**EVANS SLAYERS CAPTURED**

Mexico City, Aug. 6.—The assassins of Mrs. Rosalie Evans have been captured, according to a report given this afternoon at the war department. The report came from General Roberto Cruz, military commander in the state of Puebla, where Mrs. Evans was shot and killed near her hacienda last Saturday.

"I take pleasure in reporting that General Antonio Gomez Velasco, my chief of staff, informs from Texmelucan that the assassins of Mrs. Evans have been captured," said the message from General Cruz.

Washington, Aug. 6.—American Charge Schoenfeld at Mexico City reported to the state department today that President Oregon has given personal instructions to General Cruz, commanding the Mexican military forces in the Puebla district, that "energetic measures" be taken in connection with the murder of Mrs. Rosalie Evans, a British subject.

The telegram also told of the reports in Mexican papers of the "effective action" taken by Mexican authorities. The charge reported that Mrs. Evans' body had been received in Mexico City, but added that the representatives of the British consulate, who had gone to the ranch to see that the property was protected, had not returned to the capital.

## MAY HAVE MERGERS IN LUTHERAN CHURCHES

### Five Mission Boards May Unite in One Organization to Save Duplication of Expense

New York, Aug. 8.—What promises to be the most important administrative merger of overlapping interests in the American Lutheran church will take place during the next two years in the plans of the executive board of the United Lutheran church in America are fully endorsed.

The proposal, offered after much discussion at a recent meeting in Atlantic City, is to unite five great home or "domestic" mission boards into one organization, to be known as the board of American missions. It is believed that thousands of dollars of administrative expense and an untold amount of energy will be saved.

The present organizations which will be affected are the Board of Home Missions and Church Extension, headquarters in Chicago, Rev. J. F. Seibert, president; the North-western Mission board, headquarters in Brooklyn, Rev. J. A. Van der Meer, president; the Spanish speaking negroes of our insular possessions; and the Jewish Mission committee, headquarters in Philadelphia, Rev. F. O. Evers, president, which maintains work in four American cities.

The recommendation will be submitted to the approval of delegates representing 1 million 2 hundred thousand members of the United Lutheran church in the United States and Canada, meeting in biennial convention of that body in Chicago, October 21-30. It is anticipated that considerable discussion will ensue when the plan is presented on the convention floor. The present division of authority and responsibility had its origin in the old general council, one of the three national bodies which united in 1818 to form the present United Lutheran church. That body has wisely organized its work so that each board or committee was assigned one task only instead of general supervision of the whole field of labor. It is this temporary method, which is now declared to be inadequate to the growing needs of the larger body. The United Lutheran church comprises about one-third of the Lutheran church in the United States and the United States and is the largest individual body of that denomination.

The Rev. Dr. Frederick Knobel, president of the United Lutheran church, states that in the proposed merger of these boards into the Board of Missions, "it is not our purpose to curtail in any way the most efficient work which the five sister boards have been doing, but rather to organize one powerful board which will co-ordinate all of this work in such a manner as to serve the highest interests of the Lutheran church in America. Under the new arrangements which we hope will be adopted at the Chicago convention in October, the mission interests of the United Lutheran church will be served by three major organizations—the Board of Foreign Missions, the Inner Mission board and the new Board of American Missions."

**OLD TIMER STILL GOOD**

From Friday's Daily—

The Bellevue Athletic club continued its winning streak by copping a doubleheader Sunday on the Bellevue field. The Jath Camphor Ruffs were the first victims, 10 to 2 and the last Union Stock Yards team dropped the second, 1 to 10.

Old Anly Graves, 48-year-old pitcher for the Bellevue Athletics, celebrated his birthday by fanning 7 of the yards men and smashing out a single in the ninth which brought in the winning run. With the score tied, the second and two on, Andy stepped to the plate while from excited rosters came the cry, "Win your own game, old timer," and in response he clouted the first ball over to short right field scoring Donovan, an expert two-base hits while Dressman, Donovan and Collins each drew one. Check of the Stock Yards poled out a three bagger.

In the first game Benson started by filling the bases with the Camphor men and then proceeded to mow them down. He fanned eight men in the first four innings and in the third frame smacked out a three bagger with the bases full. Rosser featured in this game by knocking ten fouls his second trip to the plate. After trying on three bats he succeeded in getting a single.

Chip-Bressman, third sacker, took the mound for the last inning, striking out the first two Camphorites, the next man flied to short and the last man fanned.

Andy Graves has for years been one of the leading amateur players in this section of Nebraska and has many times been the opponent of the Plattsmouth baseball team on the local lot and apparently time does not lessen the skill of the old timer.

**WRESTLING MATCH LEADS TO REAL ROUGH HOUSE**

From the western portion of the county comes the story of a very bad wrestling match that occurred in that locality among some of the men engaged in the thrashing of the fine wheat crop there. The two men had started in on a friendly match and which continued for some time with the two trying all the holds that had been heard of by the "Stangler" Lewis, Frank Gotch and other kings of the mat famous, and as the match proceeded one of the party, it is claimed, was getting the worst of the bout and adopted the tactics that might be found among the Apache warlike where he proceeded to bite his opponent on the arm and, it is claimed, removed a portion of the flesh from the muscular portion of the arm and this served to bring the match to a close. The incident has aroused some excitement in the neighborhood where it occurred and may lead to further developments if the bitten man develops serious complications in his injured arm.

London, Aug. 8.—British and soviet representatives signed the Anglo-Soviet treaty and trade agreement at 6 o'clock tonight at the foreign office. There was no ceremony and only a few officials were present.

Premier MacDonald and Christian Rakovsky, the Russian charge d'affaires at London, spoke briefly, both expressing gratification that the negotiations had resulted in what they regarded as a decided step forward in the relations between the British and Russian soviet governments.

Premier MacDonald and Arthur Ponsonby, under secretary of foreign affairs, affixed their signatures for Great Britain, while M. Rokovsky, Adolph Joffe, M. Tomski and M. Scheinmann signed for the soviets.

Much discussion has been provoked by the fact that the name of the king is absent from the treaty, but tonight the likelihood was pointed to of the king's signing the treaty if it is ratified as the constitution requires that this be done.
