GIVEN HAPPY SURPRISE ON ANNIVERSARY

Mr. and Mrs. H. E. Heil, Residing South of Cedar Creek, Paid a Surprise Visit to Friends.

From Saturday's Daily—
Mr. and Mrs. H. E. Heil were made the recipients of a very happy surprise on the 13th anniversary of their wedding on Saturday evening, March 14. Baskets of lunch were brought in and everyone came with the intent of putting on a regular celebration in honor of this important event.

Mr. Heil and wife were much surprised, but gave their guests a hearty welcome and extended them every hospitality and entertained them royally. Some fine music was furnished by the host on the violin, accompanied by Philip Hennings on the piano, while Charles Hennings delighted everyone with his accordion music which Henry Field has brought into great popularity. A player piano in the home was also in much demand and the evening passed swiftly with music, conversation, card games and other social diversions for young and old. There were about 100 present.

A hearty supper was served at midnight to which all did ample justice while the hostess made some delicious coffee and received many compliments on this favorite brew. The supper was served cafeteria style.

Mr. and Mrs. Heil lived near Manley until five years ago when they purchased their present farm home, which is known as the Dr. Polk farm, south of Cedar Creek. Mr. Heil has greatly improved this farm and has remodeled the house and they have a very comfortable and attractive home. Mrs. Heil was formerly Miss Minnie Jochim, one of the popular young ladies of this vicinity. They have a fine family of two daughters and one son and are prospering and enjoying many blessings and have the respect and friendship of all who know them. They received some very beautiful presents in token of the high regard of their friends and were showered with good wishes and congratulations.—Louisville Courier.

ON THE SICK LIST

From Saturday's Daily—
Mrs. Emma Morrison and Mrs. Frank Emory Pfoutz are numbered among the sick the last few days as the result of the prevailing malady of flu that has kept them confined to their homes for the greater part of the past week. While the condition of the ladies is not serious it is very annoying and keeps them from getting around.

A TALK WITH A PLATTSMOUTH MAN

Mr. Hassler Tells Something of Interest to Plattsmouth Folks

There's nothing more convincing than the statement of someone you know and have confidence in. That's why this talk with Mr. Hassler, of 5th and Oak streets should be mighty helpful here in Plattsmouth.

Wm. Hassler, who is proprietor of the blacksmith shop on North 5th street, opposite the postoffice, says: "Straining work weakened my back and sharp stitches took me across my kidneys. My back was stiff and lame at times. I used Doan's Pills from Weyrich & Hadra's drug store and they strengthened my back." (Statement given May 13, 1920.)

On November 10, 1924, Mr. Hassler said: "I find that in my advanced years, an occasional use of Doan's Pills keeps me feeling my best at all times."

Mr. Hassler is only one of many Plattsmouth people who have gratefully endorsed Doan's Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S PILLS, the same that Mr. Hassler had—the remedy backed by home testimony. 60 cents at all dealers. BAD FIRE AT NEHAWKA THIS WEEK

Home of M. N. Tucker and Family Destroyed in Bad Fire on Last Wednesday Afternoon.

From Saturday's Daily—
Boys playing with matches—fire home burns! That perhaps tells the whole story in the simplest manner of the fire which destroyed the beautiful residence of Mr. and Mrs. M. N. Tucker in Nehawka Wednesday afternoon. A couple of small boys started a fire in the weeds and grass south of the residence and with a stiff breeze prevailing it soon spread to an outbuilding within a few feet of the house. The shed contained a number of boxes which were full of rubbish and it burned very rapidly. The flames from this building soon caused a blaze to break out under the eaves of the residence and it was soon a mass of flames and burned to the ground. The fire started about four o'clock and two hours after it had burned to the foundation.

A large number of men formed a bucket brigade but were unable to cope with the situation owing to the fire originating at such a difficult place to get access. When it was seen the building could not be saved, everything was carried from the building. As the place has not been occupied by the owners, very little furniture was in the house. Such fixtures as in the bath room, kitchen, along with the radiators and the machinery operating the water system in the basement were saved.

The heat from the burning building threatened the John Doty property across the street north, but by wetting the roof it was not damaged. The Doty property is occupied by M. H. O'Dell and family and their household effects were carried from the house to insure saving it. After an hours time, however, it was again carried back into the house.

By the time the crowd had gathered the house had only commenced to burn and had there been the slightest means of fighting a fire the house would not have burned. Many state a small stream from an ordinary garden hose would have easily saved the structure. The chemical cart was taken to the scene but as soon as the pressure was turned on the hose burst and it was unable to throw a stream high enough to reach the blaze. Had the hose on this machine been in good condition, this beautiful home would still be standing today.

This was one of the largest residence buildings in Nehawka and the interior finishing was being completed as any home in this community. Insurance was carried on the place but it is not known at this time whether it was still in force or not.—Nehawka Enterprise.
