COLUMBIAN SCHOOL HAS FINE TIME

Parent-Teachers' Association of that School Entertain at Social Evening Last Night.

From Saturday's Daily—
The Parent-Teachers' association of the Columbian school held a very pleasant social evening at the school building last night that was well attended by the members although sickness prevented a number from being able to be out and enjoy the occasion as they might have desired.

The committee in charge had arranged a most delightful program that gave an opportunity for the display of the excellent talent of a number of the residents of the city and proved the source of much enjoyment to all of the members of the association and their friends.

Frank A. Cloldt and Raymond C. Cook were each heard in a vocal solo that was most appropriate to the occasion and in which these talented gentlemen were heard at their best.

Little Miss Maxine Cloldt also delighted the audience with a solo dance that was one of grace and artistic beauty and very charmingly offered.

The pianologue by Bernese and Marjorie Arn was also one of the enjoyable features of the evening's program and warmly received by the audience.

The program was also enhanced by the delightful violin solo of Mrs. Lillian Caldwell that was one filled with beauty and artistic touch and well worthy of this talented lady.

During the program, Miss Mildred Meisinger also gave a reading that was most enjoyable and very cleverly presented.

After the program there were dainty and delicious refreshments to add to the enjoyment of the members of the party and a social hour spent by the members of the party before wending their way homeward after an evening of the most pleasing nature.

PLATTSMOUTH MAKES VERY GOOD SHOWING AT IOWA TRACK MEET

George Perry Hangs Up a First for Local School in Pole Vault—Several Seconds Taken.

From Saturday's Daily—
Yesterday the track meet of the Plattsmouth, Glenwood and Malvern high schools was held at the Mills county fair grounds at Malvern and attracted quite a number from the three towns to enjoy the fine array of spring events that had been arranged by the athletic department of the three schools.

This was the first season that Plattsmouth has participated in the track work and their showing was particularly pleasing in view of this fact and the members of the track team acquitted themselves with high honors at the meet.

The outstanding star of the Plattsmouth team was George Perry, who secured the only first captured, by his winning the pole vault, and also registered third in the javelin throw in the first place.

In the 100 yard dash Clyde Graves won second place and also was third in the 50 yard dash, the time being very fast and the first won by Glenwood.

In the discus throw John Nelson was winner of second place with a fine exhibition of skill and strength.

The Plattsmouth relay team composed of Joe Buttery, Francis Robb, Clyde Graves and LaVern Glaze, carried off second honors with Glenwood in first place.

The meet was an unqualified success in every way and the participants had a very strenuous afternoon of sport, that developed some very fast high school records and will be a great boost for these track sports at all three of the schools.

The members of the team going from this city were, Joe Buttery, LaVern Glaze, Clyde Graves, John Nelson, George Perry, Francis Robb, Sterling Hart, Mynard Tritsch, "Ham" Meisinger, James Jean, Joe Krejci.

STILL FEELING POORLY

From Saturday's Daily—
The reports from the St. Catherine's hospital in Omaha state that Mrs. Ida Tritsch, who has been there for some time past, is still about the same although there is some indication of a slight improvement.

The patient is still bedfast and unable to use her lower limbs that seem to have been affected by a slight stroke which has deprived her of their use.

With the present condition of the patient it may be possible that she will be allowed to return home to the farm to be cared for there and taking treatments which, it is hoped, may give her back the use of her limbs.

The patient has continued quite cheerful and visited by the members of the family constantly to look after her care and condition.

PURCHASES NEW CAR

From Saturday's Daily—
George A. Kaffenberger, of Lincoln, while in the city this week made the purchase of a fine new Willys-Knight brougham from the firm of John Bauer & Co., the local representatives of the Willys-Knight company. The car is a beauty and was driven back to Lincoln by Mr. Kaffenberger and will afford a real delight to the family in the coming summer as they will be able to travel at will in the fine machine. It is also pleasing that a resident of Lincoln should come to Plattsmouth to secure a car, showing that our local dealers can compete with those of any other place.

