COMMUNITY GRIEF STRICKEN OVER YOUTH'S DEMISE

Death of Walker Gilmore Yesterday At Omaha Comes With Tragic Suddenness to Friends.

From Saturday's Daily—
This morning the body of Walker Gilmore, son of Dr. and Mrs. G. H. Gilmore of Murray, was brought to this city and from here taken by auto to the late home where funeral services will be held Sunday afternoon at 3:30.

The death of Walker Gilmore has come as a great shock to the many friends in this section of the county who have known the young man since his early childhood, and to the parents the grief comes especially severe.

The details of the case as reported from Omaha state that the first complaint of the young man not feeling well was made Tuesday evening when he and a chum, Virgil McDaniell, also a student of the University of Nebraska medical college, had dined together and at that time Walker had complained of not feeling well, but nothing serious was thought to be the matter, as he was supposed to have just a slight cold.

Wednesday morning the lady at whose home Walker had just secured a room, found that he was not up, but, not knowing his hours of work and study, supposed that he was just sleeping late. In the afternoon it was again noticed that he was in his room apparently asleep, which fact caused the landlady of the rooming house some worry, and when evening came and he was still apparently sleeping she visited the room and attempted to awaken him and was startled to find him unconscious. Medical aid was hurriedly summoned and the suffering boy was taken to the University hospital where he was received in a very serious condition and the end was apparently not far distant for him. He was sinking very rapidly when received and never regained consciousness.

Walker was found to be suffering from double pneumonia and gradually grew worse until death came to ease his suffering.

CENTRAL BUILDING PARENT-TEACHERS' ASSOCIATION MEET

Splendid Meeting at High School Auditorium Discusses Child Welfare Last Night.

The Parent-Teachers' association of the Central building of the city public schools very pleasantly observed the twenty-eighth anniversary of the foundation of the association on Tuesday evening at the auditorium of the High School.

The program of the evening was given over to the discussion of Child Welfare in which several interesting papers were given and a very inspiring address by Judge Begley on child welfare as well as the proposed child labor laws discussed.

A very delightful duet was given by Mrs. Robert Reed and Anton Bailek on the piano and xylophone that pleased all of the large audience.

Mrs. W. F. Huneke gave a short history of the Parent-Teachers' movement in the United States that was very instructive as to the early years of this movement that has grown to be one of the vital factors in the school life of the nation.

Miss Dorothea Pond gave one of her charming vocal numbers and the quartet mixed quartet composed of Miss Estelle Baird and Dorothea Pond and Messrs C. H. Peden and Irving Wiltse, also offered a most delightful selection that was thoroughly appreciated.

Mrs. Allen J. Beeson also gave an interesting paper on child welfare that was very much enjoyed and brought out many interesting facts as to the work of this movement in the country at this time.

District Judge James T. Begley was heard in a very able statement of fact on the proposed child labor laws, presenting the two sides of the case, that of those who favor the amendment and the opposition that has been offered as the invasion of the rights of states to regulate by law themselves, the evils that are complained of. The judge also pointed out the American home as the safeguard of the nation and urged a return to the old fashioned home which has developed the great men and women of the nation in the past.

After the address, the members of the party were entertained at games in the gym by the entertainment committee and later dainty refreshments were served that added to the enjoyment of all of the party.

For the room being represented by the largest number of parents of pupils in the Fifth grade was given the honor, a fine picture of "The Light of the World," which they will have placed in the room at once.

The association feels very appreciative of the kindness of all those who assisted in the meeting and desire to express their gratitude publicly to all those who participated in the occasion.

FOR RENT
Fifteen acres 7 miles west of Plattsmouth, small set of improvements, most all in cultivation. A real place for chickens, rent reasonable. See J. P. Falter, Coates block, Phone 28.

MARY GARDEN MAY BE OPERA MANAGER

Monte Carlo, Feb. 19.—Mary Garden may be the new general manager of the Monte Carlo opera. Baron Gunsbourg has retired and the candidature of Miss Garden is now being pressed upon the prince of Monaco, who is considering whether the management of his famous opera house by a woman would be too startling an innovation.

