

## Alvo Department

Wm. Stewart is sinking a well for Elmer Klyver, to supply water for the stock, which has not been any too plentiful during recent dry seasons.

W. A. Davis was at Weeping Water last Wednesday attending the meeting of the Odd Fellows and was accompanied by his daughter, Mrs. Frank E. Cook.

John Wood, the merchant, was a visitor in Lincoln last Wednesday, where he was looking after some business matters in connection with his store in Alvo.

Eddie Craig, the barber, and John B. Skinner, the dependable truck driver for the Coatsman Hardware company, were visiting and attending services in Lincoln last Sunday.

Frank L. Edwards, who farms the Wm. Casey place southwest of Alvo, began the planting of his corn on Monday of this week and we have visited the farm recently, will say that he has the ground in very good condition.

Mrs. G. P. Foreman was very ill at her home near Alvo for a number of days last week, and the two sons living at Valparaiso, Albert and George, were called, telling them of the very severe illness of their mother.

G. P. Cook was down from Lincoln last Wednesday and was looking after some repairing which he has been needing some work for some time and Mr. Cook has at this time found time to look after the matter.

Messrs. Floyd Deickerson and John Woods, merchants of Alvo, in an endeavor to keep the village and the surrounding country from being too fresh, have purchased a car load of salt which they have received and which was unloaded at their respective places last week.

Uncle George Cook, while working about the home, accidentally stepped on a board with a nail in it, and the latter penetrated his foot, causing a lameness for a time, but Uncle George says that it takes more than a little nail to stop him and he is getting around though at a less rapid pace.

Lester Parmenter, of Lincoln, was a visitor in Alvo one day last week, coming down to visit with his brother, Robert Parmenter and wife for a short time. Robert and wife, formerly Miss Violet Ough, have just moved to Alvo from Missouri, where Mr. Parmenter has been attending a vocational school.

John Westley Banning and wife were visiting last Sunday at the home of Harry O'Donnell and mother, who are brother and mother of Mrs. Banning and also at the home of Mr. Banning's mother as well. They found the day fine, the way beautiful and the journey safe, that is without a puncture or running out of gas.

A car load of young people of Alvo and vicinity were enjoying a visit last Sunday at Union, where they were guests at the home of Mr. and Mrs. R. E. Uhley, who recently without a puncture or running out went to Union to reside, and where Mr. Uhley is operator for the Missouri Pacific railroad. They were in the merry party, George Coatsman, Miss Bessie Nickel, Harold Nickel and Marguerite McCarthy. They enjoyed the ride and the visit very much.

Simon Rehmeier and the family were in Weeping Water on last Wednesday, where they were visiting with friends and also attending the district meeting of the I. O. O. F., which was in session at the Hub of Cass county for the day. There were a goodly number of these strange people called Odd Fellows in Weeping Water that day and they were having an excellent time, as testified to by both Mr. Rehmeier and wife, they both being members of the fraternity.

Ernie Friend has been planting corn. The history of the farming game in this part of the country has been that it is a little early for planting the yellow kernel, but with the advanced spring which has come to us this time, and the condition of the weather seems to justify the getting of the crops in early. Anyway, it is early enough to plant again in case this should be too premature. However, many are expecting to begin their planting during the early portion of the week.

### Will Present "Articania."

Under the direction of the teachers having in hand the instruction of the grades of the Alvo schools, the pupils have been trained in the matter of an operetta known as "Articania," which will be given at the auditorium of the Alvo schools on April 30th. This is a worthwhile entertainment and the pupils have been putting considerable time on

it and it will pay all to be present and enjoy this excellent entertainment.

### Both Very Sick

Arthur Dingus, the genial automobile man, and his excellent wife, have for the past week or ten days been having a very severe time with the flu, which kept them both at home and in bed for a number of days. On Wednesday of last week, Art had lambasted the disease to the extent that he was able to be up and was down to the shop for a few moments, and then went back to care for the wife, who had not gotten along as well as he, they both however are on the mend, which is very pleasing news to their many friends.

### Sure Business is Good

That is what R. M. Coatsman tells us, and he has been supplying the farmers with the latest and most approved machinery for farming. Last week when John Skinner took a load of stock to the market at South Omaha, Roy accompanied him and they both went to Council Bluffs, from where they brought back with them a truck load of farming machinery for the farmers here which had been sold in advance.

