DEATH OF A PIONEER

From Tuesday's Daily—
Joseph I. Lynn died at Hartington, Nebraska, August 4th without any forewarning, heart failure being the cause.

Mr. Lynn was born in Mills county, Iowa, November, 1856. With his parents crossed the Missouri river to Nebraska early spring 1860 and was a resident of Cass county in and near Union until 15 years ago when he moved to Cedar county where he passed away early morning Monday August 4th and was laid to rest in the Hartington cemetery. This death leaves a wife, four sons and three daughters besides two brothers and three sisters of which were all present to pay their last earthly respects to the deceased besides many other friends and neighbors of the vicinity where he now lived.

OBITUARY OF L. E. MYERS

From Tuesday's Daily—
Lewis E. Myers was born in the state of Iowa, May 18, 1850, and completed his earthly labors August 7, 1924, having lived 74 years, 2 months and 19 days.

Mr. Myers' life has been lived in this portion of the state of Nebraska. As a young man he began work in the dental office of his stepfather, Dr. J. L. McCrea. Later he learned the drug business under the employ of Mr. O. P. Johnson and Mr. C. H. Smith. These were all residents of Plattsmouth.

About 35 years ago, Mr. Myers moved to Cedar Creek and began business as a druggist. Here he continued until failing health made it necessary that he retire, and the last five years of his life has been spent in a quiet, restful manner.

Last October Mrs. Myers was called to her reward and soon he went to live with his step-son, Jerry Frey. During the past five months his health has failed rapidly. He was taken to the Swedish Mission hospital that his comfort and care might be the best, but there seemed to be no relief or cure and on the evening of last Thursday the unseen chariot called him and he went on.

He is survived by eight step-children, John Frey, Mrs. Bertha Miller, George Frey, Mrs. Clementine Horn, and Eugene, Tobias, Henry and Jerry Frey. His sister, Mrs. Francis C. Olive, who was very well known in this community, preceded him last June.

Mr. Myers' years have been lived in this community, where his character has become established in the life of the community. It is the word of everyone that a citizen, loved and respected and admired has laid down the work of making the world a better place to live in, and in his going those who are left are challenged to imitate his good works and follow his noble example.

Who can estimate the worth of a good man to this life? So it is not possible to credit him with his dues. The work of citizenship, education, religion and society all felt his leadership and now that his memory is all that is left, may that be a constant reminder that once he worked here and the benefits we enjoy he helped to make possible. As the word states, "Henceforth, he shall rest from his labors and his works will follow after him."

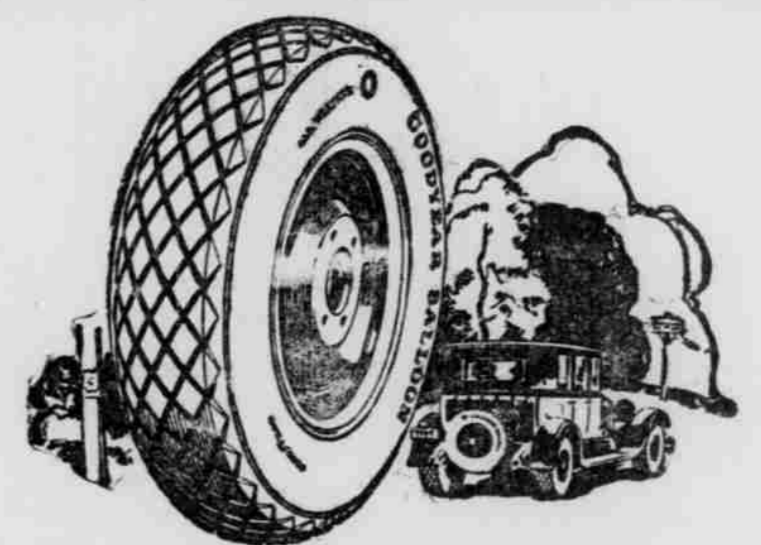

Mrs. Arthur Boardman and child, departed this morning for Newcastle, Nebraska, where they will enjoy a few days visiting with relatives and friends.

Foot Notes that Are Important!

Is that small son or daughter putting the right foot forward, and in the right shoe?

Many serious foot troubles originate in childhood as the result of ill-fitting shoes, or shoes badly shaped. We have shoes scientifically constructed to conform to the national lines of the foot, and we know how to fit them. Footwear is attractive in appearance and price.
