## DEATH OF MRS. JACK DOUGLAS YESTERDAY

Well Known Murray Lady Passes On After Long Illness From Tuberculosis.

From Wednesday's Daily—  
Mrs. Jack Douglas, well known lady of Murray, was called yesterday from the scenes of her earthly activities to her final reward, death coming as the result of a long illness from tuberculosis that has for several months rendered her case hopeless, although the local physician, and a court-ordered fight for life and was hopeful that the shadow that had come to her might pass but in vain.

The deceased, formerly Miss Grace Green, daughter of Mr. and Mrs. Elijah Green, was born in Gentry county, Missouri, November 18, 1890, and was reared in that locality. In the year 1913 she was married to Jack Douglas, they residing at Atchison, Kansas, at the time. In 1914, eleven years ago, the husband and wife came to Cass county and located near Murray where they worked on farms there and later farmed themselves for a number of years. In 1922 the family removed to Nehawka where they were in charge of the hotel for some time and the telephone exchange at that place. About a year ago they started west for the purpose of heading that locality. Mrs. Douglas, but, reaching Denver, it was found that she could not stand the high altitude of that country and accordingly the family returned to this county and located at Murray where Mr. Green has been located since that time as manager of the Standard Oil company. In her early girlhood, Mrs. Douglas was united with the United Brethren church and in this faith she passed away, being a firm believer in the teachings of her church.

She is survived by the father, Elijah Green of Atchison, and four brothers and four sisters, Charles of Atchison, Jasper of Topeka, Betty of Atchison, Mo.; Sylvia of Junction City, Iowa; Joseph of Plattsmouth, Emmett of Sabathia, Kansas; Fay of St. Joseph, Mo., and Amanda of Atchison.

The body was taken this afternoon to Atchison where it was laid to the last long rest in the cemetery there.

SAYS MELLON TAX PLAN TO BE JAMMED THROUGH

Washington, D. C., March 10.—Representative Henry T. Rainey, democrat, Illinois, in a statement prepared today for the Congressional Record, declared today that members of the house ways and means had been notified they would be called to prepare a revenue bill and that the call means that the Mellon plan is the bill which will be reported out.

Mr. Rainey charged that should the program he said the republicans had embarked on be carried through, it would be referred to in future years as "the crime of the sixty-ninth congress."

The statement made reference to the attitude of Vice President Dawes toward senate rules, declaring that he would make amendments to these rules so the Mellon plan could be carried through. In the house, it said, Representative Frear, republican, Wisconsin, had been deposed from the ways and means committee as the first step of the republicans in carrying through their program.

R. W. Knorr was among the visitors in Omaha today, attending to some matters of business for a short time.

Ed Thrall departed this morning for Omaha where he will spend a few hours having his eyes treated there by a specialist.

Mrs. W. F. Humeke and little daughter, Ruth, were among the visitors in Omaha today where they will attend to some matters of business.

### Our Lord's Resurrection

Golden Text: "The Lord is risen indeed."—Luke 24:24.

They understood not that the Christ should rise from the dead until it was indeed fulfilled. We see the Savior as He on the cross voluntarily said, "It is finished," and gave up the ghost. The head fell forward and when the soldiers came to break the legs as was the practice of those days when they crucified, they found Jesus dead already and they broke not his legs as they had done the two at his side. This was Friday morning, April 7, the year 30 A. D. Joseph of Arameotha went to Pilate and begged the body of the Lord. This he placed in a tomb hewn out of rock which he had constructed for himself. This he did to allow it to remain over the Sabbath. Joseph had wound in the cloth which he had wrapped the body in, 100 pounds of spices and was going to have the body prepared for permanent burial following the Sabbath. Following this the Jews, mostly the Pharisees, went and consulted with Pilate and suggested placing a guard over the grave and sealing it to prevent anyone removing the body. They placed Roman soldiers as guards over the sepulchre. But Nature opened it at the appointed time. With the coming of the third day the tomb was burst and the Lord arose, triumphant over death and the grave.

