Net Bodies in Favor of Uniform Tennis Ball.
New York, Dec. 21.—Tennis associations and players throughout the world are engaged in an effort to bring about further standardization of the ball, according to an announcement by the United States Lawn Tennis association.

It has come to the universal opinion that players coming from distant sections to compete in international play are handicapped by the type of ball used, especially if it is one to which they are not accustomed. These differences are not always due to manufacture. Atmospheric conditions, type of court and other factors enter into conditions.

At a recent meeting of the council of the English Lawn Tennis association the ball test committee reported tests made of 25 different makes of ball, all of which professed to comply with existing definitions of a lawn tennis ball which provide limits for its diameter, its weights and its bounce.

Among the findings are statements to the effect that a soft ball will feel lighter on the racket than the harder ball; that with a given racket action, it is possible to impart more spin to a soft ball than similar action will impart to a hard ball; that in base line driving the hard ball and the soft ball will each, after bouncing, come off the ground differently.

The council of the English association voted to add a fourth requirement to the ball regulations which would define hardness of compression with a view to containing greater regularity in performance.

BIBLE SCHOOL LESSON

Sunday, December 28
By M. S. Briggs

Central Period Christ's Ministry

This is the period of popularity of the ministry of Christ while on earth. This was the period when all men were flocking to hear him and that time when he did the great miracles, gave the world the parables and taught the way of life truly. The first lesson was the Choice of the apostles, they being Peter and his brother Andrew. They were brought forth by a carpenter named Zebedee, the also fishers. Jesus passed by he saw Matthew setting at the receipt of customs and Jesus said unto him, follow me, and he followed the Master. Bartholomew Nathaniel, Thomas, James the son of Alphaeus, Simon call Zebedee, Philip Judas the brother of James and Judas Iscariot, who betrayed him.

"The Sermon on the Mount." Here was where the Master spoke the great truths, where he gave the Beatitudes. Here he taught the principles of discipleship, also taught the disciples to pray and give what is known as the Lord's prayer, the greatest proposition to guide man in his relation to God and his fellow-man.

THE LORD'S PRAYER

"Our Father, who art in heaven, hallowed be thy name. Thy kingdom come, thy will be done, on earth as it is done in heaven. Give us this day our daily bread, forgive us our trespasses as we forgive those who trespass against us. Lead us not into temptation, but deliver us from all evil. For thine is the kingdom, the power and the glory for ever and ever. Amen."

This is followed by the parable of the sower, where some seed fell by the wayside, some among thorns and some in good soil. Some of the seed 30 fold, some 60 fold and some 100 fold. That is the cherished life, where are we, in this busy life.

Stilling the storm, the fourth lesson, was where he tested the disciples' faith during a storm on the sea of Galilee and then said, "Peace be still." This passage inspire a certain song writer to write that great message to mankind from which we quote: "Master, the tempest is raging, the billows are tossing high; the sky is o'er shadowed with blackness; No shelter or help is nigh." When the answer came back in that glad refrain: "No water shall swallow the ship where lies the Master, 'Peace be still; Peace be still.'"

The fifth lesson was that of the prodigal son. Read Luke 15:11-24; also Matthew 18:12-14 and Luke 15:11-10. Golden text, "I will arise and go to my father." (Luke 15:18.)

The sixth lesson, feeding the 5,000. The disciples were fed from 5 barley loaves and 2 small fishes, and then taught them the golden text: "I am the bread of life." (John 6:35.)

The seventh and eighth lessons, Peter's confession. "Thou art the Christ, the Son of the living God." In the configuration where the Great Jehovah spoke from the cloud, "This is My beloved Son in Whom I am well pleased, hear ye Him." (Luke 9:35.)

The ninth lesson was that of the good Samaritan. This, where the Samaritan who fed the 5,000 Jews, who cared for one robbed and left for dead, after a priest and a Levite had passed him up. The Samaritan takes him to a hotel and pays for his keep. The Master asks, "Who of these three was neighbor?" It is obvious, that one that took care of the one when he needed it. The golden text, "Thou shalt love the Lord, thy God, with all thy heart, with all thy soul, with all thy strength and thy neighbor as thyself." What could be more just.

The tenth was the giving of sight to the man born blind, one of the great miracles. This made the Jew His enemies. They sought to kill Him. A still greater miracle was the raising of Lazarus from the dead after he had been in the grave for 4 days. A most extraordinary miracle in connection. He declared, "I am the resurrection, and the life, whosoever believeth on Me, tho he were dead, yet shall he live, and whosoever liveth and believeth on Me shall never die." He asked Martha if she believed that. He also asks us, "Then came the last regular lesson of the quarter, the converting of Zaccheus. A rich tax collector, who, when he was converted, gave half he had to the poor. This, when one is right with God makes a man a man, and Christ said unto him, 'The Son of man came to seek and to save that which was lost.'" (Luke 10:10)

Groh to Return to the Giants Next Season

New York, Dec. 21.—Heinie Groh, veteran third baseman, will be at his accustomed position when the Giants take the field for the pennant race next spring. Manager John McGraw announced today.

Groh was forced out of action in the world series with the Washington Senators this fall, and was replaced by the 19-year-old Freddie Lindstrom, who played sensational ball in his first crucial test, and it was generally predicted that the youngster had obtained a regular position.

Groh hit for 250 in 145 games for the Giants this season. He joined the Giants in 1911, was sent on option to Buffalo that year and returned in 1912. Then he went to Cincinnati for eight years, and again was obtained by the Giants in 1921. He had suffered at times with a weak leg, which has kept him out of many games.
