MANLEY NEWS ITEMS

DEATH OF SECTION FOREMAN OCCURS AT MANLEY, NEB.

W. E. Jones, One of the Well Known Employes of Missouri Pacific, is Called by Death.

The death of W. E. Jones, section foreman of the Missouri Pacific at Manley, occurred quite suddenly in that place some time late Monday night, the members of the family not being aware of the passing of the husband and father until the following morning when they attempted to arouse him at the usual hour to go to work and discovered that he was stilled in death.

Mr. Jones had complained some during the day Monday of what he thought was heartburn, and which at noon was bothering him in a great deal. Returning home in the evening he had taken a small dose of soda in the hope of giving him relief and had not complained again of the trouble, retiring at the usual hour, apparently in his normal health.

When his death occurred none of the family knew, as there was no sound made by the father, he having apparently passed peacefully away. The deceased was born in Paducah, Kentucky, July 27, 1861, and he has followed railroad for the greater part of his lifetime and was located for a number of years at Pueblo, Colorado and Casper, Wyoming, engaged in the maintenance of ways departments of the railroads at these places. He had been with the Missouri Pacific for the past eleven years and was first located at Louisville, going to Manley a year ago, where he has since made his home. "Cap" Jones, as he was well known to his associates, was a very well liked man and one who was held in high esteem by those who knew him best.

There remain to mourn the death of this good man, the wife and eleven children, W. R. Jones, Pueblo, Colorado; Mrs. Marie Clark, Omaha; Robert Jones, Louisville; Lemar, Hazel, Beatrice, Claudia, Albert, Helen and Richard, all of whom live at Manley.

The funeral services were held yesterday at Louisville and the interment made in the cemetery at that place.

Miss Rena Christensen, who has been visiting with friends in Omaha for some time past, returned to her home near Manley last week.

Mr. and Mrs. W. J. Rau were visiting in Lincoln for last Saturday and remained for Easter, where they enjoyed the occasion with friends very much.

J. H. Rauth and wife were visiting in Plattsmouth last Wednesday evening where they were called to look after some business matters for a short time.

August Stander and wife were guests last Sunday, Easter, at the home of Mr. and Mrs. C. E. Mockenhaupt, where all enjoyed the day most pleasantly.

Miss Anna Rauth, who has been visiting at home for the past week, returned to her studies at the school at York, after having enjoyed a very nice visit while here.

Otis and Arnold Schliefer and their families were visiting and looking after some business matters in Omaha on last Thursday, they making the trip in their auto.

On last Wednesday Louis Krecklow and family and Harold Krecklow, departed last Wednesday for Milwaukee, where they are expecting to make their home in the future.

Frank Bergman was a visitor in Plattsmouth with his family last Easter Sunday, where they went to enjoy the worship at the St. John's Catholic church and also visited with friends there for the day.

R. Bergman was a visitor in Omaha last Thursday, where he was called to look after some business matters for the day and while he was away, Teddy Baker was looking after the business at the store.

Walter Mockenhaupt and wife with their little son were enjoying a visit at the home of the parents of Mrs. Mockenhaupt, Mr. and Mrs. John Tighe, for Easter, and they attended the church services there on that day.

Misses Margaret and Anna Murphy, who are making their homes in Omaha, were visiting at the home of their mother, Mrs. Charles Murphy, over the Easter season, coming down last Saturday a week and visiting for a number of days with the mother.

John C. Rauth and daughter, Miss Anna, and Herman Rauth and wife and Miss Rena Christensen were attending church services at Plattsmouth last Sunday, they driving over in their car and following the services were visiting for the day with friends.

A. H. Humble was one of 2,000 who attended a meeting for a concert and recreation of the Missouri Pacific employes which was held at Falls City last Tuesday and while he was away, W. J. Rau looked after the business interests of the Missouri Pacific here.

C. E. Mockenhaupt and wife and Walter Mockenhaupt and family were visiting for a short time one day last week at the home of P. A. Mockenhaupt and family near Greenwood, where they went to see Mr. Peter Mockenhaupt, who has not been to the best of health for some time, but who it is reported is feeling quite a bit better at this time.

A. H. Humble, agent for the Missouri Pacific, at the death of Capt. W. E. Jones, appointed Fred Kreck-

low as section foreman for the present until those having the matter in hand should get around to make a permanent selection. Mr. Humble made an excellent selection for the position, for Mr. Krecklow will look after things for the best for the largest railroad in the United States, the Missouri Pacific, during the time until other arrangements are made.

Will Play Real Ball

The people of Manley and vicinity who are real sports when it comes to baseball, have organized and will put on a winning team as they always do, and will be prepared to accept and play any team in Cass county, and when any one is ready they will find Manley ready for the testing of the mettle of the Cass county ball players.

