MOTHERS' DAY SPECIAL OBSERVANCE BY ARMY

Ceremonies at all Posts, Camps and Stations—Gold Star Mothers Are Invited.

Washington, April 24.—A nationwide demonstration by the army to express its affection and appreciation for the mothers of the soldiers of America has been ordered by the war department on Mothers' day, May 10.

Instructions to commanding generals of all corps areas and independent army commands, ordering them to arrange suitable ceremonies at posts, camps and other stations, were forwarded today by Major General Davis, adjutant general of the army.

Wherever practicable, the orders said, a ceremony by the personnel of the army in honor of attending and absent mothers should be held and the graves in post cemeteries where soldiers' mothers live shall be decorated. The commanding generals were instructed to issue invitations to mothers of soldiers to attend the ceremonies, and it was suggested that special invitations be presented to all gold star mothers who could be reached.

DECLARE WAR ON "SHEIKS"

Fremont, Neb., April 24.—Fremont has declared war on the "auto sheik" and all of the other species of "mashers." The "auto sheik" is the direct target since their number has grown to an alarming state. The situation is declared to be serious. Orders have been issued to police to arrest all offenders, hold them at the police station until they can be brought into police court. Police have advised girls to secure the license numbers of machines carrying "sheiks" and turn them over to authorities who will summon the "mashers."

SAMUEL GOLDWYN MARRIED

Jersey City, N. J., April 24.—Samuel Goldwyn, motion picture producer and Frances Howard McLaughlin, film actress, known as Frances Howard, were married Thursday by Judge Leo Sullivan in his office. After the ceremony they left for Los Angeles.

SEES SIX MILLION MORE DRAIN ON THE BANK FUND

Half of Sum will be Realized from Assets, Says Secretary Griggs—Two Groups at Fremont.

Fremont, Neb., April 22.—Over 2 hundred bankers attended the meeting of group two Nebraska Bankers association, in Fremont today. Sessions were held at Hotel Pathfinder and a big feature was the banquet for which plates were laid for 250, and a big feature was the banquet for which plates were laid for 250, and a big feature was the banquet for which plates were laid for 250.

The following officers were elected at the meeting: J. J. Vlasak, cashier of the Bank of Prague, president; J. Howard Helne, Fremont, vice president; Burt Phillips, Columbus, secretary-treasurer; J. N. Wyatt of Elkhorn is retiring president.

Must Keep Up Assessments Additional losses amounting to somewhat less than \$5,000,000 caused by sixty Nebraska banks now in the hands of the guaranty fund commission, and apt to come into their hands will have to be paid, it is expected out of the guaranty fund, said Kirk Griggs, secretary of trade and commerce, in an address here today before group No. 2. With the 9 million dollars already disbursed, this makes a total of approximately 15 million dollars deposited in failed state banks will have received.

As a partial offset to the drain the guaranty fund still has in prospect, Secretary Griggs stated that upwards of 3 million dollars will be realized from the assets of failed banks, thus returning to the fund half of the money which, it is expected, will be contributed in making a final clean up. It will be necessary, however, Mr. Griggs advised, that the bankers agree to keep making special assessments for the fund during the next two years in order to raise the 3 million dollars needed with the like amount to be realized from the assets.

Worst is Over

Of the 924 state banks remaining in Nebraska about 60 are in such poor shape that they have been taken over by the commission. Ultimately the depository obligations of these banks will have to be met out of the guaranty fund or by arranging consolidations with other institutions.

The worst is over, Secretary Griggs said, and what remains now is to liquidate the liabilities and realize upon the assets as rapidly as possible.

FLOYD COLLINS OUT OF HIS CAVE TRAP

Body of Underground Explorer Is Removed From Beneath Rock That Held Him Prisoner.

Cave City, Ky., April 22.—The body of Floyd Collins, cave explorer, who died from hunger and exposure when trapped in Sand cave late in January, today was freed from its natural underground prison and moved from the rock that pinned it to the ground to the bottom of the seventy foot shaft, W. H. Hunt, engineer of Central City, Ky., said early tonight.