### Ship Car of Wool

Last week a wool buyer was in Alvo and notwithstanding it would seem few sheep are kept in this vicinity, he was able to purchase and ship from this place a car load of wool.

### The Free Movies

The free movies which are being furnished by the business men of Alvo, and which are staged on every Saturday night are being well attended and highly appreciated. The one which is to be presented this coming Saturday night will be of a comical nature, "One Spookley Night," which is well worth the while, and the regular play will be "The Way of Man."

### Women's Reading Club Meets

The Women's Reading club of Alvo met at the home of Mrs. H. D. Richardson Thursday afternoon, April 23.

The program was on prohibition. Mrs. M. M. Claffin of University Place was present and gave a very interesting address on prohibition. After which very dainty refreshments were served. The meeting adjourned to meet at the church May 7 for a Mother's day program.

### WILL UNDERGO OPERATION

From Thursday's Daily—Last evening Sam Giventer returned from Omaha, where he accompanied his little daughter, Emma, who was placed in the Clarkson hospital for treatment and an operation. Mr. Giventer and wife found that the little one was suffering from a mastoid that had been bothering her for some time and which will have to be removed through an operation. The operation is of a very serious nature and the family have been greatly worried over the outcome of the ordeal. Mr. Giventer was in Omaha today again to be with the little one as it was thought last night that the operation might have to be performed today.

### Black Mare Strayed.

Strayed from my farm, 4 miles east of Manley, one black mare, weight 1,000. Any information of her will be appreciated very much. CHARLES MAJORS, Weeping Water Neb.

### MRS. RAINEY VERY LOW

From Friday's Daily—The condition of Mrs. Isabel Rainey, aged resident of this city, and one of the early settlers here, continues very poorly and the patient seems to be gradually sinking and giving little hope of her recovery. Mrs. Rainey has been quite poorly for some weeks past and while it has been hoped by the members of the family that she might show improvement, this condition has not developed and now there is but little hope for her recovery entertained by the family. Robert Mapes, of Omaha, a grandson, and Floyd Rainey, of Florence, are now here to be with other members of the family at the bedside of the aged lady.

### SEED CORN FOR SALE

About 10 bushels St. Charles white seed corn, picked before the frost came; will test 98 per cent. JAMES EARHART, Murray, Nebr.

Blank books at journal office.

## Now to Farming!

Sure we have the machinery—Plows, Listers, 2-Row Machines, Cultivators and things you want. John Deere or International line.

House Paints, Interior and Floor Varnish, Hardware, Fencing and anything wanted on the farm.

## The Coatsman Hardware Co.

ALVO NEBRASKA

## After Every Meal

Pass it around after every meal. Give the family the benefit of its aid to digestion. Cleans teeth too. Keep it always in the house.

Costs little—helps much.

WRIGLEYS

## ELMWOOD HAS SEVERE ELECTRICAL STORM

Vicinity of Cass County Town Scene of a Disturbance That Cause a Great deal of Fear.

On Saturday evening about nine o'clock lightning gave a number of our residents a little scare and also did some damage to glass windows. Fred Fleischman can possibly tell you more about this than anyone else. He had just gotten home with his car, having hastened home to keep out of the rain and was just closing the door to the building when the crash came. He was rendered partially unconscious and staggered around a little before he regained himself. The bolt had struck a pole a short distance away. John Kunz who lives across the road from the Fleischman place said that they felt the effects of the crash. Down town the concussion was sufficient to break a window on the west end of the Elmwood State Bank and also one in the west end of the Lee Coon Garage. It is hard to tell just why these glasses were broken unless they fit very tightly in the frame. At the Wilson Oil & Gas Co. station Mr. Wilson and Oscar Tracy were hanging up the day's business and the tell of the crash as being terrific—the building seemed to shake, the air was filled with the electric flash and particles of sand fell from the ceiling. Willard Clapp stated that the crash seemed to be electric in its place. He was reading by the light of a reading lamp at the time. He said that this light was put out and he sure thought for a minute that something real had happened. No other electric bulbs were effected in the house. Many other experiences are told by others.