According to report, Miss Garden is ready to accept the appointment, but her final selection entirely depends upon the prince of Monaco. A principal obstacle is believed to be Miss Garden's nationality as the prince's policy thus far has been to name only Frenchmen to the higher positions in his state.

COLUMBIAN SCHOOL PARENT-TEACHERS' ASSOCIATION MEETS

Very Pleasant Meeting Held at the School On First Anniversary Of the Organization.

From Saturday's Daily—
The Columbian school Parent-Teachers' association held a very pleasant meeting on Thursday of this week at the school building, marking the first anniversary of the organization and the splendid occasion was planned and carried out by the committees in charge proved a real treat to all of the members.

The program that had been prepared was varied in its features and gave the auditors some real entertainment that they most thoroughly appreciated and which reflected the greatest credit on the young people taking part in the musical portion of the program, piano solos by LaVerne Anthony, Theresa Libershal and Virginia Trively, were special features and in which the young ladies demonstrated their skill and training. Damien Flynn, one of the popular young vocalists of the city, gave a very delightful number, while little Miss Jean Caldwell added to the enjoyment of the audience with her solo dancing number that was filled with charm and beauty.

A reading by Miss Dorothy Gradoville also was most interesting and clever. The address of the evening was given by Superintendent George DeWolf of the city schools, covering school lines, in which he brought out many new ideas and facts about our educational system that will be a great help to those who are trying to become better acquainted with our schools and the manner in which they are conducted.

At the close of the program the guests were invited to inspect the school building which has been remedied during the past year and has been made modern in all respects and is a school of which the children and the parents are justly proud.

Refreshments were served at an appropriate hour and the remainder of the evening was spent in visiting. A number of new members were enrolled and the association is growing and in time expects to be an indispensable asset to the school life.

NEBRASKA CITY DEFEATS BLUE AND WHITE FIVE

Plattsmouth Unable to Break Through Blocking Tactics of Oteo County Five; Score 19 to 8.

Nebraska City, Feb. 20.—(Special to The Journal)—The Nebraska City High school crushers defeated Plattsmouth High here tonight in a game marked by loose refereeing and blocking tactics by the Oteo county team through which the Blue and White players could not go through. The score was 19 to 8.

Plattsmouth played the Purple and Gold even terms the first half, in spite of the disadvantages of the floor and it ended 7 to 6, Nebraska City caring a free throw just before the finish to take the lead. Flynn, Battery and Rehal each secured goals for Plattsmouth while Hardick and Farrell counted for Nebraska City.

In the second half the Oteo five drew away from Plattsmouth as the Platters grew disheartened at re-blocking defense of Nebraska City, which Referee Kotas of Peru did not even make a pretense of stopping, and all their long shots hitting the low ceiling of the gym.

Hardick and T. Cseheber were Nebraska City's leading scorers, while Ruitory succeeded in adding two free throws to his field goal in the second session.

A large crowd of rooters accompanied the Plattsmouth team here. Box score:

MEN'S CLUB TO HOLD SPECIAL LENTEN STUDY

St. Luke's Parish Organization to Devote Period to Instruction and Study of Church Life.

From Friday's Daily—
Last evening the members of the Men's club of the St. Luke's parish met at the undercroft of the church in a very interesting meeting which was marked by one of the very pleasing informal talks by the rector, Father George D. Pierce, on the history of the universal church in its beginning and the Anglican church in the later years, taking the church down through the ages from the first leaders in the religious life of the world to the period of the Georges in England and covering the many Jesuit period in the development of the English branch of the church, which after many centuries at last became reunited with the ancient Greek church of the east from which the first religious thought was given and which still conforms to the ancient forms of the church. There has been a number of these interesting addresses given to the men of the parish, creating an awakening spirit of the early church beneficial to the membership and to the church itself.

During the Lenten season it has been arranged that a series of instructions be given each week as a part of the observance of the holy season, bringing the members in closer touch with the teachings and precepts of the church, the form of worship, its meaning and a clearer understanding of the teachings of the early leaders of the Christian church.

The next meeting on Thursday will be the regular and social meeting of the club and a special interest is attached as there will be a real treat for the members as well as a spiritual life of man at the meeting.