The body was in good condition considering the time it had been exposed to the underground elements, Mr. Hunt said. He also announced that the corpse will be raised from the shaft to the surface at 9 o'clock tomorrow morning.

Examination of the rock that fell on Collins and pinned him in the death trap showed that it weighed only seventy-five pounds, Mr. Hunt said. Just after two workmen had succeeded in removing the body from under the small rock, the portion of the tunnel and lateral in which the body was found collapsed and fell from sixty to 100 feet into a pit directly behind the position where

HERRIOT AT HEAD OF CHAMBER AFTER STORMY MEET

Fist Fights in Lower House Upset President's Chair—Dens Silk Hat to Suspend Row.

Paris, April 22.—Edouard Herriot, former premier, was elected to the coveted presidency of the chamber of deputies today in one of the stormiest sessions ever staged there. He suffered a studied affront from the opposition, however, as M. Herriot was the only candidate who failed of election on the first ballot, his supporters lacking 13 of constituting a majority of the chamber membership, necessary for a quorum.

On the second ballot he stood 267 to 1, the negative vote, which was cast by M. Herriot himself.

Upset President's Chair First fighting is no novelty in the French lower house, but today the presiding officer expressed the greatest indignation that the deputies should carry their rioting into the rostrum itself, even upsetting the chair of the president, who immediately donned his silk hat as a signal that the session was suspended.

The session during the second balloting when Deputy Balanant charged 10 deputies had voted twice. Two socialist deputies attacked him and the fight became general.

The cabinet triumvirate, Painleve, Caillaux and Briand, face the senate tomorrow and will ask for a vote of confidence on the ministerial declaration presented yesterday.

Hostility to Caillaux M. Caillaux will appear before a body, half of the members of which sat in judgment upon him when he was sentenced to imprisonment and losing the new ministry to show. Though it is expected the senators will be reasonably peaceful there is no concealment that a strong hostility to Caillaux exists in the upper house.

The senate is credited with the intention of following tradition and leaving the new ministry to show definite plans and specific acts before it passes judgment. M. Caillaux' tactics in refusing to become involved in the controversy in the chamber yesterday over his past are taken as proof that he will confine himself to financial matters before the senate, if he speaks at all.

LEGIION NEWS!

A column appearing in the Daily Journal on Saturdays

The drum corps is coming fine. Bugles front and center, please! The big district convention is less than four weeks off.

Our post will be well represented at this all-day gathering May 21.

Regulation lettered caps have been ordered by the members of the drum and bugle corps.

They will be here in time to be worn in the Falls City parade and the boys will have greatly improved their playing ability also.

Legionnaires, don't forget it is up to us to back the building campaign financially if we expect to receive the liberal support of the general public. The campaign for subscriptions is now on among our own members and upon its success will depend the carrying of the date when the committee will be ready to go before the public with their request.

Plattsmouth needs the auditorium, and we are assured of very liberal support from 90 per cent of the business and professional men, but we too must aid the work by contributing as liberally as we can under the easy payment plan that has been worked out by the committee.

Meeting next Wednesday night at undercroft of St. Luke's church.

DE MOLAY UPHOLDS AMERICAN IDEAL

Kansas City, Mo., April 24.—A massing of De Molays throughout the United States to combat loss of law and order, will take place May 1, and continue throughout the month. A proclamation to that effect has been sent to the more than 1,400 chapters from the headquarters of the organization in this city.

May 1, chapters throughout the country will participate in patriotic parades, in flag exercises and in the night meetings which usually close the day's program. On the following days in May De Molay organization will hold a series of chapter reunions, wherein past and present members of the order will make practical application of the ideals taught by the citizenship course they have studied the last six months.