HAY FOR SALE

Ealed prairie hay for sale.—Chiford Roberts, phone 2913. a20-4sw

CASE IS AFFIRMED

From Saturday's Daily—
The supreme court yesterday affirmed the case appealed from Cass county in which W. F. Gillespie and Morgan Waybright were the plaintiffs and the defunct Bank of Cass county the defendant through its receiver. The decision of the district court here in the case gave the Bank of Nelawka the first lien on the O. K. garage building in the city, the Bank of Cass county and the First National bank, second lien on the property and the plaintiffs, Gillespie and Waybright, a third lien. Attorney W. A. Robertson of this city was special trustee for the property and was also made one of the party defendants. The property was sold by the trustee on the order of the court and which has since been affirmed by the state court.

PLATTSMOUTH LOSES TO BLAIR HIGH IN DEBATE

Last Home Debate of Season Goes to Visitors on League of Nations Subject.

From Thursday's Daily—
Last evening the debating team of the Plattsmouth high school was the loser in the last of the series of debates that will be held this season at the local school, losing to the team from Blair high school.

The subject for debate in the high schools of the state this year has been, "Resolved that the United States Should Enter the League of Nations," and in the discussion of this subject the Plattsmouth team was given the affirmative to defend while the opposite to the league entrance was given by the visitors.

The Plattsmouth team was composed of Willis Hartford, Damian Flynn and Helen Wescott and the young people made a very able presentation of their side of the question.

The judges of the contest were H. M. Eaton of Omaha and Mr. Strimble, coach of the South high team of Omaha.

The last debate of the season will be held on April 28th at Syracuse and the debaters will then enjoy a rest until the next season.

This course of study has proven very beneficial to the young people of the school and made them most efficient in handling the discussion of public affairs and has had a very broadening effect on their studies of the current topics of the day.

PLANS FOR BUILDING AT UNIVERSITY GOING AHEAD

The sum made available by the state legislature for university buildings will be expended so far as the laws permit as though it were part of a ten-year program. Chancellor Avery states through an article in the Nebraska Alumnus, "Already steps have been taken for a revision of the city campus plans adopted ten years ago and in part carried out. The new plans will be on a more extensive basis than the old ones. They will be drafted in such a manner that they can be seen and understood better by the alumni and the people of the state. The buildings will be designed and located so that they will form a pair of an ultimately harmonious whole."

Approximately \$600,000 of the \$900,000 appropriated for buildings by the legislature, will probably be expended within the next two years for buildings on the city campus, according to the chancellor. Remaining \$300,000 is expected to be used for the agricultural college and medical college at Omaha. Some campus dormitories will be destroyed to make room for new buildings. The old T street dormitory, the most antiquated of the campus buildings, already been vacated and is being wrecked. R street dormitories may be removed if the locations are desired for new buildings.

The new buildings prominently suggested to come near the first on the program are a library, museum, dental building, electrical engineering, heating and power plant, school of fine arts and auditorium in one building, observatory, gymnasium and business administration building.

DAWES RODE WITH REVERE

Chicago, April 16.—Vice President Charles G. Dawes departed today for Boston to attend the sequential celebration of the battles of Lexington and Concord and the historic ride of Paul Revere. Incidentally, on next Monday, the vice president plans to drive over the route taken by his great, great grandfather, William Dawes, who rode to warn the minute men, as did Revere, although historians generally have mentioned only Revere.

Private Paul records, including Paul Revere's own letters, show that William Dawes was one of the riders who aroused the sleeping farmers of Middlesex county of the approach of the British after the signal lanterns had been set in the belfry of the old North church. In the famous old church, Vice President Dawes on Saturday night will deliver his only speech, although he has planned to appear at nearly all of the public events in connection with the celebration.

Mrs. Dawes accompanied the vice president.

SUIT TO QUIET TITLE

From Saturday's Daily—
This morning an action was filed by Attorney W. A. Robertson in the district court entitled William A. Becker et al., vs. Hamille B. Sprague et al., in which the plaintiffs seek to have title to certain farm lands in Cass county quieted in them as against the defendants.

OPEN GULF TO BORDER SKY MAIL ROUTE

First Plane, With \$3,000,000 in Registered Mail, Flies Over New Course in About 11 Hours.

