C. W. Fleischman has been waiting for the completion of the repairs in the Pollock bridge at Greapolis, in order that he may take two loads of his cattle, which are ready for market and waiting for transportation. Young People Enjoy Dance. At the home of Carl Wessell, there were a large number of young people on last Friday evening when they enjoyed the occasion very much at a very social dance, and when departing expressed their pleasure for the nice evening they had been given and longed for the time to come for another pleasant meeting.

"Gensang" Is the Word. If it takes until eleven o'clock to get the crossword puzzle it does not matter, for these must be solved, whatever else has to slip by. Last Sunday afternoon Mr. and Mrs. J. W. Magnay called on their neighbors, Mr. and Mrs. Henry M. Pollard, and enjoyed a most pleasant visit, and by and by Mr. George Pollard and his wife dropped in for a short visit, and the Omaha Bee offered a crossword

George Pollard tackled and after wrestling with it for some time Mr. George Pollard departed and the father, Henry Pollard, took the matter and he and Mr. Magnay did not allow the problem to get away from them until eleven o'clock, when they stopped with one word not gotten. The following day the answer in the paper showed it to be "Gensang" an herb grown in China, also Missouri.

PLATTSMOUTH IN CLASS B AT THE BASKETBALL MEET

Blue and White Five Will Play Benson High at 7:30 p. m. Friday.

From Tuesday's Daily—The pairings for the district basketball tournaments over the state were announced yesterday by W. G. Brooks, of York, secretary of the state athletic association.

These district meetings will replace to a large extent the extensive state tournament at Lincoln, it having grown to such proportions as to be unwieldy.

Under the rulings of the state association, all teams from Cass county have been placed in the second district, composed of Washington, Burt, Douglas and Cass counties.

In the pairings announced with the classification of the teams, Plattsmouth high will play Benson high at the boys' gym at Central high school at 7:30 p. m. Friday, in the second game of Class B.

In Class A Creighton Prep will play South high and Central oppose Tech.

The winners of Friday's games will all get to go to the state tournament in Lincoln in classes where there are only four teams participating, as the winners and runner-up will be reclassified for the state meet at the capital city the following week.

The race in Class B will be very close if the dope hold good, Plattsmouth, North high and the Deaf school each having scored a victory, and suffered a defeat at each other's hands, while Benson won over the Norwamen last Friday.

With weather conditions favorable and the auto bridge back in shape, it is expected that a very large number of fans from this city will be in attendance at the games.

MRS. LEOPOLD AND MRS. CHASE ENTERTAIN SATURDAY

Delightful 1 O'clock Luncheon and 6 O'clock Dinner at Leopold Home Saturday.

Two of the pleasant social events of the past week occurred Saturday afternoon and evening at the hospitable Leopold home on Pearl street when Mrs. H. C. Leopold and Mrs. S. S. Chase entertained some thirty friends at luncheon and dinner.

In the afternoon the occasion was made that of a 1 o'clock luncheon that was thoroughly enjoyed by all of the members of the party. The settings of the luncheon were in keeping with the approaching springtime season, the delicate red and yellow colors being used in the table decorations while these colors were also in evidence in the general decorative plan of the home, making a bright and colorful appearance.

In the afternoon a delightful program of music had been arranged by the hostesses, Joseph A. Cornwall, Miss Josephine Altman and Mrs. H. W. Black each favoring the guests with one of their pleasing vocal solos, Miss Helen Wessett, with Miss Altman gave a most enjoyable vocal duet, and Miss Wessett a very artistic piano number.

At the 6 o'clock dinner the springtime note was also used in the decorations and as in the afternoon the program of the dinner was musical, the numbers being very entertaining and enjoyable, numbering among those on the program the talented young people of the city, Clifford Cecil, J. A. Capwell, Mrs. H. W. Black and Miss Josephine Altman, such giving vocal solos while Miss Altman and Miss Wessett favored the party with another charming duet.

## EVERYONE CAN HAVE PART

The laying of preliminary plans for the financing of the new Legion community auditorium has brought to light a number of points previously unthought of, but when the finance committee has finally thrashed all the questions out it is certain arrangements will be made so that everyone can have a part in the construction of the building from the richest to the poorest.

A number of those who draw only common laborer's wages have evinced as much interest in the proposition, and although they cannot give money, they are desirous of furthering the cause by contributing liberally of work. Then there are farmers who say they would be glad to contribute the basement if this work can be done at a time when they are not rushed with their farm work. This work alone would cost no small sum if it had to be paid for at regular yardage rates and the promised co-operation of everyone in this line will aid greatly in getting the building, although the urgent need is for money to help finance erection of the structure of the building itself.

A plan will be devised by the committee under which everyone in the community can have a part.