It started raining and hailing that evening and kept it up for a short time. The lightning crash is explained by many in this way. The whole atmosphere seemed to be electrified and this was followed by a dull whack presumably the report after the lightning had struck. It is the opinion of some that lightning had struck in several places in town. When it began to rain the town was full of cars and all immediately started for home and there was much purring of motors mingled with the noise of the storm.—Elmwood Leader-Echo.

## POPULAR YOUNG COUPLE ARE JOINED IN WEDLOCK

The wedding of George Kraft and Miss Manda Lau occurred last Sunday afternoon at the Evangelical Lutheran church at 3 o'clock, the pastor, Rev. Theodore Hartman, officiating at this solemn ceremony that unites two of our best families. The bride and groom were attended by Anna Lau, sister of the bride, and William Kraft, brother of the groom. The bride was handsomely attired in a gown of sand color Canton crepe becoming fashioned and she carried a bride's bouquet. Her bridesmaid wore a gown of blue Canton crepe which was beautiful and becoming and the bridal party looked very pretty as they marched up the aisle and took their places. After the ceremony, a wedding dinner was served at the home of the bride's parents, Mr. and Mrs. Ferdinand Lau, of Murray. The bride is their fourth daughter and is a young woman of many accomplishments and will make an excellent helpmate. The groom is the second son of Mrs. Anna Kraft. He is well known and is a young man of splendid business ability and is industrious and highly respected. Both of these young people enjoy a wide circle of friends among whom they are very popular. Only the immediate families of the contracting pair were invited to the wedding and to the dinner. They will go at once to housekeeping on the farm owned by Mrs. Casper Lange, of Pleasant Dale.—Louisville Courier.

## FOR OVER 40 YEARS

HALL'S CATARRH MEDICINE has been used successfully in the treatment of Catarrh. HALL'S CATARRH MEDICINE consists of an Ointment which quickly Relieves by local application, and the Internal Medicine, a Tonic which acts through the Blood on the Mucous Surfaces, thus reducing the inflammation. Sold by all druggists. F. J. Cheney & Co., Toledo, Ohio.

Buy your ink and pencils at the Bates Book and Gift Shop.

## REAL PIONEER RESIDENT OF CASS COUNTY

Mrs. Margaret Osenkop of Louisville Was One of the Old Time Residents of This County.

The passing of Mrs. Margaret Osenkop of Louisville has removed from the life of the county one of the oldest residents and one who was universally loved and respected in the vicinity of Cedar Creek and Louisville where she has made her home since 1858, when as a child, she came to Nebraska to make her home and where she remained a faithful wife, a loving mother and a devoted friend, whose passing leaves a place hard to fill in the circles of her family and friends.

The funeral was held on Wednesday a well-attended funeral service in the church of which the deceased had long been a member and was conducted by the Rev. David Simpson, pastor of the church. There was a very large attendance of the old friends and neighbors to share with the family the grief that death has brought to the midst. The interment was at the River View cemetery where sleeps the departed husband and one son.

Mrs. Osenkop's maiden name was Margaret Reichart. She was the daughter of the late George Reichart. She was born in Ohio, December 11, 1850, and came to Nebraska at the age of 8. They resided on a farm at Cullom, later moving to this vicinity.

She was married May 14, 1868, to William Osenkop. To this union eight children were born, the first child, a daughter, Katherine, passing away in their early married life, and the son, William, in 1910. Her husband departed this life in the year 1895. Six children are left to mourn the passing of a faithful and devoted mother whose greatest joy and happiness was found with her children and their families. Mrs. Osenkop also leaves four brothers, they being Dr. Martin Reichart, of Louisville, and Godfrey Reichart, of Ulysses, who was a member of other relatives and a host of friends.

The children are August, George, Carrie and Mabel Osenkop, Mrs. Robert McCarty and Mrs. Walter Blake. All live in Louisville.

## WIND STORM HITS NEBRASKA WEDNESDAY

Kearney, Norfolk, Hastings and Other Towns Report Very Heavy Winds.

Kearney, Neb., April 23.—Following a day of high temperatures which attained a maximum of 82 degrees, central Nebraska was hit by a terrific wind and rain storm Wednesday evening. Many small houses were demolished and big trees were snapped off. A stone facade on the high school building was crumpled with a loss of about \$500. The Kearney school was slightly damaged. Hail which caused no damage fell in this vicinity. An average of one inch of rain is reported as having fallen over the entire Platte valley.