Manley the Clean Town

Manley is assuming new life, and while she has always kept her village streets and residence properties looking neat and trim, she is now, under the co-operation of all the citizens and with the concentrated efforts of the Manley Commercial club, putting forth a special effort to make the town and business better. The town wants a drug store and a garage at this time and will offer facilities for the coming of any one who wishes to add to the betterment of the town as a business place, and also assures the world that this is a good place for the establishment of a home.

Married Near Avoca

Lawrence Barhardt, one of the excellent young men of Manley was united in marriage with an excellent and very talented young lady by the name of Meyer, who has been residing near Avoca, the marriage being celebrated at her parents home near Avoca last week. The Journal joins with the many friends of this young man and the winsome bride in wishing them long life, prosperity, happiness and service to humanity.

Held Excellent District Meeting

The members of the Manley Royal Neighbors of America entertained most royally the members from Murdock and Weeping Water on last Wednesday afternoon and evening when the district convention composed of the camps of Weeping Water, Elmwood, Murdock, Louisville and Manley met at the Manley hall. The business calling the members together was first attended to when the social side of the gathering came into prominence and a most enjoyable time was had, which was followed by a program and the entertainment which was a feature, which were most thoroughly enjoyed by all for such an abundance of good things to eat there seemed to be no end of them, for all know the Manley ladies are strong for good eats and plenty of them.

CEDAR CREEK

George Lohnes was erecting a new wash house which will be an added convenience to the home.

Howard Johnson was resting for his business comes mostly at night, and which he says is quite good at this time.

George Madden, who has been working on his house for some time, is getting it in shape and almost completed and which is making a most comfortable home.

Henry Heeber has been working on his car, which has not been doing the best for some time and as Henry must spend Sunday at Murray, he likes to have the car working nicely.

Andy Thompson is having a new platform put on his scales at the elevator office, which has been needing it and this is an excellent time for the work as the movement of grain is very light.

Jacob Fornoff and wife, who have just gotten comfortably settled in their new home, are entertaining two grand children of Mrs. Fornoff, they being children of Mr. and Mrs. Reuchstach of Plattsmouth.

The field representative of the Journal was a visitor at Cedar Creek on Friday last and found that village stirring in nice shape. Robert Stivers, the efficient salesman at the Ault store, was rustling as he always is, and by the way Bob is a good business man and always ready to accommodate all comers.

Mrs. George E. Sayles is having some repairs made at the home in the city of Plattsmouth, which was being done by S. J. Reames and Mrs. Thompson her daughter, while Andy Thompson was painting a new screened in porch which they are erecting in the rear of the home.

Otto Peteret was in and left a number of plow shares for sharpening at the Johnson blacksmith shop, which by the way is a very busy place. Mr. Johnson having about all he can do, while Otto went to Plattsmouth to look after some business and returned via Cedar Creek for the work in the evening. He is getting ready for the planting of corn, which is not very far away at this time.

Celebrates Birthday

On last Friday, April 13th, Mrs. Gransel S. Sayles celebrated the passing of her 74th birthday anniversary by making some extensive repairs on her home. Mrs. Sayles received some pictures from her granddaughters, Mrs. Honor Young and Mrs. Frances Marshall, both of Dayton, Ohio, the pictures being those of their little granddaughters, which were some very cute looking youngsters, great-grandsons of Mrs. Sayles.

ANNOUNCES DANCE SATURDAY

Jack Marvin and his band of musical joy producers who were here on Monday evening to play at the Elks dance, is returning to this city to play at the dance to be given at the Eagles hall on Saturday evening and which is to be open to the public. The New York Melody Men as they are termed made a very pleasing impression on the dancing public and their re-appearance here in the public dancing circles will be the occasion of a great deal of pleasure.

PURCHASES NEW TRUCK

From Saturday's Daily—

P. W. Elliott, who is now conducting business here has a fine Mason Road-King truck that he is using for the use of his line and which is a large and massive truck capable of handling much hauling. Mr. Elliott last evening had a load of 5,100 bushels of wheat on the truck which was hauled in fine shape and the massive truck carried the load along very easily.

EMPLOYMENT CONTINUES ITS UPWARD TREND

Washington, April 16.—General upward trend in employment noted in February by the employment service of the labor department continued in March with a satisfactory condition resulting throughout the entire country.

The employment service in a bulletin made public tonight said there was a brisk demand for farm labor in all farming sections and that there also was increased employment in building trades.

Employment in industry showed a less pronounced increase, although industrial plants were reported operating steadily.

SERUM BY AIRPLANE FAILS TO SAVE GIRL

Sterling, Colo., April 17.—An airplane shipment of anti-tetanus serum from Denver, which arrived here on Wednesday, failed to save the life of 8-year-old Alberta White, stricken with lockjaw.

Yesterday physicians announced that the additional serum units would save the girl's life, after she reacted favorably to the first injection.