Young men who are not members of the order will be invited to participate in some of these meetings. They will be urged to join forces in upholding the laws of this country and to aid in the De Molay crusade for good government.

Frank S. Land, head of the order, has sent a personal letter to chapter advisors, asking their cooperation in making the Order of De Molay a strong factor in the promotion of Americanism.

NO RECESS APPOINTMENTS

Washington, April 24.—President Coolidge has practically abandoned the policy of making recess appointments of postmasters, allowing instead the filling of vacancies by appointment of acting postmaster by Postmaster General New.

PRESIDENT GOMES RESIGNS

Lisbon, Portugal, April 24.—The president of the republic of Portugal has resigned. President Gomes former Portuguese minister to England, has been prominent in public life in Portugal for years, and in 1922 he was elected president of Portugal. He is a journalist and author.

LABOR TANGLE IN THE UNION PACIFIC FORCES

Chicago, April 24.—A labor tangle which has developed within the organization of the Union Pacific railroad will be ironed out next Wednesday, when officials of the road and representatives of the steamship and railway clerks' organization will appear before the United States railroad labor board.

The question to be decided is whether the company union, conducted by the railroad, or the regular clerks' union shall be considered by the labor board as the official organization of the Union Pacific clerks.

When officials of the clerks' union appeared before the labor board several months ago and requested changes in certain rules, the railroad questioned the authority of the men to represent the clerks. The controversy has been hanging fire since that time.

HERRIOT AT HEAD OF CHAMBER AFTER STORMY MEET

Fist Fights in Lower House Upset President's Chair—Dens Silk Hat to Suspend Row.

Paris, April 22.—Edouard Herriot, former premier, was elected to the coveted presidency of the chamber of deputies today in one of the stormiest sessions ever staged there. He suffered a studied affront from the opposition, however, as M. Herriot was the only candidate who failed of election on the first ballot, his supporters lacking 13 of constituting a majority of the chamber membership, necessary for a quorum.

On the second ballot he stood 267 to 1, the negative vote, which was cast by M. Herriot himself.

Upset President's Chair First fighting is no novelty in the French lower house, but today the presiding officer expressed the greatest indignation that the deputies should carry their rioting into the rostrum itself, even upsetting the chair of the president, who immediately donned his silk hat as a signal that the session was suspended.

Hostility to Caillaux M. Caillaux will appear before a body, half of the members of which sat in judgment upon him when he was sentenced to imprisonment and losing the new ministry to show. Though it is expected the senators will be reasonably peaceful there is no concealment that a strong hostility to Caillaux exists in the upper house.

The senate is credited with the intention of following tradition and leaving the new ministry to show definite plans and specific acts before it passes judgment. M. Caillaux' tactics in refusing to become involved in the controversy in the chamber yesterday over his past are taken as proof that he will confine himself to financial matters before the senate, if he speaks at all.

DRAKE RELAYS TO BE BIGGEST EVER

Public Interest in Event Increases With Large Number of Entries.

Des Moines, Ia., April 22.—Sports notables of the country will begin to reach Des Moines in large numbers tomorrow for the Drake relay carnival Friday and Saturday. Scores of entrants and track and field enthusiasts already were here tonight.

Drake athletic officials declared tonight public interest in the relays was keeping pace with the record breaking entries and that the historic Drake stadium would be filled to overflowing when the 2,500 athletes representing universities, colleges and high schools line up for competition.

Failure of the officials to reach an agreement with Willie Ritola, the famous Finnish distance runner, for his appearance, has proved somewhat of a disappointment to the fans, but an attempt was being made to find another man to pace Joe Ray in the special race previously scheduled between Ray and Ritola.

The quarter mile university race and the 220-yard hurdles will be the outstanding events of the relays, while Harold Osborne, of the Illinois A. C., will attempt to better his world's record of 6 feet, 8 1/2 inches for the high jump.

