## MAKES CHANGE IN BUSINESS

From Wednesday's Daily-

The Vallery Brothers meat market will on tomorrow be transferred from the control of Messers, Frank and Glen Vallery to Mr. Harry Clark of Auburn and Frank Mullen of Ne-

fact that the Messers value of a large number of other business interests that demand their attention of Catarrh.

Sold by druggists for over 40 Years.

F. J. Chency & Co., Foledo, O. South Omaha and for this reason the Vallery brothers are disposing of

their interests here. The Messers, Clark and Mullen, who are taking over the meat market, have been working at the market for some time and are well suited to the line of work as they are both practical butchers and are in a position to give the public the very best of service and will see that the prices are maintained at a very low margin. The new proprietors are planning to operate the market as a strictly cash and carry meat market and will therefore give the public the advantages of the lower prices made

possible by the method. The new firm is inviting the public to call and visit their market and ... same treatment that has been shown by the Messers. Vallery.

## WINTERSTEEN HILL SCHOOL ASSOCIA-TION HAS MEETING

Very Interesting Program Last Evening.

Last evening the Parent-Teachers at the school building that was at-

association of the Wintersteen hill school held a very pleasant session tended by some fifty-nine of the parents and a very large number of the young people of the school. The teachers, Mrs. G. L. Farley

and Miss Clara Trilety, had arranged very delightful program that was well presented by the pupils, ranging from the tots of the C grades to the third grade children and was in keeping with the Thanksgiving season. The program was given in a manner that reflected the greatest credit on the little folks as well as the teachers and was enjoyed to the utmost by all of the largea udience

The association received fifteen new members and is new one of the real live organizations of the city and working for the improvement of the schools and the betterment of the relations between the school management and the teachers and which is for the upbuilding of the

chools of the city. The evening was very much enleyed and everyone present felt that they would certainly be on hand when the next meeting is held on the econd Friday in December.

# Now for a Real

# Thanksgiving Day!

The Pilgrims were mighty sturdy folks. They were hard-working, straightforward, honest and dependable people. They were hard working, straightforward, honest and dependable people. They were always willing to go out of their way to serve, protect and further the interests of their neighbors. That's why they were able to help lay the foundation of what is today the United States of America.

As you know, they celebrated their first Thanksgiving Day more than 300 years ago, and on that day they took account of the things they had to be thankful for. And because it has been the policy of the management of this bank to build this institution on the same principles that the Pilgrims helped build this nation - because, we as an institution, have many things to be thankful for, our bank will be closed for the day on Thursday, November 27th.

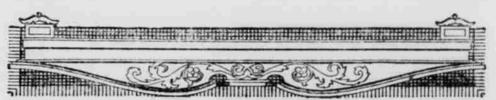

On that day, we are going to take account of all of the things we have to be thankful for; but the one thing that will be uppermost in our minds and the one that we will be most proud to reflect upon is the fact that we have earned your confidence and patronage as a depositor. We have tried to deserve it and we have endeavored to reflect our appreciation in our day to day dealings. We trust that we have done our job But, if we have failed, won't you tell us how, when and where, so that we can improve our service to you and thus give both of us more to be thankful We thank you, for in 1925?
