatherings, conventions, etc., it would be turned over for gratuitous use. In such a building, in addition to the spacious auditorium, club rooms for the use of the Legion post would be provided.

It is a vision of far-sighted Legion members that has been held since the inception of the first indoor carnival three years ago, and bids fair to become an accomplished fact within the next five years.

As an organization, the Legion has amply justified its existence, both locally and nationally by its many acts of service, one of which is the present extension of free aid to all ex-service men in the filing of their bonus applications.

The splendid co-operation given to the local post by Plattsmouth business men and citizens generally in all of its success and are desirous of giving it every assistance possible in its plan to some day secure for the town that which has long been needed—an adequate auditorium to care for conventions and civic meetings.

Other towns much smaller than ours have succeeded, and it can be done here. So remember, when the carnival plans and dates are announced, it is not merely a scheme to raise money for selfish purposes, but to provide the wherewithal for such a building.

EPWORTH LEAGUERS ENJOY A FINE HIKE

From Friday's Daily— Last evening the members of the Epworth League society of the Methodist church enjoyed a very fine outing and which was participated in by some twenty-five of the members and consisted of a hike to the very pleasant Straight farm north of the city which is one of the most attractive spots in this portion of the county and an ideal spot for an outing of this kind.

The members of the society met at the church at 7:30 and at once started on the journey to the Straight farm and arriving there they opened the occasion with a number of games that were enjoyed to the limit in the fresh and bracing country air.

Later as the members of the party tired of the strenuous out door sports they were summoned to partake of the refreshments that had been so thoughtfully provided and which added to the delights of the event very much. The affair was in charge of the social committee and at a late hour the members of the party disbanded voting that it had been a real outing and one they would long remember.

Two men entered holding a flash light and two guns. The sleepers were none too gently awakened by kicks and cuffs and thoroughly searched and all their belongings taken.