The Kansas team, which negotiated the quarter in 42 seconds at Lawrence last Saturday, the Illinois team which was beaten by inches by the Jayhawks; Michigan, Wisconsin and Minnesota are other fast teams entered in the quarter mile Friday.

The 220 low hurdles will include Charles Brookings, low stars Dan Kinsey of Illinois and possibly the Olympic star, Morgan Taylor of Grinnell.

BUDGET DIRECTOR REGARDED AS OGRE

Chicago, April 22.—Herbert Lord, director general of the federal budget, feels himself looked upon in Washington as a sort of official ogre that sits on the government's cash box.

In his address before the Chicago Association of Commerce today, General Lord said his job was an unpopular one, but that the budget bureau pruned \$1,203,771,929 from the executive estimates.

"Hundreds of life and active organizations have been created to get money out of the federal treasury," General Lord declared.

"The bureau, however, created for the purpose of protecting the treasury, stands alone until at times the burden seems too much to bear."

"When a director of the budget becomes popular he should be dismissed immediately."

NO CAUSE FOR ANXIETY

Augusta, Ga., April 22.—The business situation of the country is "fundamentally sound" and need cause no anxiety since the menace of inflation has been removed by the conservative men, said the executive council of American bankers association, composed of 150 bankers from every state in the union today.

But in so far as our business prosperity has been the result of a revival of agriculture caused by undue diminution of crops in other countries of the world, the resolution sets forth, the effect is likely to be temporary, but in so far as it has been due to the rehabilitation of Europe and the liquidation of old indebtedness on the part of our agricultural population, the results attained are likely to be permanent.

Adoption of this resolution, refusal to reopen for discussion the questions of the association's attitude toward the practice of branch banking and launching of a movement for the creation of an endowment for economic scholarships in the principal colleges and universities marked the proceedings of the council today.

San Francisco, April 22.—Luigi Dellaria, fruit broker of this city and St. Louis was sentenced to a total of 930 years in the federal penitentiary today following his conviction on charges of violating the interstate commerce act. He was given five years on each of 186 counts. However, all but three of the terms are to run concurrently so that he will only have to serve 15 years in prison. In addition he was fined a total of \$25,000.

The judgment was pronounced by United States District Judge A. F. St. Sure. Dellaria had been on trial for 10 days. He ran afoul of the law by raising a alleged falsification of weights in bills of lading on shipments from California to eastern points in 1921.

England Alone Sends More Under New Law Than All South Europe.

Washington.—The new immigration law is working even better than congress hoped for in increasing the proportion of immigrants coming into the United States from northern Europe and decreasing immigration from southern Europe.

For the first eight months' operation of the new law, more than three-fourths of the immigrants came from northern Europe, and the number of aliens from that section who lift their shores was outnumbered more than two to one by immigrants departing for southern Europe.

Arrivals. More immigrants came from England alone than southern Europe combined. During that eight months 36,980 English came in. Germany ranked second with 32,318; Ireland, 26,632; Scotland, 19,154; France, 16,939; Denmark, 13,495; while 2,071 Dutch and Flemish; 838 Welsh and 453 Finns arrived.

During the eight months, 4,240 Italians came into the United States. Greece sent 627; Armenia, 351; Bulgaria, 231; Croatia, 324; Rumania, 298; Syria, 293; and Turkey, forty-seven.

Departures. During the eight months, 22,907 Italian aliens left the United States, while Great Britain, Germany, France, Scandinavia, Poland, Finland and the Netherlands combined had only 17,929 of their people to sail away from our shores.

Departure statistics also included: Greeks, 5,965; Rumanians, 965; Syrians, 309; Croations, 695; and Bulgarians, 1,121.

ALLEN EXONERATED BY THE CORONER'S JURY

Los Angeles, April 22.—A coroner's jury today exonerated Bobby Allen of any part in the death of Harry Simone, Boston boxer, who died here Saturday of concussion of the brain after he had fought Allen in a San Bernardino ring, the previous Thursday.