LOCAL NEWS

Dr. Heineman, Dentist, Hotel Main Bldg., Phone 527.

Mr. and Mrs. Adam Meisinger, with Mrs. Arthur Meisinger and Master Gerald Meisinger were here today looking after some matters of business and visiting with friends in the county seat.

POOL REJECTS RECENT OFFER

Prof. Raymond J. Pool, chairman of the Botany department, definitely refused Wednesday afternoon the offer made to him to accept a position as a lecturer in the American Smelting & Refining Company of New York City to take the directorship of their department of agricultural investigation.

The company has been very persistent in trying to obtain Prof. Pool for the position and as a last resort asked him to come to New York City to consult them. It was in reply to this message that he gave his final statement that he was not interested.

In commenting on this action, Dr. Pool said, "The University is a pretty good place after all." He then went on to say that the initial salary that he was offered was over twice as much as he is now drawing from the university.

In addition to this it was promised that in the near future he would make over three times what he is now drawing. "If I were after the money entirely, there could be no doubt in my mind what the action would be, but such is not the case." Dr. Pool has taken the position he would have been in charge of a staff of trained investigators. The principal laboratories and experimental fields of this department are being carried on in several other states and in Mexico and South America. Dr. Pool would have been in charge of these workers also. The position was held by Dr. P. J. O'Gara, '02, until his resignation January 1st.—The Daily Nebraskan.

COUNTY FAIR LAW IS HELD CONSTITUTIONAL

District Judge Lightner Holds Against Platte County Board.

Columbus, Neb., Feb. 19.—Mid-Nebraska exposition directors won the first round in their legal battle to compel the Platte county board of supervisors to appropriate \$2,000 financial aid for their fair when District Judge Louis Lightner handed down a decision holding the 1921 statute under which the appropriation was sought to be constitutional.

Attorneys for the board had filed a demurrer to the exposition association's petition asking a writ of mandamus requiring the board to include the \$2,000 item in its annual estimate. The defense maintained that the 1921 statute was invalid because it undertook to amend a 1913 statute which had been declared unconstitutional. Judge Lightner held, however, that the first purpose of the 1921 act was to amend the 1913 statute which in turn amended the act of 1905 which had been held to be constitutional. Reference in the title to the 1913 act, he held, was merely historical reference. He overruled the defendants' demurrer.

Attorneys for the supervisors were given one week in which to file an answer to the petition if they shall decide to fight further.

The statute held to be constitutional is the one under which practically all county fairs in the state obtain financial aid from their counties.

Mrs. John L. Tidball, Jr., and daughter, Miss Mary, who is here from Deans college for the week end, departed this morning for Omaha where they will spend the day.

FEDERAL RESERVE BANK MAKES ANNUAL REPORT

New York, Feb. 19.—The principal changes in the condition of the federal reserve bank of New York in 1924, according to the 10th annual report made public today, were an increase of \$123,000,000 in holdings of United States securities, a gain of approximately \$170,000,000 in the reserve deposits of member banks and a decrease of \$83,000,000 in the amount of loans made directly to member banks.

Because of a smaller average of earning assets and the lower level of interest rates, earnings for the year were about \$3,000,000 less than in

LONGWORTH BABY IS NAMED PAULINA

Chicago, Feb. 17.—The three-day-old daughter of Mrs. Alice Roosevelt Longworth and her husband, Representative Nicholas Longworth of Ohio today was named "Paulina." The decision was reached by the parents as they celebrated their nineteenth wedding anniversary at the hospital where Mrs. Longworth is being cared for.

Don't forget, next post meeting, Wednesday, March 4th.

In Excellent Condition!

Plattsmouth, Nebr., Febr. 4, 1925.

To the President and Board of Directors, Plattsmouth Loan & Building Association, Plattsmouth, Nebraska.

Gentlemen:

Referring you to report of my audit of your books, you will find all collections duly accounted for, and your books are in perfect condition.

Allow me to extend congratulations.

Your management certainly merits the thanks of your stockholders and patronage of your people.

Wishing you future success, I am—
Very respectfully,
FRANK E. SCHLATER.
