Young Men Entertain Folks at the Home

From Wednesday's Daily—
Y. M. E. C. of the Methodist Church Journey Out to the Home Last Evening For Concert.

Last evening the members of the young men's Bible class of the First Methodist church journeyed out to the Nebraska Masonic Home and staged a most delightful concert and musical program for the benefit of the aged residents of the home and the staff of the employees there.

The evening was all musical, there being a large number of the old familiar songs given by the men that gave to the old folks all of the melodies of long ago and the more popular of the late selections, songs that always will live in heart and memory of those who have heard them and to the older people that carry special tender memories of incidents in their own lives.

During the evening there were solo numbers given by J. A. Capwell, J. P. Perry, Clifford Cecil, R. G. Campbell and C. H. Peden, which were most thoroughly enjoyed by all of the members of the party.

One of the special stunts of the evening was the specially given by J. A. Capwell and W. F. Huneke, which was a surprise to the members of the class as well as the old folks and delighted everyone.

There were also several instrumental numbers given as the members of the party had brought with them banjos and ukeleles that added to the pleasures of the members of the party and the audience of the well pleased residents of the Home.

The concert was held in the spacious parlors of the home and the doors over the building were opened so that those who were confined to their rooms by illness could enjoy the concert along with the more active of the members of the Home family.