District Attorney George H. Hanson of San Bernardino county, said he would go over the records in the case to determine whether Simone's death came as the result of a blow or from something which he had eaten, which might have produced the ruptured artery in his brain that accompanied the concussion.

Allen, who is at liberty on his own recognizance, will have his preliminary hearing at San Bernardino April 25th.

PLEASED OVER NEW PLACE AT HEAD OF S. D. SCHOOL

C. W. Pugsley, head of the South Dakota school of agriculture at Brookings, spent Wednesday in Lincoln, and to his friends expressed his pleasure over the duties of his new position. Since he has been in charge the work of reorganizing the school has been going on until it is now fairly complete with men of his choice in the various places on the faculty.

The legislature treated the school very kindly. A third of a million dollars in new buildings was appropriated and a 10 per cent increase given for salaries and maintenance. A twenty thousand dollar appropriation for marketing was vetoed by the governor, politics entering into the deal, but the chief executive later expressed regret that he had used his blue pencil.

Mr. Pugsley reports a 20 per cent increase in attendance at the college since he took over its affairs.—State Journal.

John Ledgeway, Sr., departed this morning for Omaha where he will spend the day in that city visiting with friends and looking after some matters of business.

Have you anything to sell or buy? Then tell the world about it through the Journal Want Ad column.

GARDEN! LAWN! NURSERY!

WHAT AN ALIEN CAN AND CANNOT DO IN STATE

Law Permits Them to Follow Any Occupation which Does Not Require Oath of Allegiance

Many things an alien can do and cannot do in Nebraska have been listed by Assistant Attorney General Short in reply to questions from a foreign language information service bureau in New York. His answers show that an alien cannot vote, that he formerly could after declaring an intention to become a citizen. An alien can own land only conditionally and for a short period.

An alien cannot carry fire arms in this state, but he may obtain a license to hunt and fish. He can follow any occupation that does not require an oath of allegiance to the United States. Therefore he may be a public accountant, an architect, but he cannot become a teacher, nor serve on a jury nor on the police force to enforce laws of the state.

The only thing a declarant, or one who has declared his intention to become a citizen, can do that an alien outright cannot do, is to join the militia or Nebraska national guard.

It is the belief of the attorney general that an alien cannot become an attorney. The state bar commission will not permit an alien to take an examination for admission to the bar. He might become a druggist, or physician or surgeon or a registered nurse, if he can comply with the state law which fixes qualifications, some of them being educational in nature which must be acquired in this country.

An alien may be employed upon public works or at any ordinary labor, but he cannot accept appointment to any public office or official position created by the laws of this state.

There is no express provision for aliens in the workmen's compensation law and no court decision as to whether an alien or his dependents, whether residing here or in a foreign country, can receive compensation for an industrial injury.

Section 5687 of the statutes prohibits an alien from owning land within this state or any leasehold extending beyond a period of five years, except as to the widow and heirs of aliens who acquired lands prior to March 16, 1889. In the latter event they may hold the lands for a period of ten years and no longer, within which period they must sell as otherwise the lands revert or escheat to the state. It also provides that any resident alien may acquire title to lands by devise or descent only provided such alien shall be required to sell the property within five years from the date of acquisition, and if he fails to dispose of it, it reverts to the state. No exceptions are made in favor of a declarant.

An alien is probably not entitled to draw a mother's pension under the state law.

TWO FARMS FOR SALE

Eighty acre farm, small improvements, located 3 1/2 miles west of Elmwood. All in cultivation. Price \$140 per acre. Also well improved eighty located 5 miles north and 1/2 mile west of Elmwood. 1 1/2 miles southwest of Murdock. Price \$19,000. If sold before May 15th. Enquire. Arthur Bornemeyer, 1829—South 25th St. Lincoln, Neb. A25-25wM

Mrs. Cyril Kallia and children, Betty and Edward, departed this morning for Omaha where they will spend a few hours looking after some matters of business and visiting with friends.