A relapse today, however, brought death.

SEED CORN FOR SALE

About ten bushels St. Charles seed corn; picked before the frost came, and will test 98 per cent.

LINCOLN BOY HAD A BRILLIANT MIND

Clayton Barber, Who Died Tuesday, Was Able to Surmont Physical Handicap Thru His Intellect.

The brilliancy of intellect of Clayton Barber, son of Mr. and Mrs. J. C. Barber, who passed away Tuesday, has made his early going seem to those who knew him a tragedy although he was hopelessly crippled as a result of an attack of spinal meningitis five years ago. The lower part of his body had since been paralyzed, leaving him no power to turn or move on his bed. The courage with which the young man, who was only twenty at his death, rose above physical disability, aroused admiration and respect from many in Lincoln who did not know him personally.

During his high school days, Mr. Barber had been prominent in athletics. He was a handsome boy, tall and well formed. The family were then living at Sterling, but in earlier days had been residents of this city. After realizing that his school days were over, the boy took work in the University of Nebraska extension department and the aroused the personal interest of the instructors through superior quality of what he wrote. One of the teachers visited him at Sterling and arranged for him to undertake correcting work in English. Last year the family moved to Lincoln, making it easier for him to continue as a reader for the extension department. His mother, before her marriage, was Miss Josephine Tourtelot of Lincoln.

His cheerfulness and friendly disposition brought him the friendship of many young people who saw that he was carried to the auditorium for numbers in the great artist course and other events in which he had deep interest. He was present at the auditorium the night Pavlova appeared and the figure lying at the side under the north balcony attracted the interest of the Russian danseuse, who gave him an autographed photograph and promised a place of usefulness in the world—State Journal.

Mr. Barber was a nephew of Mrs. William Baird of this city and who has been at the home of the bereaved family in Lincoln since Tuesday to aid them in their hour of sorrow and grief.

GREEN WILL STUDY TAXES IN EUROPE

Ways and Means Chairman Preparing for Effort to Trim U. S. Taxes the Coming Year

Washington, April 16.—Representative William R. Green of Iowa, chairman of the ways and means committee, left tonight for New York, where he will sail Saturday for Europe to study the tax system of England, France and Germany.

Chairman Green will make these studies in preparation for the drafting of new revenue legislation for the United States. He has called his committee to meet October 19 to begin framing a tax reduction measure which is estimated will save the taxpayers \$300,000,000 a year.

The plan is to have this legislation ready when congress convenes in December and rush it through in time to take effect before the time for filing returns next March on the year's income.

Tariff questions will not be considered until after the tax bill is out of the way. Then it is planned to adjust and simplify some of the administrative features of the Fordney-McCumber law. No general revision of tariff rates is contemplated.

Chairman Green said he particularly desired to investigate England's methods of collection and settlement of taxes which make it much simpler and easier for the taxpayers than here. He wants especially to make all settlements between the government and the taxpayer final, so they will not be reopened at a later date, to the great vexation of business firms.

NEW BOOKS AT THE LIBRARY

The Public Library has some very interesting books just placed on the shelves for the readers who enjoy something more than fiction for their summer reading:

"Tales from Nature's Wonderland," by W. T. Hornaday, being an account of prehistoric monsters, of strange living animals and of familiar parts of the world from the canyon of the Colorado to the forests of Borneo and the mountain peaks of South America.

"African Game Trails," by Theodore Roosevelt, being an account of Roosevelt's famous trip to Africa and the game he shot while on this trip.

"A Peoples' Life of Christ," by Patterson and Smith, this is a wonderful account of Christ's life while on this earth, written in so clear a manner that it affords keen enjoyment to the younger as well as the older readers.

"Science Remaking the World," by Carl Wall-Sloves, a book affording information and pleasure to those interested in what has been done and is doing in the world today.

"Vanished Halls and Cathedrals of France," a very beautiful book that explains just what it is, but must be seen to be thoroughly appreciated, this book will be placed in

STEPHENSON HOME IN IRRINGTON, A SUBURB

Fire department officials told of finding several receptacles containing a mixture of gasoline and oil.

There also was further activity by the March county grand jury which recently returned five indictments against Stephenson in connection with the alleged attack on Miss Oberholzer. Court attaches indicated new indictments might be returned.

WHAT ONE CUSTOMER HAS TO SAY ABOUT OUR Single Comb Rhode Island Reds

Nehawka, Nebr., March 15, 1924.

Friends:

Received your letter last week. Were glad to hear from you folks. The chicks we got from you last year certainly have done well. They are such a rich dark red and we had such excellent luck with them. They have been real healthy and we get lots of eggs. We surely would like to have some of the chicks. When will they hatch? Will be glad to come for them whenever you say. Will take 60 or 100 as you can spare them.