Now came the feast day of the week as it began to come daylight while it was still quite dark, Mary Magdalene, Joanna and the other Mary came to the sepulchre, found additional quantities of spices and as they neared the tomb they observed the stone which had sealed the entrance of the cave, for the tomb was a cave, and they immediately ran to tell Pilate and the others. They found Peter and John, Mary, out of breath and speaking with difficulty made the facts known to Peter and John. They started on the run for the place where Jesus had been buried and as Peter was considerably advanced in years and John a young man, John did easily outrun Peter, but when he had gotten to the tomb he looked in but did not enter. Then came up Peter and entered immediately for Peter did things and then, counting the consequences later. Then entered John and they both saw the linen clothes which had been wound around the Lord lying where He had lain. As they did not understand that Christ must arise from the dead and they went to their homes. Now Mary had returned and as she did so she looked into the sepulchre and saw the linen clothes on the floor and also two angels, one at the head and one at the foot of where the Lord had lain. They say unto her, He is not here. He is risen from the dead.

Many were not able to realize the fact of His resurrection and as she sat thus weeping, the Master himself appeared from behind her and said, Woman, why weepest thou. She said, They have taken my Lord's body and I do not know where it has been placed, and thinking him the caretaker of the rounds, said unto Him, Tell me where you have put Him and I will go and get him and care for Him. The Master said unto her, "Mary," the old accents, like when He had lived before the crucifixion and was immediately recognized and she said, Rosone, which meant teacher.

As Christ had said, I laid my life down for Him, I take it up again. It was little the true import the disciples had of the things which the Master had told them, but they had not understood. That same evening as two were dropping from Jerusalem to Emmaus, he dropped in with them on the way and asked what troubled them. They told him of the crucifixion and explaining their hopes that He should have been the king of Israel and as He walked He explained the scriptures. How the Lord must die and be raised from the dead.

They stopped at their home and asked Him also and to take supper with them. As He broke the bread and offered thanks their eyes were opened and they knew Him and he immediately departed from them. This is in part the testimony of the resurrection of the Christ after He was crucified.

Saul of Tarsus who later became Paul the Apostle, the gentiles testified that Jesus was the Christ, the Son of the living God and arose triumphant from the grave, this being beyond a doubt.

Paul had been one who had claimed that Christ was an imposter, but when his eyes were opened, he testified and before King Agrippa, that this was the essence of the gospel, the resurrection was the verifying of the life of Christ and the proof that he was the Son of God. This is the hope of every Christian, that as Christ arose from the dead, so in like manner must we be raised. Otherwise the Scriptures are of no force.

But we know in truth that Jesus, the Christ came as a babe, lived as a man, the messenger of high heaven, was crucified and rose from the dead and is now at the throne of the Father, an advocate for all who believe on his name.

Eight grade examination questions are prepared by the state department and mailed out to all counties in the state. They are the same for all counties so there would be no difference in the examinations given, except in the place where they are conducted.

Thirty-five thousand circulars containing these examination questions will be given March 19 and 20 are now being prepared and will be sent out within a few days.

Mrs. W. H. Venner and daughter, DeElla, were among those going to Omaha this morning to spend a few hours looking after some matters of business.

Sidney Bell of the Plattsmouth Motor company was among the visitors in Omaha today, going to that city on the early Burlington train to spend a few hours with friends there.

## MAY FACILITATE COUNTY EXAMS

State Superintendent Urges That All Large Counties Be Districted.

County superintendents in the state are urged by State Superintendent John Metzger to institute a system of conducting county eighth grade examinations which will make it more convenient for pupils in the larger counties.

Matzen urges that in large counties, where children are compelled to travel long distances to the county seat to take the examinations, the county superintendent should divide the county into several districts and conduct examinations March 19 and 20, in these districts.

under the supervision of someone appointed by the county superintendent.

He suggests that divisional examinations be held at schools in towns where more than eight grades are maintained. The examinations would be conducted by the principals of these schools rather than under the direct supervision of the county superintendent.