Omaha, April 23.—After setting a new 1925 high temperature record by reaching 89 degrees Wednesday, the mercury dropping to 68 this morning following a shower. Reports from outside indicate considerable damage was done by heavy winds. Violent storms swept the northern, central and western portions, demolishing small buildings and blowing roofs from houses. Heavy damage to farm buildings and telephone lines were reported.

Norfolk, Neb., April 23.—A series of small twisters visited Norfolk and several nearby towns at 8:30 p. m. Wednesday, unroofed houses, blew down garages, barns and outbuildings, tore huge branches from trees and, according to early reports reaching here, killed and injured some livestock. So far as could be learned no lives were lost and there was no report of serious personal injuries.

In Norfolk the storm struck the southwest part of town causing considerable damage to trees and out-houses and a few garages. Outstate towns reported early this morning: Battle Creek—Several trees chimneys and outbuildings blown down.

Pierce—Several barns blown down killing five head of horses; four horses killed by lightning and some livestock. So far as could be learned no lives were lost and there was no report of serious personal injuries.

Fullerton—Barn two miles east of town blown down together with other farm buildings. Telephones between Norfolk and Battle Creek out of commission during the early morning.

Hastings, Neb., April 23.—Wind that accompanied .67 of an inch of rain caused widespread damage here last night. The west eighty feet of the receiving sheds of the Burlington freight house was unroofed. The roof of the condenser house of the Ode cold storage plant was carried one hundred feet and deposited on the Hastings Fruit company building, where it destroyed a chimney and broke a fire wall.

At the A. J. Mills farm a miniature twister toppled over a large chicken house, upended several hay stacks and damaged horse and hog barns.

James Rebal departed this morning for Omaha where he was called by the illness of his sister, Miss Josephine Rebal, who has been ill for several days and who is being taken to the hospital today.

## Cylinders in line or "V" type Motors perform better with BALANCED GASOLINE

FOUR, six, eight or twelve cylinders, arranged in line, opposed or V type, can only develop their full rated power and show their range of power flexibility when gasoline vaporizes properly and burns up quickly and completely.

Red Crown—the balanced gasoline—is built up to do all of these things. It vaporizes evenly and has ample low boiling point fractions to insure quick-starting motor. It also has the slightly higher boiling point fractions which are necessary to develop continuous pressure to the end of the stroke—maximum power and speed.

This desirable combination enables your motor to operate at high efficiency on a lean, clean-burning, economical mixture. Once adjust your carburetor for Red Crown—the balanced gasoline—and your motor picks up quickly, has strong acceleration and shows big mileage per gallon. Red Crown is uniformly high quality motor fuel wherever you buy it—and you can get it even in the smallest towns of Nebraska.

Get the good habit of turning in at the nearest Red Crown Service Station when you need gasoline, motor oil, air for your tires or water for your radiator. You will receive prompt obliging service and full measure of uniform, high quality motor fuel and the proper grade of Polarine to give your engine protective lubrication.

### ASKS FOR DIVORCE

From Friday's Daily—Action was filed today in the office of the clerk of the district court by Mrs. Amelia Wynn against William H. Wynn, in which the plaintiff asks for a decree of divorce from the defendant. The charge preferred is that of cruelty and the plaintiff also asks for a restraining order against the defendant from molesting her in any shape, manner or form. In the petition it is also stated that Mr. Wynn, the defendant, possesses real estate valued at \$5,000 and personal property consisting largely of stocks and bonds valued at \$45,000. The plaintiff asks that the court grant her a suitable amount of

alimony. The plaintiff is represented in the cause of action by a firm of Omaha attorneys.

### SWEET CLOVER SEED

Not too late to sow strong germination high quality Sweet Clover seed. Another shipment due to arrive at \$7.50 per bushel. Tested by Nebraska state analysis, 92 per cent germination, purity 99.5 per cent.—W. F. Nolte, Mynard. a15-d&w

### ATTEND WEDDING IN OMAHA

From Monday's Daily—This morning, Mr. and Mrs. James Kahoutek, Sr., Mrs. Tim Kahoutek and Miss Stacey Warga departed for Omaha where they will attend the wedding of Miss Agnes Kahoutek, daughter of Mr. and Mrs. James Kahoutek, Jr., which occurs at one of the South Side churches. The bride is a former resident of this city.