Chicago, April 17.—The first air mail flight from the gulf of Mexico to the Great Lakes was successfully completed here at 4:20 this afternoon when the relays of pilots who started from New Orleans at 5:39 in the morning, landed here with registered mail valued at more than \$3,000,000.

Postoffice authorities and air mail officials who observed each stage of the flight said that it was a complete success and that if such a service were made permanent it would break a saving of from one to two days in bank clearings to the west.

The mail matter brought in the plane reached here in time to make connections with the regular transcontinental air mail service westward tonight and mail matter which for the past night and also may be being rushed through the night towards the Pacific coast. The mail matter eastward bound reached here in time to make connections with fast express trains leaving Chicago for the east tonight and also may be placed aboard the eastbound mail plane arriving here in the morning.

The trip, according to pilots arriving here, was almost uneventful as far as the last leg of the journey was concerned, they were ahead of schedule most of the way and landed at the Maywood field here ahead of time by 10 minutes. Six mail bags containing bank clearings for the most part, were brought here. The plane on arrival was met by city and postoffice officials.

Sky Mail Schedule.

The sky mail left New Orleans at 5:39 for Mobile with Lieut. R. D. Snapp piloting, passed over Mobile at 7 a. m., arriving at Montgomery Ala., at 8:30, where the mail was transferred to a machine piloted by Capt. Aas N. Duncan. Captain Duncan reached Birmingham at 9:30, departing 25 minutes later for Nashville.

Nashville saw the air mail drop from the clouds at 11:37 a. m., and at 12:01 in a drizzling rain. Lieutenant Meloy and Captain Fox hopped off for Louisville. The stop at Louisville consumed 15 minutes and the fliers were again in the air at 1:49, bound for Indianapolis.

TAX ON LIFE INSURANCE

Washington, April 16.—The right of the government to tax \$424,000 of life insurance left by Henry C. Frick, Pittsburgh iron and steel magnate, to his widow and daughter, was argued today in the supreme court. The government, holding that this insurance is taxable as part of the Frick estate, is seeking to compel the executors to include the amount in the total for determination of the estate tax payment. The lower court will not be required to pay any tax whatever upon the money they received under the insurance policies, it having been established by a long line of precedents that proceeds from life insurance policies, as such, are not income and therefore not taxable.

The importance of the case was emphasized by numerous briefs filed in the court by counsel representing large estates. These briefs declared the case would have an exceptional bearing upon the question of the liability of trusts created during the lifetime of persons with large property for the benefit of persons who would otherwise have inherited the property included in the trusts upon the death of the donor. One of the briefs was filed by the trustee of a trust created by William Waldorf Astor, in which a large amount of property was placed for the benefit of the sons of Waldorf Astor and of John Jacob Astor.

U. S. OFFERS ADVICE IN HONDURAN REVOLT

Washington, D. C., April 16.—Incursions across the Nicaraguan-Honduran border by bandits who have operated in Honduras at times in the guise of revolutionists has prompted the suggestion by the Washington government to the Nicaraguan authorities that such offenders should be dealt with as criminals, and be extradited and tried under criminal law.

ENJOYS SOCIAL EVENING

From Saturday's Daily—
The members of the "X club," composed of students of the high school, had a very pleasant time last evening when they were entertained at the charming country home of Mr. and Mrs. L. H. Puls, near Murray, being the guests of Harley Puls, one of the members of the popular social organization.

The auto trip from this city to the Puls home was one of the greatest pleasure to all of the party and on their arrival at the home they found an evening of rare enjoyment awaiting them.

The time was spent in dancing as well as the enjoyment of a delightful informal school gathering that served to keep everyone in the jolliest of moods until the close of the evening.

Dainty refreshments, served at an appropriate hour added to the enjoyment of all of the young people in attendance at the event.

