Charles Howard of Murray Makes a Big Hit in Playing on Shenandoah Radio Program.

From Saturday's Daily— One of the talented young musicians of the county, Charles Howard of Murray, has received a large number of letters and messages of approval for his excellent work on the program recently broadcast from the Henry Field radio station, KFNP, at Shenandoah, Iowa.

This program was sponsored by the Hoechner harmonica company and consisted of a large number of contestants playing selections on the harmonica and the entries in the concert embraced large numbers from Nebraska, Iowa and Missouri and the participants entertained a radio audience of many thousands over this portion of the west.

The persons hearing the contest were invited to send in their votes for the most pleasing numbers given and as the result Charles received a very large vote from all sections of the radio territory and was third in the list of contestants of whom there were twenty-five and is therefore greatly pleased.

The young musician was the only one from Cass county participating in the contest and for his excellent work he has received recognition from the Fields company and the Hoechner company is also going to reward the successful contestants who were on the program.

On the trip to Shenandoah, Charles was accompanied by his father, Roy Howard, his uncle, Fred Warner and Ernest Melbern.

Charles Howard is fifteen years of age and greatly devoted to the study of music and has been heard frequently in various entertainments over the county in the past summer that has greatly pleased all who heard them.

This morning, Charles received notification the Hoechner Co. was to give to the three highest contestants a fine accordion as well as a mouth harp and which will be a much appreciated gift.

CLAIMS HE SHOULD NOT BE HELD FOR THE LIABILITY

Brief Filed in Supreme Court for C. C. Parmele Claims Evidence Doesn't Warrant It.

From Saturday's Daily—

Charles C. Parmele, former Plattsmouth banker, tells the supreme court in a brief filed Friday that he does not believe he should be branded as a felon because a woman forgot. He was convicted in the Cass county district court of embezzlement. He says that the evidence does not sustain the conviction and that he should be freed of the charge.

He says that for several years he placed loans for a woman customer named Douglas. One of these loans was represented by a note and mortgage executed by one Wiles. These were handed over to and are in possession of Mrs. Douglas. Having more money to invest Mrs. Douglas sought his aid. She had \$3,500 she desired him to place. The only investment of anything around that size he could then find was a \$5,000 Latham mortgage.

Parmele says he went to Wiles and suggested that he pay \$1,500 on the mortgage owing Mrs. Douglas. Wiles said he did not have the money. Parmele suggested that he execute a note for that amount and he would have it credited on the mortgage. Wiles did so. He says that he told Mrs. Douglas about it and directed her to endorse a \$1,500 payment on the Wiles mortgage, at the same time handing her the \$5,000 Latham mortgage.

She did not make the endorsement, and Parmele was prosecuted and convicted on the charge of embezzling the \$1,500 note. He asks the court to consider that if she had endorsed the payment, he would be innocent, and suggests that because of that fact he ought not to be branded a felon because she neglected to do so.—State Journal.

LOUISVILLE LADY SUFFERS VERY SERIOUS ACCIDENT

The many friends of Mrs. Fred Wegener will regret to learn that she is suffering from the result of a fall in which she broke her arm at the wrist and fractured the same arm between the wrist and the elbow. Mrs. Wegener and daughter, Mrs. Ralph Meisinger, and little daughter, Katherine, went out to Merna last week to visit at the ranch homes of her sons, Fred, at Duning and Ed at Merna and while at Ed's home, she fell as she was going down the cellar steps.

A physician from Merna was summoned and Mrs. Wegener was made as comfortable as possible and her broken wrist was set. She returned home the last of the week and is doing as well as could be expected, but she surely was unfortunate to have her pleasant visit with her sons and families cut so short.—Louisville Courier.

GIVE FAREWELL FOR RETIRING MANAGER OF LIGHT COMPANY

Employees of Plattsmouth District of Nebraska Gas & Electric Co., Get Together.

From Friday's Daily—

Last evening the members of the office force and employees of the Plattsmouth district of the Nebraska Gas & Electric Co. tendered a farewell to C. J. Theelen, the retiring manager of the company who is soon to leave this city for his new position as manager of Norfolk.

The occasion was one that was filled with regret that so soon the genial and helpful manager would be taken from the circle of the company employees where he has built up a splendid system of co-operation and helpfulness in the carrying out of the company work that has brought a great deal of efficiency to the company.

The members of the party assembled at the Royal Cafe at 6:30 where they enjoyed a very fine three course dinner prepared by the cafe and served in a most pleasing manner and around the long table arranged with the bright fall flowers there were some eighteen of the employees as well as Mr. Theelen, Mr. L. G. Kepler, the new local manager, and Mr. Jackson, the construction superintendent, who is looking after the work of the construction of the new high line; Mrs. Theelen and sister.

Mrs. Jones of Grand Harbor, Michigan, and Master Donald Theelen. After the dinner the members of the party returned to the offices of the lighting company where Mr. R. G. Sward, solicitor of the company, on behalf of the employees, presented Mr. Theelen with a fine leather traveling bag as a remembrance of the ladies and gentlemen of the local office with whom he has been associated.

When the hour for parting came, all joined in wishing Mr. Theelen and family happiness and success in their new home.

MANY FARMS USING RADIO

The rapidity with which radio has spread to the farming communities of the nation is revealed by a recent survey made by the U. S. Department of Agriculture.

Counties agents estimate there are approximately 40,000 radio receiving sets in 700 counties. This is an average of fifty-seven sets per county.

Applying that average to 8,850 agricultural counties, a total of more than 145,000 sets on farms throughout the nation is estimated. The survey covered every state in the Union.

Radio broadcasting stations, and there are now about 600 licensed stations in the United States, devoted part of their programs to the interest of the farmer.

Among these services—as given by all leading broadcasters—are daily market quotations, weather reports and other information of great value to the farmer. Also during harvesting seasons special weather reports are sent out.

Add to these services the broad-

casting of various instructional courses by the extension bureaus of agricultural schools and the musical and other purely entertaining programs and it is easy to see why radio has rapidly and extensively welcomed to the farms of the nation.

CARD OF APPRECIATION

Profoundly grateful for the assistance and friendly interest of my friends in the recent harmonica contest staged over the radio from the Henry Fields station at Shenandoah, Iowa, I wish to express in this manner my appreciation to the friends over this locality. May they, too, have as loyal friends as I have found. CHARLES HOWARD, Murray.