FATHER SHINE IMPROVING

From Saturday's Daily—
The friends over this locality will be pleased to learn that Father Michael A. Shine, rector of the St. John's Roman Catholic church in this city, is now doing very nicely at the St. Catherine's hospital in Omaha, where he has been for the past few weeks. Father Shine has been showing signs of much more strength in the past few days and which have proven most encouraging to the attending physicians. His case has been a most serious one and required a very delicate operation that was a severe ordeal to the rector who has not been in the best of health for some years past.

SOFIA DEATH TOLL NEAR 150 OR MORE

Hospitals Crowded With Injured; Some Victims So Badly Hurt as to be Unrecognizable.

Sofia, Bulgaria, April 17.—The toll of dead from the explosion of a bomb in the roof of the Sveti Kral cathedral, while funeral services were in progress yesterday for General Georgeff, who was slain in the streets of Sofia Tuesday night, stood at 150 tonight, but the figure is likely to be added to, as many of the injured are in a critical condition.

Hospitals and clinics are crowded with injured, some of them so badly hurt as to be almost unrecognizable. It has been found impossible to identify some of the dead and these have been placed in a mortuary chapel.

With the exception of Minister of Interior Rousseff, all of the members of the cabinet, who were present at the funeral services, escaped with only slight injuries. They owe their lives to the fact that the internal machine was concealed in the roof near the side of the cathedral, while they and the other prominent personages were assembled around the catafalque in the center of the edifice, a detail which had been overlooked by the perpetrators of the outrage.

Among the identified dead are the mayor of Sofia, M. Paskaleff, former Minister of War General Davidoff, Prefect of Police Kisoof, M. Medelcoff, prefect of the department in which Sofia is situated, and Deputies Colonechef, Ratchef and Lekarski.

It is the assumption of the police that Agrar-Communists to whom the authorities attribute the outrage in assassinating General Georgeff, counted upon the assembling of the funeral of all the prominent persons attached to the existing regime, thus affording an opportunity for wiping them all out at one time.

CHARGED WITH POSSESSION OF LIQUOR

From Thursday's Daily—
This noon, Sheriff E. P. Stewart and Constable J. C. Brittain visited the soft drink parlor of Gideon Archer on a search warrant and after searching the place found a very small amount of liquor that was unearched after a very thorough frisking of the place.

This afternoon, County Attorney W. G. Kieck filed a complaint Mr. Archer, charging him with possession of liquor as there was no evidence of any sales secured.

This afternoon before Justice William Weber, the complaint was heard and Mr. Archer pled guilty to the charge of possession and received a fine of \$100 and costs.

MR. MEVEY STILL POORLY

The condition of Jesse Mevey, aged resident of this county, continues very serious, the reports state, the patient being quite weak and suffering a great deal from the attack of grippe and flu from which he has been suffering for some time past. Mr. Mevey is at the Hotel Perkins where he has made his home for a number of years and is being given all the attention and care possible but his age and condition makes his recovery very doubtful, although all that is possible to do to give the patient relief is being looked after and the friends are hoping that their old associate may be spared to them.

REED MAKES PLEA FOR BROAD RULING ON PRESS FREEDOM

Asks Supreme Court to Give Clear Decision on Right of Free Speech.

Washington, April 17.—After an eloquent argument by Senator James A. Reed, democrat, Missouri, in defense of the freedom of the press, the United States supreme court this afternoon took under advisement the cases against the publishers of the Kansas City Journal-Post and the Baltimore Post for the alleged violation of the 1924 revenue act in publishing amounts of income tax paid the government by various citizens.

Solicitor James A. Beck appealed to the court to base its ruling upon the construction which it should place upon what he termed two irreconcilable sections of the revenue act, but Senator Reed, calling the court's attention to the severity of its rulings on the freedom of the press, asked that a broader opinion be handed down on this fundamental question.

"The question," said Senator Reed, is this: "Is there any power vested in congress to place restrictions upon newspapers in publishing what is public news? I say there is none."

Mr. Reed recounted the history of the struggle for liberty of the press in England from the time of the first newspaper in 1622, down thru the famous Zenger case of colonial days, which set a precedent in American law. He told how Alex Leighton and William Prynne in the seventeenth century, had had their ears cut off, were pilloried and whipped, imprisoned and fined for publishing criticisms of the government and customs of the government and protesting thongs that gathered about their stocks as the inaugurators of the freedom of speech in England.

Mr. Reed took issue with the government's contention that the constitution, by prohibiting congress from passing laws restricting free speech, intended to fix the liberty of the press by the common law which preceded it and which strictly circumscribed the freedom of speech.

"If that contention be true," he said, "then the revolution was a failure and the adoption of the constitution was a solemn farce. We contend that the freedom of a citizen is inseparable from freedom of conscience, of speech, of the press and of the right of peaceable assembly. The right to write and to print is but an extension of the right of speech, for it is only one other means of communicating ideas by words. It is impossible to form any concept of liberty that does not embrace these great natural rights."

MRS. SWANSON PASSES AWAY

From Thursday's Daily—
This morning, Herbert Swanson, who had returned to his work in this city yesterday, received a call to return to his parents' home at Hamburg, Iowa, where his mother has been very ill for several days past, reaching there just a short time before the death messenger came to still her suffering. Mrs. Swanson passing on at 10 o'clock.

The death comes as a severe blow to the members of the family as it had been thought that there was some improvement in the condition of the mother and that it would be possible in a few days to have her taken to the hospital in Omaha to undergo an operation, but a very sudden change for the worse during the night brought on the renewal of her attack of heart trouble that proved fatal.

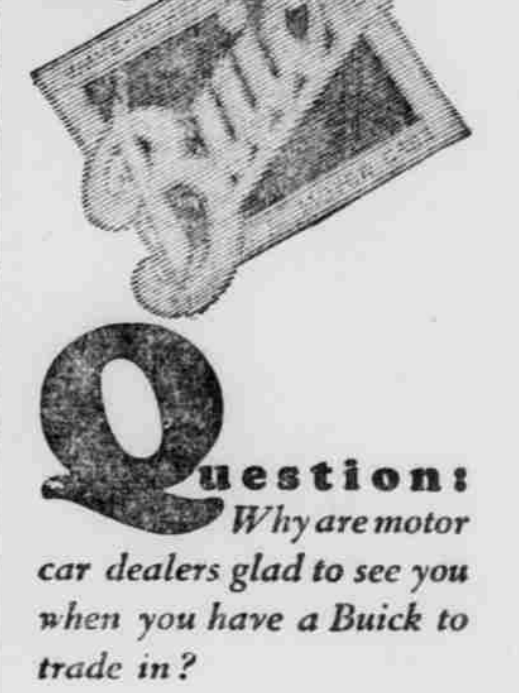

Mrs. Swanson had been a resident of Hamburg for a long period of years and was one of the best known and highly esteemed residents of that city. She is survived by the husband, two daughters, Hazel and Bessie, and three sons, Herbert of Plattsmouth, and Duane and Carl of Hamburg.

The funeral services will be held Saturday morning and the interment made at the Hamburg cemetery.

Corner 4th and Main Streets
PLATTSMOUTH, NEBR.

STATE GOLF CHAMP VISITS LOCAL COURSE

Sam Reynolds, State Title Holder, Mingles With Plattsmouth Golfers Yesterday.

From Thursday's Daily—
Yesterday afternoon, Sam Reynolds, state golf champion, while here to speak at the American Legion banquet, enjoyed the opportunity of visiting the course of the Plattsmouth Golf club and to play a few rounds for the edification of the local players as well as the tryout of the course.

Mr. Reynolds gave a fine exhibition of the famous Scottish pastime, going over the course twice in 32 and twice in 35. His drive and manner of playing was studied very closely by the local players who found a great deal of benefit in their observation of his work.

August Cloldt, Andy Moore, Ed Fricke, Dr. R. P. Westover and G. O. Dovey were among the local players going around with the champion and enjoying very much the chance to pit their skill against as clever a player as the state titleholder.

Mr. Reynolds was much pleased with the course and his playing gave the local players many important points on the game that they had not been familiar with before.

Spring Style Notes!

Action—Buoyancy—Spirit—Life

permeate and dominate the Spring styles. There's a youthful tenor—a free and easy charm that none may escape.
